Our new catalogue for 2023

Mires Beck Nursery is a Registered Charity with the primary aim of providing horticultural training and work experience for people who have a learning difficulty or disability. Our constant aim is that all who come to the nursery will enjoy and benefit from being involved in a productive, therapeutic and creative work environment. Our experience has shown that people who are involved in the wide range of activities undertaken here develop practical and social skills and grow in confidence and self-esteem.

An extensive range of plants are grown at the nursery including herbaceous perennials, wildflowers, shrubs and herbs. Everyone coming to Mires Beck is involved in the production and care of these plants. Every aspect of the plant's production is carried out by hand by our trainees. This includes propagation, potting up and weeding. Before being sent out for sale our plant preparation team collect the orders, clean and label each plant individually before putting in marketing trays for delivery. We take great pride in the quality of our plants, displays and presentation which is why customers come back.

Our plants are grown outside all year long in peat free compost with a slow release feed. Plants for sale are grown in recyclable taupe pots with recyclable labels. We are fully compliant with the plant passport regulations and can supply documentation in an easily accessible format for your records as well as labelling the plants.

At Mires Beck we continually assess which plants are performing well and watch the market place carefully to see which plants are in fashion. We have discontinued plants that we feel do not perform well and taken the opportunity to introduce new and exciting varieties. The new plants are listed at the front of the catalogue and are highlighted in green text throughout. The catalogue is compiled alphabetically and details pot size, flower colour, height and whether the plant has been awarded the RHS Award of Garden Merit.

As part of our service to garden centres we offer pre-priced and bar-coded labels. Our labels have full colour pictures, plant descriptions and planting information. Throughout the summer we offer a weekly availability list and regular delivery routes. In order to keep things simple our plants are priced according to pot size and colour rather than variety.

PRICES: Our prices for 2023 are shown below:

All Prices plus VAT at the current rate.

Tray	10 x 1 litre - Taupe	£16.20	(£1.62 each)

Perennials

A

Acanthus 'Tasmanian Angel'

Green 2L Pink, White, Yellow 1.5m

A tall herbaceous perennial with dark green leaves and erect flower spikes. This cultivar is less vigorous with touches of yellow on the flowers as they emerge.

Acanthus 'Whitewater'

Green 2L Pink, Cream 1.5m

A dramatic selection of this genus which has variegated leaves in cream and green with funnel shaped flowers in pink and cream appearing on tall bracts.

Achillea 'Fanal'

Taupe 2L Red 75 - 90cm

An ideal plant for the back of the border this Achillea produces large flat clusters of red flowerheads held on tall stems above fragrant fern like foliage. Good for cut flowers.

Achillea 'Moonshine'

Taupe 2L Yellow 45 - 60cm ✓

An ideal plant for the back of the border this Achillea produces large flat clusters of yellow flower heads held on tall stems above fragrant fern like foliage. Good for cut flowers.

Achillea 'Skysail Yellow'

Taupe 1L Yellow 30cm

Perfect for a herbaceous border, Achilleas are easy to care for and drought tolerant. Skysail Yellow has fern like green foliage above which flat heads of bold yellow flowers are produced. Great as a cut flower.

Achillea 'Strawberry Seduction'

Taupe 2L Red 60cm

Perfect for a herbaceous border, Achilleas are easy to care for and drought tolerant. Strawberry Seduction has fern like green foliage above which flat heads of tiny red flowers are produced. Great as a cut flower.

Achillea 'Terracotta'

Taupe 2L Orange up to 1m

A fabulous variety with grey green fern like foliage above which flat heads of tiny individual terracotta flowers are held. The flowers are long lasting and eventually fade to a soft yellow.

Achillea 'Walther Funcke'

Taupe 2L Orange 30 - 60cm

An ideal plant for the back of the border this Achillea produces large flat clusters of orange-red flower heads fading to creamy yellow held on tall stems above fragrant fern like foliage. Good for cut flowers.

Actaea pachypoda 'Misty Blue'

Green 2L White 60cm (24inch)

A shade loving perennial with upright stems carrying bluish, slightly silver green foliage. In spring plumes of fluffy creamy white flowers open. These are followed by clusters of white doll's eye berries which are held on red stems.

Agapanthus 'Big Blue'

Taupe 2L Blue up to 1m

A clump forming perennial with strap shaped leaves. Large blue funnel shaped flower heads are held on erect stems.

Agapanthus 'Summer Love'

Green 2L Blue 70cm

This compact Agapanthus is great for containers. Masses of trumpet like azure-blue flowers are held on strong stems above strappy green leaves.

Agastache 'Black Adder'

Taupe 1L Purple 90cm (36inch)

A wonderful plant for attracting bees and butterflies to the garden. It has aromatic fresh green leaves above which spikes of violet flowers are held. The flowerheads last well into the autumn and winter providing winter interest.

Plant	Pot Size	Flower	Height	AGM
<i>Agastache</i> 'Blue Boa' Agastache are great for attracting bees, butterflies and other beneficial insects to the garden. Blue Boa produces spikes of stunning deep violet blue flowers held over deep green foliage. They are Drought tolerant so great for borders and containers.	Taupe 1L	Blue	60cm	
<i>Agastache rugosa</i> 'Golden Jubilee' A striking plant with attractive golden yellow foliage, above which spikes of violet-blue flowers are held during summer.	Taupe 1L	Purple	upto 60cm	
<i>Ajuga</i> 'Black Scallop' Ajuga are great for providing Autumn foliage colour in planted containers and at the front of the border. This variety has shiny black bronze leaves. In late Spring short blue flower panicles appear above the foliage.	Taupe 1L	Blue	12cm	
<i>Ajuga</i> 'Gold Chang' An unusual Ajuga which has lime/yellow leaves with pale pink flowers in early Spring. This herbaceous perennial is low growing and great for ground cover	Taupe 1L	Pink	15cms	
<i>Ajuga</i> 'Rainbow' Perfect for providing colourful ground cover in a shady corner. The rounded leaves are streaked and spotted with bronze, yellow, pink and cream. Spike like whorls or deep blue flowers are produced in spring.	Taupe 1L	Blue	20cm	
<i>Ajuga reptans</i> 'Chocolate Chip' An attractive ground cover plant with dark green foliage overlaid with chocolate brown. In spring short attractive spikes of blue flowers appear.	Taupe 1L	Blue	10 - 15cm	
<i>Alchemilla mollis</i> A very useful ground cover plant forming a neat clump of attractively lobed leaves which look especially good after dew or rain when droplets of water are held on the leaves. Masses of yellow flowers throughout summer. Cut back after flowering for a fresh flush.	Taupe 1L, Taupe 2L	Yellow	30 - 60cm	✓
<i>Alstroemeria</i> 'Inca Goal' Perfect for cut flowers and suitable for containers and borders. Alstroemeria are exotic looking perennials. This variety has heavenly pink funnel shaped flowers with golden blushes at the centre. Flowers continuously from June to November.	Green 2L	Pink	50 cm	
<i>Alstroemeria</i> 'Inca Magic' A showy perennial with large brightly streaked flowers. 'Inca Magic' carries white blooms with central pink and yellow splashes, burgundy streaks and long red stamens. Great for cut flowers and ideal in a border or container.	Green 2L	White	80cm	
<i>Alstroemeria</i> 'Inca Sundance' Alstroemeria are grown for their bright attractive showy blooms which flower freely in the garden or in pots. They are perfect for cut flowers. The flowers are funnel shaped and carried in clusters. 'Inca Sundance' is a beautiful creamy yellow with distinct brown markings in the throat.	Green 2L	Yellow	30cm	
<i>Alstroemeria</i> 'Inca Sweety' Alstroemeria are grown for their bright attractive showy blooms which flower freely in the garden or in pots. They are perfect for cut flowers. The flowers are funnel shaped and carried in clusters. 'Inca Sweety' is a beautiful creamy white with dark pink throat with yellow.	Green 2L	White	30cm	
<i>Amsonia</i> 'Blue Ice' Easy to grow and look after Amsonia has willow like leaves and forms a dense cluster of foliage. Above which in late spring beautiful blue star-shaped flowers are borne in clusters at the end of each stem.	Taupe 2L	Blue	up to 50cm	

Plant	Pot Size	Flower	Height	AGM
<i>Anchusa azurea</i> 'Loddon Royalist' Herbaceous perennial with coarsely hairy stems and leaves. Azure like small blue flowers are borne on erect, branching stems. Enjoys a sheltered sunny position in well drained but moist soil, will tolerate part shade.	Taupe 2L	Blue	Up-to 1m	
<i>Anemone</i> 'Little Breeze Kiss' A dwarf, upright Anemone with deep green foliage and single dark pink flowers.	Taupe 2L	Pink	55cm	
<i>Anemone</i> 'Little Breeze Sweet' A compact variety of Anemone with deep green foliage and masses of double bright pink flowers.	Taupe 2L	Pink	40cm	
<i>Anemone</i> 'Prinz Heinrich' This attractive Japanese Anemone is one of the longest flowering perennials which has semi-double rose pink saucer shaped flowers. It flowers late into the Autumn and looks particularly good with grasses in a natural setting.	Taupe 2L	Pink	70cms	
<i>Anemone hupehensis var japonica</i> 'Pamina' A great addition for the late summer border. 'Pamina' produces large double, cup shaped pink flowers above deeply cut deep green leaves.	Taupe 2L	Pink	up to 90cm	✓
<i>Anemone sylvestris</i> This plant has beautiful rounded and deeply lobed leaves above which are single white flowers held on long stems. Flowers early summer. Prefers a well drained soil.	Taupe 2L	White	30 - 50cm	
<i>Anemone x hybrida</i> 'Honorine Jobert' A delightful late summer flowering cultivar. It has bold lobed leaves above which sit pure white flowers on airy stems.	Taupe 2L	White	50 - 120cm	✓
<i>Anemone x hybrida</i> 'Queen Charlotte' A vigorous Anemone with green lobed leaves. In summer on airy stems large bright pink flowers are produced.	Taupe 2L	Pink	80 - 125cm	✓
<i>Anthemis tinctoria</i> 'E.C. Buxton' Masses of lemon yellow flowers produced over a long period make this an excellent choice for the border. Flowers last well when cut.	Taupe 1L Taupe 2L	Yellow	40 - 60cm	
<i>Anthemis tinctoria</i> 'Lemon Ice' A lovely bushy perennial with creamy yellow daisy like flowers and a bright yellow centre. this plant has green, finely dissected leaves, which are slightly aromatic if crushed.	Taupe 1L Taupe 2L	Yellow	45cms	
<i>Aquilegia</i> 'Black Barlow' A great plant for the early summer border and good for cut flowers. Black Barlow is a double flowered variety with stunning rich deep purple, almost black petals. The flowers are held on spindly upright stems above bushy grey-green foliage.	Taupe 1L	Purple	50cm	
<i>Aquilegia</i> 'Red Hobbit' A compact variety with deeply divided blue/green leaves. Bright-red flowers with a white corolla are held on long stems above the foliage.	Taupe 1L	Red	45cm	
<i>Aquilegia vulgaris</i> 'Winky Wooh' A good cottage garden favourite ideal for pots and containers. 'Winky Wooh' produces heads of small double, red and white flowers on tall stems above attractive lacy foliage. Flowers from May to June	Taupe 1L	White, Red	up to 45 cm	

Plant	Pot Size	Flower	Height	AGM
<i>Armeria maritima</i> 'Morning Star Deep Rose' A compact low growing perennial that forms a cushion of green with stems of bright pink pom pom like flowers over a long season from Spring through to Summer.	Taupe 1L	Pink	15-30cms	
<i>Armeria maritima</i> 'Morning Star White' A compact low growing perennial for growing at the front of a border or in the rockery/gravel bed. Forms a cushion of green with stems of white pom pom flowers which last a very long time and attract pollinators	Taupe 1L	White	15-30cms	
<i>Artemisia</i> 'Powis Castle' Grown for its aromatic silver foliage this shrubby perennial is ideal for a sunny border. It has fine, feathery silver foliage with tiny yellow flowers in late summer.	Taupe 2L	Yellow	60cm	✓
<i>Artemisia schmidtiana</i> 'Nana Attraction' A fabulous addition to the rock garden or front of a border. It forms a cushion of feathery silver-grey foliage.	Taupe 1L		15cm	✓
<i>Aruncus diocius</i> A good plant for the back of the border. In early summer beautiful plumes of feathery white flowers are produced above toothed mid-green leaves.	Taupe 2L	White	1.5 - 2m (4 - 6ft)	✓
<i>Aster</i> 'Twilight ' Syn Eurybia x herveyi An easy-to-grow perennial great for late summer/autumn colour in the herbaceous border. Its spreading stems produce loose sprays of delicate pale blue daisy-like flowers from August through to October. A superb variety that will flower for months and is totally mildew free.	Taupe 2L	Blue	60cm	
<i>Aster dumosus</i> 'Island Bahamas' A compact variety ideal for use in a container or border. Rose pink daisy like flowers are carried on upright green foliage.	Taupe 1L	Pink	30cm	
<i>Aster dumosus</i> 'Island Barbados' A compact variety ideal for use in a container or border. Violet blue daisy like flowers are carried on upright green foliage.	Taupe 1L	Blue	45cm	
<i>Aster x frikartii</i> 'Monch' A traditional Aster for the back of the border. It has a long flowering season and should not require staking. It has lavender-blue single daisy like flowers.	Taupe 2L	Blue	90cm (40inch)	✓
<i>Astilbe chinensis</i> 'Visions in Red' A long flowering dark red variety with an upright habit. It forms a mound of dark green foliage from dark purple stems. During late spring to summer dark purplish red flower plumes are produced at the top of the stems.	Taupe 2L	Red	60cm	
<i>Astilbe chinensis</i> 'Visions Inferno' A vigorous and drought resistant Astilbe. It has strong green foliage and in summer carries plumes of pink flowers. The flowers fade from pink to green extending the season of interest into Autumn.	Taupe 2L	Pink	60cm	
<i>Astilbe japonica</i> 'Etna' A compact Astilbe with deeply divided dark green foliage, above which plumes of vivid red flowers are held. Fantastic for brightening up a shady space.	Taupe 2L	Red	60cm	
<i>Astilbe simplicifolia</i> 'Sprite' In summer pale pink sprays of flowers on arching stems are held above glossy dark green deeply divided leaves.	Taupe 2L	Pink	up to 45cm	✓
<i>Astilbe x arendsii</i> 'Bressingham Beauty' One of the taller varieties of Astilbe and ideal for a moist spot. Feathery pink plumes appear above serrated mid-green leaves in July.	Taupe 2L	Pink	60 - 90cm	

Plant	Pot Size	Flower	Height	AGM
<i>Astilbe x arendsii</i> 'Diamant' A fine plant for a moist shady situation. The divided foliage is tinted bronze in spring turning to green. In early summer dense sprays of white flowers are held above the foliage.	Taupe 2L	White	90cm	
<i>Astrantia</i> 'Roma' A long flowering variety of Astrantia. It has delicate soft-pink flowers held above deeply lobed foliage.	Green 2L	Pink	75 - 100cm	✓
<i>Astrantia major</i> 'Star of Billion' Great for use as a cut flower but also a nice garden plant. It produces masses of pin-cushion like flowers in clusters on straight, much-branched stems. They open pale green, change to pale pink then finally to white.	Green 2L	White	45 - 75 cm	
<i>Astrantia major</i> 'Venice' A popular perennial for a shady spot in the garden. It has palm like green leaves at the base of the plant. On wiry stems tight posies of deep ruby flowers are surrounded by long lasting bracts.	Green 2L	Red	50cm	

B

<i>Bergenia</i> 'Eroica' The foliage forms a low clump of bold, glossy green leaves, which turn a stunning beet-red shade during winter. In mid spring stems of vivid magenta-purple flowers rise above the shiny foliage.	Green 2L	Pink	45cm	✓
<i>Brunnera macrophylla</i> Delicate bright blue flowers appear in spring above deep green leaves. An excellent ground cover plant for shady areas.	Taupe 2L	Blue	30 - 45cm	✓
<i>Brunnera macrophylla</i> 'Silver Heart' A fabulous ground cover plant for a semi shady spot. It has large heart-shaped leaves with a silvered surface almost mirror-like. In spring sprays of bright blue flowers in the style of forget-me-nots are produced.	Green 2L	Blue	15 - 45 cm	

C

<i>Campanula</i> 'Crystal' A clump forming perennial with heart shaped green leaves and erect stems. The flowers are held in racemes at the end of the stems, beginning as purple buds and opening into pale lilac and white nodding bells.	Taupe 2L	White, Purple	76cm	
<i>Campanula</i> 'Iridescent Bells' This Campanula has a unique flowering habit and colour. The buds are intense dark purple, opening into beautiful soft lavender blue bells. Flowers are produced from May to November.	Green 2L	Purple	60cm	
<i>Campanula</i> 'Sarasro' A compact plant which forms a clump of downy green leaves. In late summer nodding, deep violet, bell shaped flowers are produced.	Green 2L	Purple	60cm	
<i>Campanula carpatica</i> 'Blue Clips' A low growing Campanula ideal for the rock garden or front of the border. It creates a mat of green foliage above which masses of cup-shaped pale blue flowers are held.	Taupe 1L	Blue	20cm (8inch)	
<i>Campanula carpatica</i> 'White Clips' A low growing Campanula ideal for the rock garden or front of the border. It creates a mat of green foliage above which masses of cup-shaped white flowers are held.	Taupe 1L	White	20cm (8inch)	

Plant	Pot Size	Flower	Height	AGM
<i>Campanula lactiflora</i> 'Lodden Anna'	Taupe 2L	Pink	1.2m	
A tall Campanula good for the back of the border. In summer racemes of large bell-shaped soft pink flowers are carried on slender stems. May require staking.				
<i>Campanula lactiflora</i> 'Prichards Variety'	Taupe 2L	Blue, Purple	up to 100cm	✓
A tall Campanula good for the back of the border. In summer a profusion of large bell-shaped violet blue flowers are carried on top of robust oval leaved stems. May require staking.				
<i>Campanula persicifolia</i>	Taupe 1L Taupe 2L	Blue	60 - 80 cm	
A lovely member of the bellflower family producing elegant stems of blue flowers in mid-summer. An excellent choice for the middle of the border.				
<i>Campanula persicifolia</i> 'Var. Alba'	Taupe 1L Taupe 2L	White	60 - 80cm	
A beautiful white version of the peach-leaved bellflower with bright clear pure white flowers during July and August. Excellent in the middle of a border.				
<i>Campanula takesimana</i> 'Elizabeth'	Taupe 2L	Pink Purple	up to 1m	
Pendants of bell shaped pink-purple flushed flowers are produced above rosettes of heart shaped green leaves.				
<i>Centaurea montana</i> 'Jordy'	Green 2L	Pink	60cms	
A wonderful variety of Centaurea with large plum purple thistle like flowers, that are attractive to bees and butterflies, in late Spring and early Summer. The spent seed heads can last well in to Autumn.				
<i>Centaurea montana</i> 'Purple Heart'	Green 2L	White Purple	30cm	
Very similar in habit to the wild corn flower. This variety has attractive feathery white flowers with a contrasting violet/purple centre. The flowers appear upon short sturdy stems above clumps of grey/green leaves. Enjoys full sun or part shade in a well drained soil.				
<i>Ceratostigma plumbaginoides</i>	Taupe 2L	Blue	30 - 40cm	✓
A sun loving plant which will provide colour late in the season. This variety is a low growing spreading plant with reddish stems and green leaves which turn bright red in autumn. From September clusters of vivid blue flowers open at the end of stems.				
<i>Chelone</i> 'obliqua'	Taupe 2L	Pink	60cm	
Late Summer/Autumn flowering plant. Will grow in most types of soil including poorly draining and clay. The pink flowers, shaped like a tortoise head, cluster at the tip of the robust upright stems.				
<i>Chrysanthemum</i> 'Clara Curtis'	Taupe 1L Taupe 2L	Pink	75cm (30inch)	
Clara Curtis is a fantastic Chrysanthemum which produces masses of long lasting, scented pink flowers. It is shorter than some Chrysanthemums but forms a nice bushy plant in the border.				
<i>Chrysanthemum</i> 'Tapestry Rose'	Taupe 1L Taupe 2L	Pink	up to 75cm (30inch)	
A hardy Chrysanthemum with a dense habit and single daisy like flowers. It flowers over a long period in autumn and is ideal for the late border. The flowers are deep pink with green centres held above dissected mid-green foliage.				
<i>Coreopsis</i> 'Firefly'	Taupe 1L	Red Yellow	30cm	
A lovely new Coreopsis providing compact mounds of dense thread-like foliage. The foliage is covered with startling, yellow and red bi-coloured flowers.				

Plant	Pot Size	Flower	Height	AGM
<p>Coreopsis 'Solar Fancy'</p> <p>A spectacular, clump-forming, perennial producing a profusion of showy, bright-coloured flowers from late spring to autumn. Solar Fancy produces a neat mound of foliage, above which cherry red flowers with yellow margins are produced.</p>	Taupe 1L	Red	50cm	
<p>Coreopsis 'Solar Jewel'</p> <p>A spectacular, clump-forming, perennial producing a profusion of showy, bright-coloured flowers from late spring to autumn. Solar Jewel produces a neat mound of foliage, above which bright red flowers with yellow-orange margins are produced.</p>	Taupe 1L	Red	50cm	
<p>Coreopsis 'Solar Mellow'</p> <p>A spectacular, clump-forming, perennial producing a profusion of showy, bright-coloured flowers from late spring to autumn. Solar Mellow produces a neat mound of foliage, above which yellow-orange flowers with a red heart are produced.</p>	Taupe 1L	Yellow	50cm	
<p>Coreopsis auriculata 'Limoncello'</p> <p>A fabulous perennial for the front of the border with masses of daisy like bright yellow flowers with an orange centre. Some coreopsis can be quite short lived, only lasting 3 years, however the rhizomatous species have greater longevity.</p>	Taupe 1L	Yellow	35cm	
<p>Coreopsis grandiflora 'Early Sunrise'</p> <p>A fabulous plant for the border and cut flower garden. It produces semi-double golden flowers above beautiful green foliage.</p>	Taupe 1L	Yellow	45cm (18inch)	✓
<p>Coreopsis lanceolata 'Sterntaler'</p> <p>A profusion of bright yellow flowers with a mahogany blotch at the base of each petal. Will add a splash of colour to a summer border or patio planter.</p>	Taupe 2L	Yellow	30 - 40cm	
<p>Coreopsis verticillata 'Bengal Tiger'</p> <p>A bushy herbaceous perennial with fine fern like foliage and strong stems, on which are delicate daisy like flowers. The outer half of the flower is yellow with the inner half being red and a red centre. Likes full sun in a free draining soil but can tolerate partial shade.</p>	Taupe 1L	Red	60cms- 80cms	
<p>Corydalis 'Canary Feathers'</p> <p>An ideal plant for the front of a semi-shady border or a container. It forms a mound of blue-green fern like foliage above which spikes of tubular canary yellow flowers are held throughout spring and summer.</p>	Taupe 2L	Yellow	45 cm (18inch)	
<p>Crocasmia 'Emily McKenzie'</p> <p>Good for adding impact to the late summer border. Emily McKenzie has arching spikes of orange-red freesia like flowers, held above sword like green foliage.</p>	Taupe 2L	Orange	60cm (36inch)	
<p>Crocasmia 'Lucifer'</p> <p>A vibrant perennial perfect for the mixed border. In late summer sprays of bright-red funnel shaped flowers appear amongst sword like green foliage.</p>	Taupe 2L	Red	up to 1.2m	✓
<p>Crocasmia x crocosmiiflora 'George Davison'</p> <p>A wonderful plant for the late summer border. It has sword like green leaves amongst which large rich amber-yellow freesia like flowers are held on arching stems.</p>	Taupe 2L	Yellow	1.2m	
<p>Crocasmia x crocosmioides 'Emberglow'</p> <p>A bold plant ideal for bringing a splash of colour to the late summer border. Amid sword-shaped green foliage dark dusky-red tubular flowers are held on slender stems.</p>	Taupe 2L	Red	up to 90cm

D

Dahlia 'Bishop of Auckland'

Taupe 2L	Red	1m
----------	-----	----

A fabulous Dahlia with dark foliage and beautiful wine red flowers. A wonderful addition to the late summer border.

Dahlia 'Bishop of Llandaff'

Taupe 2L	Red	up to 1m ✓
----------	-----	------------

This popular Dahlia has striking red semi-double flowers held above dissected deep purple foliage. It is a good plant for the late summer border and makes an excellent cut flower.

Dahlia 'Cafe au Lait'

Taupe 2L	Pink	120cm
----------	------	-------

A fabulous dinner plate Dahlia which will make a great addition to the garden or for cut flowers. The huge flowers open pale pink and then fade to a warm blushed cream.

Dahlia 'Crazy Love'

Taupe 2L	White	90 cm
----------	-------	-------

Dahlia 'Crazy Love' has full double white flowers with purple-hued tips held over lush green foliage. The large blooms are produced from July to September. Great for patio containers.

Dahlia 'Dreamy Hot Chocolate'

Taupe 2L	Brown	40cm
----------	-------	------

A compact, single flowering Dahlia with deeply divided, almost black foliage. The flowers are a rich chocolate colour and are produced from summer through to autumn.

Dahlia 'Dutch Carnival'

Taupe 2L	Red	90cm
----------	-----	------

A fabulous addition to any summer border. It has large vibrant red flowers, tipped in golden yellow. It's ideal for planting in back of a border or for cutting. Widely regarded as one of the finest dahlias around.

Dahlia 'Firepot'

Taupe 2L	Pink	90cm
----------	------	------

A small decorative Dahlia perfect for containers or the front of a border. The flowers emerge from pink buds and begin a deep yellow at the centre fading out to tangerine and then pink at the tips.

Dahlia 'Mystic Dreamer'

Taupe 2L	Pink White	70cm
----------	---------------	------

Previously known as Dahlia 'Candy Eye's' this cultivar has bronze foliage and small single flowers which are pink and white in colour. Each petal has a central magenta stripe edged with white.

Dahlia 'Mystic Haze'

Taupe 2L	Orange	60 cm (24inch)
----------	--------	-------------------

A new series of Dahlia with filigreed deep mahogany to black foliage topped with vivid blooms. Mystic Haze has sun kissed apricot-orange blooms with soft yellow halo and dark central discs. Grouped together they are ideal to add a riot of colour to either the tropical or perennial garden border, or as a star performer in pots and planters

Dahlia 'Mystic Illusion'

Taupe 2L	Yellow	upto 90cm
----------	--------	--------------

A striking plant with dark foliage against which appear bright, single, lemon yellow flowers. Requires a sunny position to flourish in a rich well drained but moisture retentive soil. Also suitable for growing in large containers. Lift after first frost and store in a cool place and replant in the late spring.

Dahlia 'Mystic Sparkler'

Taupe 2L	Pink	70cm
----------	------	------

A series of Dahlia with glossy dark foliage and topped with vivid blooms. Mystic Sparkler has magenta and yellow blooms. Grouped together they are ideal to add a riot of colour to either the tropical or perennial garden border, or as a star performer in pots and planters.

Delosperma 'Jewel of Desert Garnet'

Taupe 1L	Pink	15cm
----------	------	------

A low growing alpine, great for the front of a border, pots or rock garden. It produces brightly coloured star shaped flowers over a long period. The flowers have scarlet and lavender petals with a central white eye.

Delosperma 'Jewel of Desert Moonstone'

Taupe 1L	White	15cm
----------	-------	------

A low growing alpine, great for the front of a border, pots or rock garden. It produces brightly coloured star shaped flowers over a long period. It has white flowers with a yellow centre.

Plant	Pot Size	Flower	Height	AGM
<i>Delosperma</i> 'Jewel of Desert Topaz'	Taupe 1L	Orange	15cm	
A low growing alpine, great for the front of a border, pots or rock garden. It produces brightly coloured star shaped flowers over a long period. The flowers have orange and white petals with a pale pink halo.				
<i>Delphinium</i> 'Double Innocence'	Taupe 2L	White	120 cm	
One of the New Millennium Delphiniums which perform better than other tall varieties and offer some astonishingly rich shades. 'Double Innocence' produces tall spires with frilly double creamy white flowers.				
<i>Delphinium</i> 'Dusky Maidens'	Taupe 2L	Pink	120 cm	
'Dusky Maidens' is one of the New Millennium Delphiniums which perform better than other tall varieties and offer some astonishingly rich shades. It produces tall spires of pink flowers with a brown bee.				
<i>Delphinium</i> 'Magic Fountain Dark Blue/White Bee'	Taupe 1L	Blue	1m (3ft)	
The magic fountain series is shorter than traditional Delphiniums. The flower spikes last over a long period and there are many colours in the series. Dark Blue has dark blue cup shaped flowers with a white Bee in the centre of each flower.				
<i>Delphinium</i> 'Magic Fountain Pure White'	Taupe 1L	White	90cm	
The magic fountain series is shorter than traditional Delphiniums. The flower spikes last over a long period and there are many colours in the series. Pure White has semi double white cup shaped flowers				
<i>Delphinium</i> 'Magic Fountain Sky Blue/White Bee'	Taupe 1L Taupe 2L	Blue	1m (3ft)	
The magic fountain series is shorter than traditional Delphiniums. The flower spikes last over a long period and there are many colours in the series. Sky Blue has pale blue cup shaped flowers with a white Bee in the centre of each flower.				
<i>Dianthus</i> 'Arctic Star'	Taupe 1L	White	7 - 10cm	
A delightfully compact variety which produces a neat mound of grey-green leaves. In summer scented double white flowers are produced in abundance.				
<i>Dianthus</i> 'Cherry Daiquiri'	Taupe 1L	White	35cm	
This is one of a range of perennial pinks. They are hardy and easy to grow, filling the border with fragrant flowers from May to October. 'Cherry Daiquiri' is a white single flower with a blackcurrant eye.				
<i>Dianthus</i> 'Firestar'	Taupe 1L	Red	20cm	
From the star series of miniature garden pinks. It forms a cushion of blue foliage above which in spring and summer bright red scented flowers are produced.				
<i>Dianthus</i> 'Mojito'	Taupe 1L	White	35cm	
This is one of a range of perennial pinks. They are hardy and easy to grow, filling the border with fragrant flowers from May to October. 'Mojito' is a white single flower with a lime green centre.				
<i>Dianthus</i> 'Passion'	Taupe 1L	Red	25 - 30 cm	
Bred by Whetman Pinks and part of their scent first collection. 'Passion' bears masses of double, cherry-red flowers above a neat mound of soft, grey-green leaves. Flowering from late spring through summer providing a wonderful scent in the garden.				
<i>Dianthus</i> 'Raspberry Sundae'	Taupe 1L	Pink	20cm	
Beautifully perfumed blush pink flowers with crimped edges and a raspberry eye. A naturally compact plant which flowers later than many in this range.				
<i>Dicentra</i> 'King of Hearts'	Green 2L	Pink	25cm	
This variety of Dicentra produces a clump of lacy soft blue-green foliage. Above which clusters of delicate bright rose heart-shaped flowers dangle from their stems. Excellent for edging, and very useful for mixed containers and tubs. Removing faded flowers will promote lots of new buds to form.

-------	----------	--------	--------	-----

***Digiplexis* 'Berry Canary'**

Taupe 2L	Pink	60cm	
----------	------	------	--

Digiplexis are a cross between a Digitalis and Isoplexis. This breeding means the plants flower for a lot longer than a traditional foxglove but does mean they are more tender and will need protecting in the winter. They are great for adding height and colour to the garden and loved by bees and butterflies. Hot pink flowers with creamy yellow, burgundy speckled throats are held on sturdy flower spikes.

***Digiplexis* 'Falcon Fire'**

Taupe 2L	Pink	90cm	
----------	------	------	--

Digiplexis are a cross between a Digitalis and Isoplexis. This breeding means the plants flower for a lot longer than a traditional foxglove but does mean they are more tender and will need protecting in the winter. They are great for adding height and colour to the garden and loved by bees and butterflies. Deep pink flowers with mango orange interiors are held on sturdy flower spikes.

***Digiplexis* 'Firecracker'**

Taupe 2L	Orange	90cm	
----------	--------	------	--

Digiplexis are a cross between a Digitalis and Isoplexis. This breeding means the plants flower for a lot longer than a traditional foxglove but does mean they are more tender and will need protecting in the winter. They are great for adding height and colour to the garden and loved by bees and butterflies. Bell shaped rich orange flowers with yellow orange interiors are held on sturdy flower spikes.

***Digiplexis* 'Rising Phoenix'**

Taupe 2L	Pink	90cm	
----------	------	------	--

Digiplexis are a cross between a Digitalis and Isoplexis. This breeding means the plants flower for a lot longer than a traditional foxglove but does mean they are more tender and will need protecting in the winter. They are great for adding height and colour to the garden and loved by bees and butterflies. Bell shaped deep pink flowers with light peach interiors are held on sturdy flower spikes.

***Digitalis* 'Camelot Rose'**

Taupe 1L	Pink	90-120cm	
----------	------	----------	--

These Foxgloves flower in both the first and second year before eventually setting seed and dying. Foxgloves provide architectural height in the border. This variety has tall spikes of rose-pink bells spotted inside with maroon.

***Digitalis* 'Camelot White'**

Taupe 1L	White	90-120cm	
----------	-------	----------	--

These Foxgloves flower in both the first and second year before eventually setting seed and dying. Foxgloves provide architectural height in the border. This variety has tall spikes of creamy white bells spotted inside with maroon.

***Digitalis purpurea* 'Excelsior Hybrids'**

Taupe 1L	Pink White Yellow	60 - 90cm	✓
----------	-------------------------	-----------	---

A good plant for the back of the border. The foliage forms a rosette at the base of the plant and bell like flowers are borne on tall spikes. Flowers are pastel shades of creamy yellow, white, purple or pink.

***Doronicum orientale* 'Little Leo'**

Taupe 1L Taupe 2L	Yellow	30cm	
----------------------	--------	------	--

Doronicum 'Little Leo' is a dwarf perennial ideal for the front of the border. It produces a neat mound of heart-shaped green leaves in April-May topped with cheerful bright golden-yellow daisy flowers. Popular with bees and good as a cut flower. Thrives in any reasonably fertile well-drained soil, in dappled shade, out of hot sun. Ideal at the front of a mixed border among shrubs or under trees in light woodland.

E

***Echinacea* 'Big Kahuna'**

Taupe 2L	Orange	45-50cm	
----------	--------	---------	--

A strong and bushy variety ideal for the middle of the border. It produces large, fragrant flowers throughout summer. The flower is made up of mango coloured petals surrounding a large red-brown cone.

***Echinacea* 'Delicious Candy'**

Taupe 2L	Pink	60cm	
----------	------	------	--

A fabulous new compact variety with dark green foliage and stems. Large double flowers with flat ray petals surround a large pom-pom centre all in florescent pink.

Plant	Pot Size	Flower	Height	AGM
<i>Echinacea</i> 'Flamingo' A compact variety with green stems and foliage. Flamingo pink, semi-double petals with white tips sit perfectly around a red velvet cone.	Taupe 2L	Pink	60cm	
<i>Echinacea</i> 'Red Skipper' Perfect for borders and containers Echinacea flower over a long period. Red Skipper is an impressive single-flowering variety that produces large sunset red petalled daisy like flowers.	Taupe 2L	Red	50cm	
<i>Echinacea</i> 'White Pearl' A single flowering Echinacea variety that produces pure white flowers. Ideal for containers or the border.	Taupe 2L	White	50cm	
<i>Echinacea purpurea</i> A wonderful plant for the back of the border it sometimes has red-tinted green stems. From mid-summer has pink flowers with golden brown centre cones.	Taupe 1L Taupe 2L	Pink	1 - 1.5m	
<i>Echinacea purpurea</i> 'White Swan' A wonderful plant for the middle of the border, 'White Swan' has bold, daisy-like flowerheads. White reflexed petals surround an orange-brown central cone. Flowers from mid summer to early autumn.	Taupe 1L Taupe 2L	White	50 - 60cm	
<i>Echinops</i> 'Arctic Glow' This plant forms a bushy mound of thistle like foliage. It has strong green stems covered in maroon hairs. The golf ball sized flower heads are densely packed with starry white flowers.	Taupe 2L	White	90cm	
<i>Echinops ritro</i> 'Veitch's Blue' Great for attracting bees, butterflies and other pollinating insects. Globes of starry blue flowers are produced at the top of silvery stems. The spiny foliage provides additional interest until the flowers appear.	Green 2L	Blue	90cm	
<i>Epimedium x rubrum</i> A good ground cover plant for the shady garden. It has heart shaped green leaves which are flushed with red during spring. Above the foliage, in spring, masses of tiny Crimson flowers are held.	Green 2L	Red	20 - 25cm	✓
<i>Epimedium x versicolor</i> 'Sulphureum' A low growing evergreen ideal for early spring colour. The leaves are coppery when young. The spidery flowers are pale yellow in colour and held just above the foliage	Green 2L	Yellow	up to 35cm	✓
<i>Epimedium x youngianum</i> 'Niveum' A captivating spring flowering woodland perennial. The leaves are composed of tiny leaflets tinged coppery-purple when young. Thin stems bear a single leaf and up to twelve nodding bell shaped white flowers.	Green 2L	White	30cm	✓
<i>Erigeron</i> 'Sea Breeze' A compact plant carrying rich red-purple daisy like flowers in summer above a dense mound of grey-green foliage.	Taupe 1L	Red	up to 30cm	
<i>Erigeron karvinskianus</i> A charming low growing plant suitable for dry areas. It bears masses of daisy like flowers from May to November. They open white gradually becoming pink with age, so different shades of flower will be found on one plant.	Taupe 1L	Pink White	40cm	
<i>Eryngium alpinum</i> A fabulous plant for the gravel garden. <i>Eryngium alpinum</i> has heart shaped glossy green leaves above which cones of purple flowers sit surrounded by vivid blue bracts on a blue stem.	Green 2L	Blue	1m (36inch)	✓

Plant	Pot Size	Flower	Height	AGM
<i>Eryngium bourgatii</i>	Green 2L	Blue	30 - 55cm	
A wonderful architectural plant for the border. In summer cone shaped flowerheads of blue or violet surrounded by spiny bracts are carried on green stems. The flowers are very distinctive and are useful for cutting.				
<i>Eryngium planum</i>	Taupe 1L Taupe 2L	Blue	45 - 60cm	
An architectural plant with steely blue flower heads, held majestically over green foliage. May require staking.				
<i>Erythronium 'Pagoda'</i>	Taupe 2L	Yellow	up to 35cm	✓
An elegant spring flowering plant ideal for moist shady areas of the garden. The delicate yellow flowers are carried on arching stems above glossy green foliage.				
<i>Eupatorium dubium 'Baby Joe'</i>	Taupe 2L	Pink	up to 75cm	
This compact variety is perfect for the smaller garden. It forms a bushy upright mound of dark green foliage and carries large umbrella-like heads of magenta-pink flowers in late summer. The dried seed heads offer winter interest.				
<i>Euphorbia amygdaloides 'Purpurea'</i>	Taupe 2L	Yellow	50cm	
A smaller Euphorbia suitable for a shady area. The purple foliage is held in whorls around stiff stems. Clusters of tiny bright yellow-green flowers are held on top of the stems.				
<i>Euphorbia characias subsp characias 'Tasmanian Tiger'</i>	Taupe 2L	Yellow	up to 1m	
A really good plant for the winter garden. The leaves are grey-green and strongly variegated. The leaf edges vary from white to cream/pale yellow. Conical flower heads appear in spring, made up of creamy bracts with a green eye.				
<i>Euphorbia x martini</i>	Taupe 1L Taupe 2L	Green	up to 90cm	✓
A large plant ideal for the back of the border. It has slightly hairy leaves giving it a silvery sheen and stems flushed with burgundy. In late spring lime green flowers are produced.				
<i>Euphorbia x martinii 'Ascot Rainbow'</i>	Taupe 2L	Green	50cm	
A good winter plant with evergreen foliage. The leaves are greyish green and edged with bright gold margins making a colourful display. During the colder months the leaves take on an attractive rosy pink tinge. In spring green flowers are produced towards the tip of each stem, each with a dark contrasting eye.				
G				
<i>Gaillardia 'Spintop Copper Sun'</i>	Taupe 1L	Orange	20cm	
A new series of compact Gaillardia with a fabulous range of colours. A mound of silvery-green slender foliage is topped with countless daisy like flowers of copper-orange fluted petals with yellow tips.				
<i>Gaillardia 'Spintop Mango'</i>	Taupe 1L	Orange	20cm	
A new series of compact Gaillardia with a fabulous range of colours. A mound of silvery-green slender foliage is topped with countless daisy like flowers of orange-peach fluted petals with yellow tips.				
<i>Gaillardia 'Spintop Orange Halo'</i>	Taupe 1L	Orange	20cm	
A new series of compact Gaillardia with a fabulous range of colours. A mound of silvery-green slender foliage is topped with countless daisy like flowers of deep-orange fluted petals with yellow tips.				
<i>Gaillardia 'Spintop Red'</i>	Taupe 1L	Red	30cm	
A compact Gaillardia which will flower over a long period. A mound of light green slender foliage is topped with countless daisy like flowers with rich red serrated petals.				

Plant	Pot Size	Flower	Height	AGM
<i>Gaillardia aristata</i> 'Arizona Sun'	Taupe 1L	Red	25 - 30cm	
A stunning Gaillardia with single flowers that are rich mahogany red with bright yellow edges. Ideal for the front of the border.				
<i>Gaura lindheimeri</i> 'Freefolk Rosy'	Taupe 1L	Pink White	60cm	
Freefolk Rosy is the fully variegated sister of Rosy Jane. It has good yellow variegated leaves with pink/white variegated flowers on tall stems. Flowers from May to October.				
<i>Gaura lindheimeri</i> 'Passionate Blush'	Taupe 1L	Pink	40cm	
A compact variety great for a border or container and flowering earlier than other varieties. New growth is burgundy coloured later becoming green. Masses of ruby coloured buds on short, dark red stems, open to deep pink blossoms from spring.				
<i>Gaura lindheimeri</i> 'Rosy Jane'	Taupe 1L	Pink White	70cm	
A beautiful Gaura with bi-coloured flowers. It is suitable for borders or containers. The flowers are produced from June to September and are white with rose-pink margins.				
<i>Gaura lindheimeri</i> 'Whirling Butterflies'	Taupe 1L	White	50 - 60cm	
A graceful plant which carries star shaped white flowers on long stems over a long period.				
<i>Geranium</i> 'Brookside'	Taupe 2L	Blue	45 - 60cm	✓
This is one of the best blue hardy geraniums. Neat compact foliage and clear blue flowers over a long period during summer. Ideal for near the front of the border.				
<i>Geranium</i> 'Dreamland'	Green 2L	Pink	40cm	
Ideal as ground cover and useful at the front of a border. The flowers are pale pink with darker veins and a white centre.				
<i>Geranium</i> 'Johnson's Blue'	Taupe 2L	Blue	up to 45 cm	✓
A wonderful spreading Geranium which flowers in early summer. It has cup-shaped lavender-blue flowers with a paler centre and white veining.				
<i>Geranium</i> 'Kelly Ann'	Green 2L	Pink	30cm	
A beautiful addition to the perennial border and a neat compact variety. Similar to Geranium 'Rozanne' but having pink flowers with deep pink veins and a white centre. Flowers over a long period.				
<i>Geranium</i> 'Raven'	Taupe 2L	Purple	75cm	
Great for a shady corner in the garden. A dense mound of soft green foliage is produced, above which, deep purple flowers with long stamens are carried in open clusters.				
<i>Geranium</i> 'Rozanne'	Green 2L	Blue Purple	60cm	
An easy to grow perennial with saucer shaped violet-blue flowers with a pale centre and red veins. It will flower prolifically over summer and into autumn.				
<i>Geranium cinereum</i> 'Ballerina'	Green 2L	Pink	15cm (6inch)	✓
A small Geranium ideal for the front of the border or rock garden. It has delicate bowl shaped pale pink flowers with deep pink veins held above grey-green foliage.				
<i>Geranium clarkei</i> 'Kashmir White'	Taupe 2L	White	up to 45cm	✓
Delicate white saucer shaped flowers with purple-pink veins appear in summer over deeply divided green leaves. It will spread to form large drifts making it excellent ground cover.				

Plant	Pot Size	Flower	Height	AGM
<i>Geranium himalayense</i> 'Gravetye' An excellent Geranium for ground cover. It forms mounds of finely divided green leaves above which lovely cup shaped blue flowers with reddish centres are held.	Green 2L	Blue	30cm	
<i>Geranium macrorrhizum</i> 'Spessart' An excellent Geranium for that dry shady spot. Bright green aromatic foliage and white flowers in late spring.	Taupe 2L	White	40 cm	
<i>Geranium psilostemon</i> An excellent plant for a cottage garden scheme it forms loose hummocks of foliage. The mid-green leaves are tinged with crimson in spring and turn fabulous shades of red in autumn. In early summer large, saucer-shaped magenta flowers with dark veining appear.	Taupe 2L	Pink	1.2m	✓
<i>Geranium sanguineum</i> 'Album' A dense, clump forming perennial with dark green leaves which take on orange and red tints during autumn. The flowers are pure white and are held above the foliage through summer to autumn.	Taupe 2L	White	30cm	✓
<i>Geranium sanguineum</i> 'Striatum' A low growing hardy geranium ideal for the front of the border or large container. Neat foliage covered in spring with pale pink flowers with darker pink veins.	Taupe 2L	Pink	20 - 25cm	✓
<i>Geranium x magnificentum</i> A vigorous perennial forming a clump of attractive lobed leaves crowned in midsummer by a mass of rich violet, veined saucer shaped flowers.	Taupe 2L	Purple	60cm	✓
<i>Gerbera</i> 'Garvinea Sweet Honey' Sweet Honey Garvinea produces a masses of bright sunshine yellow blossoms from spring through to autumn. Double the size of regular Garvinea, the pretty flowers of this hardy perennial are great for making a striking impression.	Taupe 2L	Yellow	30cm

Iris 'Chantilly' A tall bearded Iris. It has scented beautifully shaped flowers with crimped edged reflexed falls. They have pale mauve centres blending to yellow.	Green 2L	Yellow Purple	90cm	

Plant	Pot Size	Flower	Height	AGM
<i>Iris</i> 'Jane Phillips'	Green 2L	Blue	120 cm (48inch)	✓
A beautiful tall bearded Iris ideal for the back of the border. It has fans of sword-shaped green leaves amongst which pale blue flowers are held. The flowers have slightly ruffled petals and are delicately scented.				
<i>Iris</i> 'Lord Warden'	Green 2L	Yellow	70cm (28inch)	
A tall bearded Iris for the sunny border. It has a delicious scent with bold amber-bronze, slightly reflexed falls and a darker picotee.				
<i>Iris</i> 'Orange Caper'	Green 2L	Yellow	20cm	
A dwarf Iris with bright yellow flowers with a hint of orange and rich orange russet beard.				
<i>Iris</i> 'Rajah'	Green 2L	Red Yellow	75cm	
A fabulous Iris with a rich fruity spicy scent. The flowers are outstanding with velvety rich, dark burgundy falls with splashes of yellow, topped by bright butter-yellow standards.				
<i>Iris</i> 'White City'	Green 2L	White Blue	100cm	
A tall bearded Iris with a soft scent and pale cool blue flowers maturing to white.				
<i>Iris sibirica</i> 'Dreaming Yellow'	Green 2L	Cream Yellow	60cm	
A clump forming perennial with green sword shaped leaves. Amongst the leaves, in spring, thin stems carry creamy white flowers with a splash of yellow.				
<i>Iris sibirica</i> 'Flight of Butterflies'	Green 2L	Purple	60cm	
A clump forming perennial with narrow sword shaped green leaves. Amongst the leaves purple and blue veined flowers are held on tall thin stems.				

K

<i>Knautia macedonica</i>	Taupe 2L	Red	80cm	
A popular perennial with deep crimson, pincushion like flowers on slender branched stems.				
<i>Kniphofia</i> 'Royal Castle'	Taupe 1L Taupe 2L	Yellow Orange	up to 1m	
An evergreen perennial with arching grass like leaves. Ideal for the back of the border. This variety produces flower spikes in vibrant shades of orange and yellow.				
<i>Kniphofia</i> 'Sunningdale Yellow'	Green 2L	Yellow	90cm	✓
A small, early flowering variety of red hot poker. It forms arching clumps of narrow foliage amongst which upright flower spikes carry slender flowerheads in warm yellow.				
<i>Kniphofia</i> 'Tawny King'	Green 2L	Cream	1.25m	✓
Fabulous for adding height and structure to a border. 'Tawny King' produces spikes of creamy-brown bell shaped flowers on bronze stems above sword like green foliage.				

L

<i>Lamium maculatum</i> 'Golden Anniversary'	Taupe 1L	Pink	20cm	
Small mat forming plant with variegated leaves. Small purple flowers on short stems.				
<i>Lamprocapnos spectabilis</i>	Taupe 2L	Pink White	60 - 90cm	✓
Unusual pink and white flowers held delicately above attractive mid-green foliage. A good plant for an open or semi-shady spot in the border. Flowers April - June. Quite hardy.				

Plant	Pot Size	Flower	Height	AGM
<i>Lamprocapnos spectabilis</i> 'Alba'	Taupe 2L	White	60 - 90cm	✓
Unusual heart shaped white flowers held delicately above attractive mid-green foliage. A good plant for an open or semi-shady spot in the garden. Flowers April - June.				
<i>Lavandula</i> 'Fairy Wings Spellbound'	Taupe 1L	Purple	30cm	
Great for a patio or front of border setting. This French lavender produces silvery green aromatic foliage above which a prolific amount of large purple flowers are produced.				
<i>Lavandula</i> 'Fairy Wings Whimsical'	Taupe 1L	Pink	30cm	
Great for a patio or front of border setting. This French lavender produces silvery green aromatic foliage above which blush pink flower spikes are produced.				
<i>Lavandula angustifolia</i> 'Hidcote'	Taupe 1L Taupe 2L	Blue Purple	50 - 60cm (20 - 24inch)	✓
A small aromatic shrub which produces drifts of dark purple flowers in dense spikes above silvery grey foliage.				
<i>Lavandula angustifolia</i> 'Munstead'	Taupe 1L Taupe 2L	Blue Purple	50 - 60cm	
Small aromatic shrub with drifts of blue flowers in late summer. Likes well drained fertile soil and a sunny position.				
<i>Lavandula stoechas</i> 'Kew Red'	Taupe 1L	Red	up to 60cm	
An early flowering French Lavender with grey green aromatic foliage. It produces flat flowerheads with tiny cerise flowers above which pale pink flags emerge.				
<i>Leucanthemum</i> 'Banana Cream'	Green 2L	Yellow	45cm	
Shasta Daisies are great for the perennial border. The cheery flowers begin to appear in early summer and continue on for several months if regularly deadheaded. This variety has lush-looking dark green foliage and throughout summer large, pale yellow flowers appear, fading to white as they mature.				
<i>Leucanthemum</i> 'Sweet Daisy Cher'	Taupe 2L	White	20 - 30cm	
Great for a border or container. An easy to care for compact variety that produces simply beautiful daisy like flowers. The golden cone is surrounded by shaggy bright white petals. The flowers are carried on strong stems making it ideal for cut flowers.				
<i>Leucanthemum x superbum</i> 'Broadway Lights'	Green 2L	Yellow	45cm	
An excellent plant for the middle of the border or a container. It has large daisy like flowers which are produced over a long period. The flowers open one by one to reveal pale butter yellow petals and bright gold centres.				
<i>Liatris spicata</i>	Taupe 1L Taupe 2L	Pink Purple	70 - 75cm	
Popular as cut flowers. Impressive spikes of pinkish-purple flowers are carried on slightly hairy green stems in late summer.				
<i>Libertia chilensis</i>	Taupe 2L		90 cms	✓
An evergreen clump forming plant which has narrow dark green grassy leaves from which emerge sturdy stems with sprays of saucer shaped white flowers.				
<i>Ligularia dentata</i> 'Desdemona'	Taupe 2L	Orange	1m	✓
A fabulous perennial for a moist shady position. It has large kidney shaped toothed leaves above which fabulous orange daisy like flowers are held.				
<i>Ligularia stenocephala</i> 'The Rocket'	Green 2L	Yellow	180cm	✓
A very impressive plant for a bog garden or moist border. Large glossy leaves emerge in early spring. Tall spikes of bright yellow flowers on dark stems during July and August.				

Plant	Pot Size	Flower	Height	AGM
<i>Lilium formosanum</i> var <i>pricei</i>	Taupe 1L	White	30-50 cms	
A clump forming low growing lily with erect stems having glossy dark green leaves and long striped buds opening into large fragrant trumpet-shaped white flowers which are flushed purple on the outside.				
<i>Lithodora diffusa</i> 'Alba'	Taupe 1L	White	15cm	
A low growing evergreen shrubby plant with small hairy green leaves and masses of white starry flowers in early spring and summer. Ideal for a rock or gravel garden.				
<i>Lithodora diffusa</i> 'Heavenly Blue'	Taupe 1L	Blue	10 - 15cm.	✓
A low growing evergreen shrubby plant with small hairy green leaves and masses of bright blue flowers in early spring and summer. Ideal for a rock or gravel garden.				
<i>Lobelia</i> 'Fan Burgundy'	Taupe 1L	Red	50cm	
This Lobelia has a compact bushy habit. It has bronze tinted green leaves above which densely packed spikes of deep red flowers are held throughout summer.				
<i>Lobelia cardinalis</i> 'Queen Victoria'	Taupe 1L	Red	80cm	✓
This Lobelia has lovely burgundy-bronze foliage with beautiful red flowers spikes during summer.				
<i>Lobelia x speciosa</i> 'Fan Blue'	Taupe 1L	Blue	60cm (24inch)	
A fantastic border plant. This Lobelia has a compact bushy habit. It has mid-green leaves above which densely packed spikes of blue flowers are held throughout summer.				
<i>Lobelia x speciosa</i> 'Fan Scharlach'	Taupe 1L	Red	up to 50cm (20inch)	✓
This Lobelia has a compact bushy habit. It has bronze tinted green leaves above which densely packed spikes of scarlet red flowers are held throughout summer.				
<i>Lupin</i> 'Gallery Blue Shades'	Taupe 1L Taupe 2L	Blue	70cm	
The lupin has been a favourite with gardeners for decades! This modern strain is sturdy and compact with many spires of blue flowers in mid summer.				
<i>Lupin</i> 'Gallery Rose Shades'	Taupe 1L Taupe 2L	Pink	50 - 70cm	
The lupin has been a favourite with gardeners for decades! This modern strain is sturdy and compact with many spires of rose pink flowers in mid summer.				
<i>Lupin</i> 'Gallery White Shades'	Taupe 1L Taupe 2L	White	50 - 70cm	
The Lupin has been a favourite with gardeners for decades! This modern strain is sturdy and compact with many spires of white flowers in mid summer.				
<i>Lupin</i> 'Gallery Yellow Shades'	Taupe 1L	Yellow	60cm	
This dwarf Lupin is the perfect addition to the cottage garden. The spires of cheery yellow, delicately scented flowers are held above lobed, mid-green foliage. Great for the front of the border or containers.				
<i>Lysimachia ciliata</i> 'Firecracker'	Taupe 2L	Yellow	50 - 60cm (20 - 26inch)	✓
This loosestrife has dark green stems and leaves which are tinted coppery brown. Above the foliage appear pale lemon flowers in July - August.				

Plant	Pot Size	Flower	Height	AGM
<i>Lysimachia punctata</i>	Taupe 2L	Yellow	up to 90cm	
Bright yellow cup-shaped flowers appear in summer at the top of leafy stems. A vigorous plant tolerant of most soil conditions.				
<i>Lythrum salicaria</i> 'Blush'	Taupe 2L	Pink	80 - 100cm	✓
An ideal plant for a wet garden. Spikes of light pink flowers are held on stems clad with lance shaped hairy green leaves.				

M

<i>Monarda</i> 'Bee Bright'	Taupe 2L	White	45cm	
A compact variety great for a pot or the border. Lots of bright white shaggy flowers are produced over dark green aromatic foliage. Loved by bees.				
<i>Monarda</i> 'Bee Happy'	Taupe 2L	Pink	50cm	
A compact variety with lots of bright cerise shaggy flowers produced over dark green aromatic foliage. Loved by bees.				
<i>Monarda</i> 'Bee-Pure'	Taupe 2L	Purple	50cm	
Monarda Bee Pure is a select variety that stands out due to its distinctive and characteristic deep maroon flower heads and dark green, aromatic foliage. Great for cut flowers and attracting pollinators.				
<i>Monarda</i> 'Fireball'	Taupe 2L	Red	60 cm	
This architectural herbaceous perennial bears whorls of tightly packed crimson, hooded flowers all the way up its stiff stems, above scented, mid-green leaves. The flowers sit in purple bracts that give it a nice two-tone effect.				
<i>Muscari armeniacum</i> 'Peppermint'	Taupe 1L	White Blue	10cm	
This compact variety is perfect for naturalising in a garden. It produces the palest blue flowers with an eruption of white blooms at the tip of each spike. The flowers are produced from early March to late April and are sweetly fragrant.				

<i>Muscari botryoides</i> 'Album'	Taupe 1L		15-20 cm	
Flowering in early to mid spring this little beauty produces fabulous fragrance. Dense clusters of small white fragrant flowers are produced above green leaves. Plant with other spring flowering bulbs for a great display.				

N

<i>Nepeta</i> 'Purrsian Blue'	Taupe 2L	Blue	45cm	
This variety of catmint produces a tidy mound of foliage and usually doubles its spread in the second year. Loved by bees and butterflies and with a long flowering period it's a must for any garden. Densely clustered periwinkle blue flowers are produced above the highly aromatic foliage.				
<i>Nepeta</i> 'Six Hills Giant'	Taupe 2L	Blue	up to 90cm	
Attractive to bees and butterflies this tall Nepeta has fragrant, toothed lance-shaped leaves which are grey-green in colour. At the top of the stems whorls of lavender-blue flowers are held.				
<i>Nepeta racemosa</i> 'Walker's Low'	Taupe 2L	Purple	60cm	✓
A more compact Nepeta with stiffer growth than other varieties. It has aromatic mid green leaves, above which spires of purple flowers appear.				
<i>Nerine bowdenii</i>	Taupe 2L	Pink	45cms	
A bulbous perennial that makes a wonderful addition to the mixed border as it flowers between September and November when many perennials are dying down. The strong clear exotic looking pink flowers have a wavy edge to the petals and the foliage is strap shaped.				

Plant	Pot Size	Flower	Height	AGM
-------	----------	--------	--------	-----

O

<i>Oenothera berlanderi</i> 'Twilight'	Green 2L	Pink	30cms	
--	----------	------	-------	--

A compact spreading deciduous plant which has striking new foliage of dark purple/ bronze emerging before beautiful pale pink flowers from May through to August.

<i>Omphalodes verna</i>	Taupe 2L	Blue	15cm	
-------------------------	----------	------	------	--

A fantastic plant for groundcover in a shady area. *Omphalodes* forms a bright green mound of foliage above which delicate forget-me-not blue flowers are held in Spring.

<i>Ophiopogon planiscapus</i> 'Nigrescens'	Green 2L	Pink Purple	up to 15cm	✓
--	----------	----------------	---------------	---

A low growing plant ideal for the front of the border with dense arching purple-black foliage. In summer tiny purple-pink flowers appear followed by black berries.

<i>Osteospermum</i> 'Lady Leirim'	Taupe 1L	White	30cm	✓
-----------------------------------	----------	-------	------	---

A spreading perennial with grey-green foliage with daisy like flowers that bloom on and off all summer. The slim buds show metallic blue-mauve backs to the petals which open to the sun revealing blushed-white flowers which deepen to pink with age.

<i>Osteospermum</i> 'Sennen Sunrise'	Taupe 1L	Pink	20cm	
--------------------------------------	----------	------	------	--

A versatile plant, great for ground cover or containers. It has evergreen, mat-forming foliage covered with a profusion of daisy like vivid pink flowers flushed with white.

<i>Osteospermum</i> 'Summersmile Orange'	Taupe 1L	Orange	25cm	
--	----------	--------	------	--

A fabulous plant for containers or the front of the border. Vivid orange daisy like flowers with dark centres are held over lush green foliage.

<i>Osteospermum</i> 'Tresco Purple'	Taupe 1L	Purple	25cm	
-------------------------------------	----------	--------	------	--

A hardy perennial which forms a mound of green foliage. In summer Purple daisy like flowers are produced.

P

<i>Papaver</i> 'Tangerine Gem'	Taupe 1L	Orange	45cm	
--------------------------------	----------	--------	------	--

An alpine variety best for the rock garden or for edging a hot, sunny border. The ferny silver-blue leaves form a low clump with upright stems of double orange flowers appearing for many weeks.

<i>Papaver orientale</i> 'Patty's Plum'	Taupe 2L	Pink Purple	60 - 90cm	
---	----------	----------------	--------------	--

This is a particularly attractive oriental poppy with deep reddish-purple flowers held above bristly grey-green leaves.

<i>Papaver orientale</i> 'Perry's White'	Taupe 2L	White	80cm (30inch)	
--	----------	-------	------------------	--

A beautiful Poppy for the cottage garden border. Large delicate white flowers with purple blotches in the centre are held above downy green foliage.

<i>Papaver orientale</i> 'Pizzicato'	Taupe 1L	Pink Red Orange	50 - 60cm	
--------------------------------------	----------	-----------------------	--------------	--

A dwarf oriental poppy suitable for the middle of a mixed border. Flowers are cup shaped and colours range from red and orange, to mauve and pink but all with a dark blotch at the base of the petal.

<i>Papaver orientale</i> 'Royal Wedding'	Taupe 1L	White	50cm	
--	----------	-------	------	--

The foliage forms a low clump of coarse, hairy leaves above which wiry stems carrying huge satiny flowers appear in late spring and early summer. The flowers are pure white with a maroon-black blotch at the base of each petal.

Plant	Pot Size	Flower	Height	AGM
<i>Penstemon</i> 'Blackbird'	Taupe 1L	Purple	up to 90cm	
Penstemons give a bright splash of colour to the summer border. This variety flowers profusely and has lovely deep purple flowers on tall slender stems.				
<i>Penstemon</i> 'Firebird'	Taupe 1L	Red	90cm	✓
Penstemons are good plants for the summer border. This variety forms a bushy plant and has masses of bright red flowers throughout the summer.				
<i>Penstemon</i> 'Flamingo'	Taupe 1L	Pink	60cm	
An easy to grow perennial for the cottage garden border. It flowers throughout summer and often into autumn. Flamingo has large pink flowers with a white throat.				
<i>Penstemon</i> 'Heavenly Blue'	Taupe 1L	Blue	60cm	
A long flowering perennial for a sunny position in the garden. It has blue foxglove like flowers tinged with magenta.				
<i>Penstemon</i> 'Pristine Blue'	Taupe 1L	Blue	45cms	
New for 2020 a semi evergreen upright clump forming penstemon with large sturdy stems stacked with tubular sapphire blue flowers during the summer. The foliage is glossy and dark green.				
<i>Penstemon</i> 'Pristine Scarlet'	Taupe 1L	Red	45cms	
A semi evergreen clump forming penstemon ideal for the front of the border, It has dark green glossy foliage and upright stems carrying a mass of tubular bell flowers in scarlet.				
<i>Penstemon</i> 'Sour Grapes'	Taupe 1L	Purple	60cm	✓
Penstemon's quickly form good clumps and add a beautiful splash of colour to the summer border. This variety has reddish violet flowers with a white throat and maroon veining.				
<i>Penstemon</i> 'White Bedder'	Taupe 1L	White	60cm	✓
A fabulous addition to the garden, flowering over a long period. It produces pink buds followed by white tubular flowers.				
<i>Penstemon digitalis</i> 'Husker Red'	Taupe 1L	White	60cm	
An unusual Penstemon with maroon-red and green foliage. In summer a profusion of white flowers are held on rich red stems.				
<i>Perovskia</i> 'Blue Spire'	Taupe 2L	Blue	up to 1m	✓
This deciduous sub-shrub makes a fantastic addition to the late summer border. It has aromatic deeply divided silver-grey foliage and tiny blue tubular flowers are held on silvery stems in late summer and early autumn.				
<i>Pericaria amplexicaulis</i> 'Blackfield'	Green 2L	Red	60-90cm	
A clump forming perennial noted for its intense blood red flower spikes. The eye catching fluffy flowers open from almost black tipped buds into dusky scarlet flowers. Like all the amplexicaulis bistorts it is extremely long flowering, lasting from mid summer and through autumn.				
<i>Pericaria bistorta</i> 'Superba'	Taupe 2L	Pink	60 - 90cm	✓
Ideal for the back of the border it has large broad leaves and spikes of pale pink soft flowers.				
<i>Phlox paniculata</i> 'Blue Paradise'	Taupe 2L	Blue	up to 1.2m (3ft)	
Ideal for the back of the border this Phlox carries scented violet-blue flowers at the top of tall stems. Its fragrant flowers will attract bees and butterflies to the garden.				
<i>Phlox paniculata</i> 'David'	Taupe 2L	White	1m	✓
The large sweetly fragrant flower clusters create a spectacular show in the summer border. This is one of the best white varieties with bright green foliage and good mildew resistance.				

Plant	Pot Size	Flower	Height	AGM
<i>Phlox paniculata</i> 'Franz Schubert' The large sweetly fragrant flower clusters create a spectacular show in the summer border. This variety has soft lilac flowers with a darker centre.	Taupe 2L	Purple	up to 1m	✓
<i>Phlox paniculata</i> 'Grenadine Dream' The large sweetly fragrant flower clusters create a spectacular show in the summer border. This variety has reddish-purple flowers. Good for cut flowers and attracting butterflies.	Taupe 2L	Purple	upto 60cm	✓
<i>Phlox subulata</i> 'Emerald Cushion Blue' Low growing evergreen plant. Attractive lavender blue flower in clusters.	Taupe 1L	Blue	15cm	
<i>Phlox subulata</i> 'Kimono' Mossy Phlox forms a low mound or cushion of dark green needle-like leaves, smothered by tiny flowers in late spring. This variety, sometimes known as 'Candy Stripe' produces a pretty display of rose-pink flowers. Each petal is striped with white.	Taupe 1L	Pink White	15cm	
<i>Phlox subulata</i> 'McDaniel's Cushion' A low growing Phlox which forms a cushion of lush green foliage. In spring and early summer masses of dark pink flowers are produced covering the whole plant.	Taupe 1L	Pink	15cm	✓
<i>Phlox Tamaongalei</i> 'Candy Stripe' Low growing, evergreen plant. Attractive white flowers with large pink stripe up each petal and a maroon eye	Taupe 1L	Pink White	15cm	
<i>Polemonium</i> 'Bressingham Purple' A compact variety that produces purple-tinged foliage. Slender purple stems with purple leaves hold clusters of cupped, lilac-blue flowers marked in a darker blue with a small white centre. Flowers on and off for a long period between spring and autumn.	Taupe 2L	Purple	up to 50cm	
<i>Potentilla</i> 'Arc-en-ciel' Forms a clump of dark green, palmate, strawberry like leaves. Above the foliage stems bear loose clusters of double, rich red flowers flecked with yellow at the petal edges. Easy and trouble-free plant and its semi-trailing habit makes it good ground cover.	Taupe 2L	Red	50cm	
<i>Potentilla</i> 'Gibson's Scarlet' A beautiful low growing plant for the front of the border. It has strawberry like leaves above which bright red flowers are held.	Taupe 2L	Red	45cm	✓
<i>Primula beesiana</i> A beautiful candelabra Primula with tiers of purple-red flowers growing on upright stems. The leaves are crinkly and textured. Loves a lightly shaded damp, sheltered spot, ideal in a woodland border, or pond side planting.	Taupe 1L	Pink	10 - 50cm	✓
<i>Primula bulleyanna</i> A clump forming perennial whose flowers are borne in tiered clusters which rise above the basal rosettes of broadly oval leaves in late spring or summer. Candelabra primroses look most effective when grouped together in a bog garden or waterside location.	Taupe 1L	Orange	60cms	✓
<i>Primula denticulata</i> 'Lilac' Commonly known as the Drumstick primula. Spheres of bright lilac flowers held proudly above a rosette of mid-green foliage. Flowers appear early in spring. Look good in pots or containers.	Taupe 1L Taupe 2L	Purple	10 - 20 cm	
<i>Primula japonica</i> 'alba' Candelabra Primulas are perfect for a damp spot in the garden and are most effective when planted in drifts. They flower for a long period from March to June. A basal rosette of crinkly light green leaves carry erect stems bearing several whorls of delicate white flowers.	Taupe 1L	White	50cm	

Plant	Pot Size	Flower	Height	AGM
-------	----------	--------	--------	-----

***Primula japonica* 'Apple Blossom'**

Taupe 1L Pink 50cm

Candelabra Primulas are perfect for a damp spot in the garden and are most effective when planted in drifts. They flower for a long period from March to June. A basal rosette of crinkly light green leaves carry erect stems bearing several whorls of delicate pale pink flowers with a darker reddish centre.

***Primula japonica* 'Miller's Crimson'**

Taupe 1L Red 50cm ✓

Candelabra Primulas are perfect for a damp spot in the garden and are most effective when planted in drifts. They flower for a long period from March to June. A basal rosette of crinkly light green leaves carry erect stems bearing several whorls of small crimson flowers with a darker reddish centre.

Primula vialii

Taupe 1L Pink
Red
Purple 30 - 45cm ✓

A short lived perennial. Compact spikes of small lilac flowers with a brilliant red calyx appear in the late Spring. Enjoys a moist soil and will tolerate full sun or part shade.

Pulmonaria 'Sissinghurst White'

Taupe 2L White Height 30cm (12inch) ✓

An excellent groundcover plant with attractive foliage and early flowers. It has silver spotted green leaves above which are held pure white flowers.

Pulmonaria angustifolia 'Blue Ensign'

Taupe 2L Blue 30 - 40cm ✓

This is an early spring flowering plant, ideal for the front of a border. Masses of clear deep blue flowers above dark green foliage. Good ground cover in a shady location.

Pulsatilla var rubra

Taupe 1L Red 15 - 20 cm

This early spring plant has delicate foliage and elegant bell-shaped flowers with luminous yellow stamens. This variety produces flowers in shades of cerise. Once in the garden they will last for years and also show their enchanting hairy, feathery seed-heads.

Pulsatilla vulgaris 'Pearl Bells'

Taupe 1L Pink 30cm

A low growing plant with crocus like flowers of the softest pink which are covered in soft down. After flowering the attractive seed heads are feathery tufts.

R

Rhodanthemum 'Moondance'

Taupe 1L Pink
White 30cm

This mound-forming, woody-based, perennial is great for the edge of a border. It has soft hairy, finely divided, grey-green leaves. In spring to early summer erect stems bearing daisy-like, pale pink flowers are produced. These fade to white with age.

Rhodanthemum 'Pretty in Pink'

Taupe 1L Pink 20 cms

A mound forming evergreen with soft hairy finely divided grey green leaves and upright wiry stems bearing deep pink daisy like flowers which have a dark orange/brown central discs.

Rodgersia 'Bronze Peacock'

Green 2L Pink 60cm - 1m

A compact clump forming plant with large glossy, veined leaves. Attractive pink flowers on red stems in the summer.

Rudbeckia 'Giggling SmileyZ'

Taupe 2L Yellow 45-60 cms

This cross between a Rudbeckia and an Echinacea is vigorous and fast growing with a very long flowering season. It has large double butter yellow with mahogany flowers attached to dark chocolate cones which are borne on strong stems.

Plant	Pot Size	Flower	Height	AGM
<i>Rudbeckia</i> 'Kissing SmileyZ' A compact self supporting plant bearing wonderful burgundy flowers with yellow tips. Suitable for middle of the border or also look great in containers. Has an extensive flowering season from June through November.	Taupe 2L	Red	60cms	✓
<i>Rudbeckia</i> 'Little Gold Star' A recent introduction, this is a compact variety which flowers in abundance. The yellow daisy-like flowers sit on top of stout branching stems above mounds of lush green foliage.	Green 2L	Yellow	50cm

A lovely variety for the garden with hooded flowers in plum-purple. It flowers over a long period in summer and autumn. Fully hardy in freely draining soils, this bushy shrub will become drought tolerant once established				
<i>Salvia</i> 'Pink Amistad'	Taupe 2L	Pink	90cm	
A large Salvia plant displaying lipped pink flowers above lush green foliage. The foliage is aromatic as you would expect from a Salvia. It flowers from early summer through to November if the flowers are deadheaded throughout the season.				
<i>Salvia nemorosa</i> 'Caradonna'	Taupe 2L	Purple	up to 75cm	✓
A beautiful addition to the herbaceous border. This Salvia has spikes of purple flowers held above aromatic grey-green foliage. Ideal for attracting bees and butterflies.				
<i>Salvia nemorosa</i> 'Ostfriesland'	Taupe 2L	Blue	up to 45cm	✓
A compact variety ideal for the front of the herbaceous border. It has spires of violet-blue flowers during summer held above wrinkled mid-green leaves.				
<i>Salvia x superba</i> 'Blauhugel'	Taupe 2L	Blue	40cm	
An excellent Sage which forms a compact bushy plant covered with long spires of rich-blue lipped flowers opening from purple bracts. For sunny front or middle of border in any reasonable soil.				
<i>Salvia x sylvestris</i> 'Mainacht'	Taupe 2L	Blue	up to 75cm	✓
A delightful plant for the middle of any border. This salvia has spikes of indigo-blue flowers in early summer held above wrinkled grey-green leaves. Ideal for attracting bees and butterflies.				
<i>Sanguisorba menziesii</i>	Green 2L	Red	60 - 75cm	
Great for naturalistic planting schemes. They have finely toothed pinnate blue-green foliage, above which long-lasting crimson flower spikes hold themselves high on arching wiry stems. The flower-heads retain the deep red colour for many weeks and the seed heads keep their shape and colour well into winter increasing the seasonal interest.				
<i>Saxifraga x arendsii</i> 'Red'	Taupe 1L	Pink	15cm (6inch)	
A compact cushion forming perennial which flowers in early spring. It is usually evergreen and has fine needle like bright green leaves. In spring red/pink blooms appear on long thin stems high above the foliage.				
<i>Saxifraga x arendsii</i> 'White'	Taupe 1L	White	15cm	
A compact evergreen perennial which flowers in early spring. The foliage forms rosettes of flat-needle like sprays of leaves and is usually evergreen. In late spring small white flowers are held above the foliage on wiry stems.				
<i>Scabiosa</i> 'Vivid Violet'	Taupe 1L	Purple	25cm	
Ideal for the front of a border or container this is a superb compact variety. It forms a dense mass of short wiry stems and bears a multitude of pincushion like, vivid violet blooms for a long period.				

Plant	Pot Size	Flower	Height	AGM
<i>Scabiosa columbaria</i> 'Misty Butterflies'	Taupe 1L	Pink Blue	30cm	
Ideal for edging, rock gardens or containers. Plants form a low mound with taller stems that bear small lacy button flowers of soft lilac blue or sometimes pale pink. Remove faded blooms and plants will continue to flower for months. Attractive to butterflies.				
<i>Scabiosa incisa</i> 'Kudo White'	Taupe 1L	White	30cm	
A compact variety, perfect for pots and popular with pollinating insects. White pincushion flowers, tinged with pink are carried on slender stems above finely divided grey-green leaves.				
<i>Sedum</i> 'Autumn Joy'	Taupe 2L	Pink	45 - 60cm	✓
A great plant for the late summer border it has fleshy oval grey-green leaves, above which are flat-topped deep pink flowerheads. Drought tolerant, attracts bees and butterflies.				
<i>Sedum</i> 'Blue Cushion'	Taupe 1L	Yellow	15cm	
A fast growing, low sedum which is tolerant of dry soils. It forms a dense mat of conifer-blue foliage topped with brilliant yellow flowers in summer.				
<i>Sedum</i> 'Dark Magic'	Taupe 1L	Pink	40cm	
This superb variety has many great features in one plant. It has a short, upright habit with glossy, purple black leaves and produces multiple large crowns of dark pink flowerheads.				
<i>Sedum</i> 'Globe Yellow'	Taupe 2L	Pink Cream Yellow	35cm.	
A compact succulent plant with clusters of pink buds that open into creamy\yellow flower heads.				
<i>Sedum</i> 'Munstead Red'	Taupe 2L	Red	45cm	
A fabulous plant for late season colour. A compact variety it produces broad, flat heads of small, dark red flowers carried above glaucous foliage that is tinged purple.				
<i>Sedum</i> 'Oriental Dancer'	Taupe 2L	Pink		
A succulent perennial with clusters of small star shaped flowers.				
<i>Sedum</i> 'Sunsparkler Dream Dazzler'	Taupe 1L	Pink	20cm	
A new addition with its deep purple leaves with shocking pink edges and raspberry pink flowers. Its habit is compact but its growth is vigorous and it flowers from summer through to autumn, however its foliage provides amazing year round interest.				
<i>Sedum</i> 'Sunsparkler Lime Zinger'	Taupe 1L	Pink	20 cms	
One of a new range of low growing , spreading sedums with interesting foliage of green with red edging and fabulous flower power. Produces a mound of pink colour from mid summer to October. Loved by bees and butterflies.				
<i>Sedum</i> 'Sunsparkler Wildfire'	Taupe 1L	Red	20 cms	
A new addition with fiery red variegated foliage and intense red flowers. Its habit is compact but its growth is vigorous and it flowers from summer through to autumn, however its foliage provides amazing year round interest.				
<i>Sedum cauticola</i> 'Coca Cola'	Taupe 1L	Pink	up to 20cm	
A low growing sedum ideal for rockeries and gravel gardens. It has rounded spoon shaped leaves which are grey-green in colour. In summer masses of soft pink flowers are produced.				
<i>Sedum spathulifolium</i> 'Purpureum'	Taupe 1L	Yellow	30cm	✓
A mat forming perennial that produces spoon shaped fleshy leaves in whorls around the stem. The foliage is reddish purple and silver in colour. In summer bright starry yellow flowers appear. Great for rock gardens and decorative containers.				

Plant	Pot Size	Flower	Height	AGM
<i>Sedum spurium</i> 'Dragon's Blood' The brilliant star-shaped clusters of red flowers contrast nicely with the green succulent foliage. During summer the foliage is tinged with wine red margins but turns red with the cooler weather.	Taupe 1L	Red	10cm	
<i>Sedum telephium</i> 'Thunderhead' This is a deciduous perennial which has a strong compact habit with stout, upright stems of burgundy bearing masses of deep rose blooms from summer through to autumn. The plant is disease resistant and easy to grow, even looking good in the winter when the flowering is over. Bees and butterflies adorn this plant in the late summer and it makes a fabulous addition to any border.	Taupe 1L Taupe 2L	Pink	60-90 cms	
<i>Silene</i> 'Rosea' A pretty spreading alpine with lovely grey-green foliage. Delicate pink bell shaped flowers open from dark buds above the foliage in Summer.	Taupe 1L	Pink	5cm	
<i>Silene</i> 'Swan Lake' Forms a low growing trailing mound of grey-green foliage best over hanging a rock wall or container. Fully double white flowers appear in Summer. The flowers are so full of petals that they resemble a ballerina's skirt, hence the name.	Taupe 1L	White	10 - 15cm	
<i>Silene uniflora</i> A small low growing semi-evergreen plant which is useful for the front of sunny borders or gravel gardens. It has grey-green fleshy leaves and showy white flowers which appear in spring-summer.	Taupe 1L	White	15 - 20cm	
<i>Sisyrinchium</i> 'Sapphire' A beautiful little plant for the front of the border. It forms a clump of low growing bright green grassy like foliage. At the top of stout stems above the foliage sapphire blue flowers with yellow throats are produced in early summer.	Taupe 1L	Blue	15cm	
<i>Sisyrinchium striatum</i> A robust plant with sword shaped greyish-green leaves which form a fan around the flower stems. Cup-shaped pale yellow flowers are produced along the length of the stem throughout summer.	Taupe 2L	Yellow	up to 80 cm	
<i>Stachys byzantina</i> 'Silver Carpet' Grown for its beautiful silver foliage, this non flowering Stachys provides an unusual ground cover plant.	Taupe 2L		45cm	
<i>Symphyotrichum</i> 'Purple Dome' A compact, clump forming perennial ideal for autumn colour in the garden. It produces masses of deep-purple daisy like flowers with a contrasting yellow centre. Good food source for pollinating insects and butterflies in the autumn.	Taupe 2L	Purple	60cm	
<i>Symphyotrichum</i> 'Royal Ruby' Great for late colour in the garden. Royal Ruby has an upright, bushy habit and carries masses of daisy like semi-double, rich red flowers for a long period.	Taupe 2L	Pink	50cm	
<i>Symphyotrichum</i> 'Winston Churchill' A fabulous addition to the autumn garden and great for cut flowers and pollinating insects. Winston Churchill carries bright cerise-red, daisy like flowers on straight stems for a long period.	Taupe 2L	Pink	75cm	
<i>Symphyotrichum novi-belgii</i> 'Lady in Blue' A beautiful dwarf Aster ideal for the front of a border or container. It has semi-double lavender blue daisy like flowers.	Taupe 2L	Blue	25cm

T

Thalictrum 'Black Stockings'

Taupe 2L Purple 120cm - 180cm

Large clusters of bright lavender purple flowers are produced on near black stems above lacy foliage. Makes an unusual cut flower.

Thalictrum aquilegifolium

Taupe 2L Purple up to 1m

A beautiful plant for the back of the border. Airy clouds of purple-pink flowerheads are held above dissected aquilegia like foliage.

Thymus 'Doone Valley'

Taupe 1L Pink up to 12cm

This creeping Thyme has dark olive-green leaves with yellow spots above which are held tiny purple-pink flowers.

Thymus 'Hartington Silver'

Taupe 1L Pink up to 12cm

Ideal for a rock garden this Thyme creates a mat of scented creamy white variegated leaves above which are held tiny pink flowers in summer.

Thymus pulegioides 'Bertram Anderson'

Taupe 1L Pink up to 15cm ✓

An evergreen Thyme with small rounded golden leaves which are richly scented and full of flavour. It produces small clusters of pink flowers at the end of its stems in summer.

Thymus serpyllum 'Russetings'

Taupe 1L Pink up to 10cm

This creeping Thyme has tiny dark green leaves tinted with bronze. In summer tiny mauve flowers are held in clusters above the foliage.

Thymus x citriodorus 'Silver Queen'

Taupe 1L Pink up to 30cm ✓

This lemon scented Thyme has small ovate green leaves with silver margins. Tiny pale lilac flowers appear in summer.

Tiarella 'Iron Butterfly'

Green 2L Pink up to 40cm

Ideal for a semi-shady position this plant has deeply cut green leaves heavily marked with maroon above which spikes of very pale pink flowers are held.

Tiarella 'Spring Symphony'

Taupe 2L White 30cm ✓

Ideal for ground cover in a shady part of the garden. It has pretty, deeply lobed green leaves with a dark central blotch. Spikes of tiny star-shaped, white flowers are carried on slender stems above the foliage.

Tradescantia x andersoniana 'Bilberry Ice'

Green 2L Blue 30cm

A compact plant with strap shaped green leaves above which three petalled flat flowers sit. The flowers are blue-white with a splash of lavender in the centre.

Tradescantia x andersoniana 'Red Grape'

Green 2L Red 45cm (18inch)

A distinctive cottage garden perennial ideal for the front of the border. In summer it produces distinctive 3 petalled crimson red flowers above green foliage.

Tricyrtis formosana 'Pink Freckles'

Green 2L Pink 35cm

Excellent for a shady position in the garden and flowering in early summer through to autumn. 'Pink Freckles' produces star shaped lilac-white flowers with distinctive maroon spots.

Plant	Pot Size	Flower	Height	AGM
<i>Trifolium repens</i> 'Dragon's Blood'	Taupe 1L	White	15 - 20cm (7 - 8inch)	
A mat-forming perennial with white and green variegated leaves with red splashes. In spring and summer clusters of small white flowers appear on short stems.				
<i>Trifolium repens</i> 'Purpurascens Quadrifolium'	Taupe 1L	White	8 - 10cm	
A wonderful ground cover plant with deep purple leaves edged in green. In summer it produces small white clover like flowers which are attractive to bees.				
<i>Trollius chinensis</i> 'Golden Queen'	Taupe 1L Taupe 2L	Orange	30 - 60cm	✓
Rich orange flowers held above dark green foliage during May and June. These moisture loving plants look great by the side of a pond or stream or in a bog garden.				

V

<i>Verbascum</i> 'Dark Eyes'	Taupe 1L		25-30cms	
A compact cousin of the common mullein with a low rosette of grey/green leaves bearing flower spikes of yellow with maroon eyes from June through to September.				
<i>Verbascum</i> 'Honey Dijon'	Taupe 1L	Yellow Orange	40cms	
A compact but floriferous variety which is perfect in containers, for edging borders or in the sunny rock garden. Crispy-green leaves are held in a low rosette above which short spikes of satiny peach and gold flowers are produced. Remove spent blooms to encourage more buds.				
<i>Verbena</i> 'Homestead Purple'	Taupe 1L	Purple	up to 30cm	
A low growing vigorous Verbena great for the front of the border or in containers. Throughout summer it carries masses of deep purple flowers. Ideal for attracting bees and butterflies				
<i>Verbena</i> 'Margaret's Memory'	Taupe 1L	Pink	20cm	
A wonderful plant named in memory of the late Margaret Seabrook, wife to gardening pundit, Peter Seabrook. A bushy plant with healthy green foliage and masses of flowers from May to October. The flowers have distinctive two-tone colour appearance with a strong, dark pink centre slowly fading to light pink with the outermost flower appearing almost white.				
<i>Verbena</i> 'Sissinghurst'	Taupe 1L	Pink	15 - 20cm	✓
A fabulous mat forming Verbena excellent for edging a path or growing in a container. It flowers throughout summer producing brilliant pink flowers above mid-green foliage.				
<i>Verbena bonariensis</i>	Taupe 1L	Purple	1.2 - 1.8m	✓
Tall stems carry heads of small lilac-purple flowers from July to the first frosts. A popular 'see through' plant to enhance the late summer border.				
<i>Verbena rigida</i>	Taupe 1L	Purple	60cm	✓
A lovely low growing verbena ideal for the front of the border. It produces clusters of fragrant tiny purple flowers throughout summer which are attractive to butterflies.				
<i>Veronica</i> 'Charlotte'	Green 2L	White	60cm	
A brand new variegated veronica with beautiful white flowers. The green lance-shaped leaves have a creamy white margin. During summer spikes of white flowers are produced.				
<i>Veronica longifolia</i> 'First Choice'	Taupe 1L	Pink	40cm	

Plant	Pot Size	Flower	Height	AGM
-------	----------	--------	--------	-----

A compact variety ideal for the front of the border or containers. It forms a low mound of attractive deep green foliage and carries numerous spikes of shell pink flowers in early summer.

Veronica longifolia 'First Glory'

Taupe 1L Purple 40cm

A compact variety ideal for the front of the border or containers. It forms a low mound of attractive deep green foliage and carries numerous spikes of pure deep purple flowers in early summer.

Veronica longifolia 'First Lady'

Taupe 1L White 40cm

A compact variety ideal for the front of the border or containers. It forms a low mound of attractive deep green foliage and carries numerous spikes of pure white flowers in early summer.

Veronica longifolia 'First Love'

Taupe 1L Pink 40cm

A compact variety ideal for the front of the border or containers. It forms a low mound of attractive deep green foliage and carries numerous spikes of pure deep pink flowers in early summer.

Veronicastrum virginicum 'Erica'

Green 2L Pink 120cm

A tall spiky perennial great for adding vertical interest to the back of the border. During summer it produces spires of tiny pink flowers clustered around slender stems.

Veronicastrum virginicum 'Pink Glow'

Green 2L Pink up to 1.5m

An excellent plant for the back of the border with architectural spikes of pale pink flowerheads held on leafy stems.

Z

Zaluzianskya ovata 'Star Balsam'

Taupe 1L White Red 30cm

Known as Night phlox this fragrant plant carries dazzling whirling flowers with a gorgeous scent over aromatic evergreen foliage. The flowers are white with red reverse, close in the heat of the day and open in the evening releasing an intoxicating scent!

Ferns

Adiantum aleuticum 'Imbricatum'

Taupe 2L

30cm

This dwarf fern produces a sculptured, layered effect. It is a very hardy fern despite its delicate appearance. It produces blue-green foliage and purple wiry leaf stems.

Athyrium niponicum var pictum 'Red Beauty'

Taupe 2L

45cm

The Japanese Painted Fern is one of the most popular ferns grown today. Great for a shady border. The fronds appear painted and this variety boasts strong colours. It is silvery grey-green with deep wine-red colour towards the centre and pronounced burgundy midribs.

Dryopteris atrata

Taupe 2L

80 cms

A tough, hardy, usually semi-evergreen attractive fern with shuttlecock like rosettes. It has dark, almost black leaf base.

Osmunda regalis

Taupe 2L

60 -
180cm

Known as the Royal Fern. It has broadly ovate fronds on trunk like rhizomes. New growth is trimmed with silver down. A trouble free variety providing statuesque foliage.

Polystichum setiferum 'Herrenhausen'

Taupe 2L

36cm

A lovely variety of our native evergreen fern. It has filigree-fine fronds that form a lacy rosette. It is ideal at the front of a shady border or in a woodland setting among contrasting ferns and foliage plants. In late spring or early summer new fronds unfurl. Once unwound, the tip of each leaf remains tightly curled with a knot of silver-white hairs.

Plant	Pot Size	Flower	Height	AGM
-------	----------	--------	--------	-----

Grasses

Calamagrostis x acutiflora 'Karl Foerster'

Taupe 2L Green Up to 2m

A handsome reed like grass adaptable to many garden situations. It produces feathery green flowerheads in summer which fade to buff. Planted in groups it will create a feathery effect. The flowerheads last well into the winter making it an excellent architectural plant.

Carex 'Ice Dance'

Taupe 2L Brown 30cm

Sedges are grass-like plants grown for their foliage. This variety forms a low, tufted mound of dark green grassy leaves, each edged in bright white. Small spikes of brownish flowers appear in late spring, but these are insignificant.

Carex 'Milk Chocolate'

Taupe 2L Brown 60-80cm

A beautiful arching bronze grass, ideal for adding movement, texture and colour to herbaceous borders. It has deep bronze coloured pendulous foliage throughout the year and a few flowers in summer.

Carex buchananii

Taupe 2L Brown 75cm (30inch) ✓

A versatile and unusual evergreen grass. It has coppery-brown leaves throughout the year and produces brown flower spikes in late summer.

Carex oshimensis 'Evergold'

Green 2L Brown 25cm ✓

A short evergreen sedge which forms mounds of foliage. It has striking green leaves with a central strip of creamy yellow. In summer brown flower spikes are produced.

Deschampsia cespitosa 'Goldschleier'

Taupe 2L Yellow 1m

Ornamental grass *Deschampsia cespitosa* 'Goldschleier' is a clump forming evergreen with stiff dark green leaves. Arching panicles of golden flower spikes appear in summer.

If left the attractive seed heads will last long into winter providing another season of interest in the garden.

Elymus 'magellanicus'

Taupe 2L Green 60cm

A superb architectural grass which spreads slowly to form clumps of superb silvery blue elongated foliage. Pale green flower spikelets are produced in summer.

Eragrostis elliottii 'Wind Dancer'

Taupe 1L Brown Up to 1m

A stunning grass, graceful in appearance with dense bluish green leaves. From July light airy flower spikes appear, turning brown then yellow in autumn.

Festuca glauca 'Elijah Blue'

Taupe 1L Blue up to 15cm

A small ornamental blue leaved grass. It has dense, erect, narrow spiky blue-grey leaves and forms little mounds. Best planted in irregular groups.

Hakonechloa macra 'All Gold'

Taupe 2L Green 20cms ✓

A bright golden slow growing grass that forms a low mound of arching blades. Originates from Japan.

Hakonechloa macra 'Mulled Wine'

Green 2L 20-30cm

An attractive slow growing grass with a cascading habit. In summer the leaves are white green but as autumn approaches they turn an intense red and finally pink. Ideal for the herbaceous border.

Leymus arenarius 'Blue Dune'

Taupe 2L Cream 100cms

A beautiful blue/grey semi-evergreen grass, native to Western Europe. Develops cream seed heads during the summer

Miscanthus sinensis 'Morning Light'

Green 2L Brown 1.8m (5ft) ✓

A beautiful grass with an arching habit which creates a fountain effect in the garden. The leaves are green with narrow cream margins. In summer reddish-brown flowers spikes appear which last well into the autumn.

Plant	Pot Size	Flower	Height	AGM
<i>Miscanthus sinensis</i> 'Zebrinus' A tall grass with architectural stems carrying feather like sprays of silky pink-brown flowers in Summer. The leaves are variegated with a distinct golden band across them.	Green 2L		1.5m	✓
<i>Molinia caerulea subsp arundinacea</i> 'Sky Racer' A tall upright clump forming grass which is good for adding structure within the garden. It produces arching green foliage creating a fountain effect. In summer panicles of purple flower spikes appear.	Taupe 2L	Purple	up to 2m	
<i>Panicum</i> 'Heavy Metal' This variety has clumps of very upright grey green foliage with large panicles of tiny purplish spikelets in summer.	Taupe 2L	Purple	1.2m	
<i>Panicum virgatum</i> 'Sangria' An ornamental grass ideal for adding structure to the border. Fountains of green foliage, project upwards turning blood red in colour as the season progresses. Above the foliage delicate airy flower heads are produced with seed heads lasting through winter.	Green 2L	Brown	up to 1m	
<i>Pennisetum advena</i> 'Fireworks' A deciduous clump forming grass that has linear flat leaves coloured burgundy-red with pink margins. If grown in semi-shade leaves are green with white margins.	Taupe 2L	Red	120cms	
<i>Pennisetum advena</i> 'Sky Rocket' A popular ornamental grass useful for creating movement and texture in the border. Sky Rocket is a deciduous grass which forms a graceful clump of slender, variegated leaves. In midsummer it is topped with soft panicles of silvery pink flowers.	Taupe 2L	Pink	up to 1m	
<i>Pennisetum alopecuroides</i> 'Hameln' This grass forms clumps of arching foliage which turns deep yellow in autumn. Creamy white flowers with orange stamens appear in late summer.	Taupe 2L	Yellow	60 - 90cm	
<i>Schizachyrium</i> 'Smoke Signal' A perennial grass with an upright habit that provides a wonderful colour show, turning from blue-green to deep red and purple in the summer and autumn. White tufts of seed heads add extra interest to the autumn foliage.	Green 2L	Brown	up to 1m	
<i>Schizachyrium</i> 'Twilight Zone' A perennial grass with an upright habit. The foliage is iridescent silvery mauve and this intensifies during autumn to give purple highlights on the flower stems.	Green 2L	Brown	Up to 1m	
<i>Stipa gigantea</i> A magnificent grass for creating a focal point. The arching stems carry golden oat like flowerheads which last throughout the summer.	Green 2L	Yellow	up to 1.2m	✓
<i>Stipa tenuissima</i> A dense grass with bright green leaves and wiry stems carrying pale green plumes which fade to beige. Best grown in drifts where the effects of light can be seen running through the flowers.	Taupe 1L		up to 60cm	
<i>Uncinia rubra</i> 'Everflame' Ideal for the front of a border or pot this small sedge has a neat and upright habit with reddish or bronzed foliage. Each leaf is bronze with vivid bright red margins which gleam in the sun.	Taupe 2L		30cm	

Plant	Pot Size	Flower	Height	AGM

Shrubs

Abelia grandiflora 'Magic Daydream'

Taupe 3L Pink 90cm

A compact, bushy habit with glossy colourful foliage perfect for containers or the border. It produces masses of fragrant flowers which change colour from white to pink throughout the season.

Arbutus unedo 'Compacta'

Taupe 3L Pink
White up to
2.5m

Arbutus are evergreen trees and shrubs. 'Compacta' is a small variety and has red-brown bark and mid-green leathery leaves. In Autumn sprays of pink-tinged, white bell-shaped flowers appear together with the previous year's rough-skinned, strawberry like fruit.

Buddleja 'Butterfly Towers Magenta'

Taupe 3L Pink 1.5m to
2.00m

This is a very new unique shrub, that grows vertically and becomes a tower of magenta flowers in late spring and summer. It is good for hedges and screens.

Buddleja 'Buzz Lavender'

Taupe 3L Purple 60cm

An excellent shrub for containers and raised beds. This compact version of the Buddleja produces spikes of wonderful violet-lilac flowers with an orange eye above silver-grey foliage.

Callicarpa bodinieri var. *giraldii* 'Profusion'

Taupe 3L Pink 3m ✓

A fabulous deciduous shrub grown mainly for its startlingly colourful berries. It has dark green foliage and panicles of small pale pink flowers during summer. In autumn the flowers are followed by an abundance of purple berries.

Caryopteris x clandonensis 'Hint of Gold'

Taupe 3L Blue Up to 1m ✓

A bushy deciduous shrub that loves sunshine. Bright gold - yellow leaves with a green margin, and rich blue flowers from late summer to early autumn.

Caryopteris x clandonensis 'White Surprise'

Taupe 3L Blue 90cm

This plant is a sport of *Caryopteris x clandonensis* 'Heavenly Blue'. It is a compact upright shrub with variegated aromatic foliage. In summer the stems are adorned with rich, lavender-blue whorls of flowers.

Caryopteris x clandonensis 'Worcester Gold'

Taupe 3L Blue 1m ✓
(36inch)

A small deciduous shrub suitable for any garden. It has dark yellow aromatic foliage. During the summer it produces clusters of small blue flowers.

Ceanothus 'Blue Mound'

Taupe 3L Blue Up to 1m ✓

'Blue Mound' is a bushy medium-sized evergreen shrub with glossy oblong-ovate leaves and compact heads of small bright blue flowers. The flowers appear in early summer and last for weeks.

Ceanothus arboreus 'Trewithen Blue'

Taupe 3L Blue up to 6m

A large, spreading evergreen shrub noted for its abundant pyramid shaped clusters of fragrant blue flowers. The blooms are born on arching branches between late spring and early summer.

Choisya ternata

Taupe 3L White up to 2m ✓
(8ft)

A quick growing evergreen shrub with dark green, glossy foliage. In late spring a profusion of fragrant star-shaped white flowers is produced. Light pruning after flowering may encourage a second flush of flowers.

Cistus 'Snow Fire'

Taupe 3L White 60cm ✓

This shrub is dense, evergreen and rounded with lance shaped leaves. Attractive white flowers with maroon at the base of the petals.

Plant	Pot Size	Flower	Height	AGM
<i>Cistus x pulverulentus</i> 'Sunset'	Taupe 3L	Pink Yellow	up to 50cm	✓
A low growing ,bushy shrub with wavy green grey leaves. Rose pink flowers are produced in the summer.				
<i>Coprosma</i> 'Eclipse'	Taupe 3L		.45cm	
This shrub would be a fantastic addition to any garden with its gorgeous colourful foliage of pinks, oranges, browns, purples and red, which reflect the light. Can be grown in a container or bed.				
<i>Cornus</i> 'Flaviramea'	Taupe 3L	White	1.5 - 2.5m	✓
A medium deciduous shrub that forms thickets of yellow/green stems in winter. It has red/orange leaves in the autumn. Small white flowers in clusters change to white berries .				
<i>Cornus sanguinea</i> 'Midwinter Fire'	Taupe 3L	White	2m	
A spreading shrub with orange/red and yellow young shoots. White flowers in summer.				
<i>Cotinus coggygria</i> 'Golden Spirit'	Taupe 3L	Green	2m	
A fabulous smoke bush with golden yellow round leaves. The foliage turns orange and red through autumn providing late interest in the garden. In summer plumes of fluffy, smoke like green flowers appear.				
<i>Cotinus coggygria</i> 'Royal Purple'	Taupe 3L	Pink	up to 5m	✓
An eye catching deciduous shrub ideal as a specimen plant in a sunny border. It has magnificent purple-red oval leaves which turn scarlet in autumn. In summer plumes of fluffy pink flowers appear creating a hazy effect.				
<i>Cotoneaster</i> 'Cornubia'	Taupe 3L	White	Up to 6m	✓
A large semi evergreen shrub which is compact and rounded. Dark green leaves and white flowers in the summer. Clusters of bright red berries in autumn				
<i>Cytisus</i> 'Burkwoodii'	Taupe 3L	Red Yellow	1 - 1.5m	✓
Small deciduous shrub with deep crimson flowers.				
<i>Deutzia</i> 'Raspberry Sundae'	Taupe 3L	Pink White	80-90cm	
A rather stunning new dwarf shrub. Large clusters of two-toned pink and white scented flowers hang on gently arching branches. A good plant for late spring.				
<i>Euonymus fortunei</i> 'Emerald 'n' Gold'	Taupe 3L		50cm (20inch)	✓
An evergreen bushy shrub grown for its vivid foliage. It has bright green leaves with yellow margins which are tinged pink in winter.				
<i>Exochorda</i> 'Niagara'	Taupe 3L	White Yellow	1.5m	
A fast growing, compact variety of this shrub, which has white flowers with yellow centres. It is good for either pot or borders.				
<i>Fuschia</i> 'Delta's Sara'	Taupe 3L	White Blue	Up to 1m	
This newly introduced deciduous shrub will add a delightful splash of colour to the garden. Beautiful large white, violet\blue bell like flowers hang along the stems.				
<i>Fuschia</i> 'Riccartonii'	Taupe 3L	Pink Red	Height up to 2m	
This fuschia has bronze tinted dark green foliage. During the summer small, single, scarlet and dark purple flowers hang from arching stems.				

Plant	Pot Size	Flower	Height	AGM
<i>Griselinia littoralis</i>	Taupe 3L	White Yellow	4 - 8m	✓
A fast growing evergreen shrub. Light green oval leaves and inconspicuous yellow green flowers in the spring. If male and female plants are grown together, purple fruits are produced in autumn.				
<i>Hydrangea paniculata</i> 'Pink Diamond'	Taupe 3L	Pink White Cream	1.5 - 2.5m	✓
A bushy deciduous vigorous growing shrub. Beautiful creamy white flowers that age to a deep pink in late summer and autumn.				
<i>Hydrangea paniculata</i> 'Wim's Red'	Taupe 3L	Pink White Red Cream	Up to 2m	
A bushy deciduous shrub. Attractive toothed leaves on lovely red stems. Long cone shaped flowers that start white, changing to pink through to wine red in autumn.				
<i>Leucothoe fontanesiana</i> 'Makijaz'	Taupe 3L		50cm	
Leucothoe are evergreen shrubs grown for their colourful foliage. Makijaz forms a low mound of foliage and stands out for its fabulous colours. The new shoots emerge in Spring in shades of bronze and pink, before maturing to green with fabulous white marbling. In Autumn the foliage is just as striking turning burgundy red throughout winter.				
<i>Leycesteria formosana</i> 'Little Lanterns'	Taupe 3L	Pink White	Up to 2m	
This is a new dense compact variety, perfect for the smaller garden or container. It is easy to grow in most soil but likes full sun to semi shade. Attractive bright foliage starting with lime coloured stem but red shoots turning to bright golden yellow by mid summer. Attractive white pendant flowers in summer and deep purple berries in winter.				
<i>Lophomyrtus ralphii</i> 'Magic Dragon'	Taupe 3L	White	1 -1.5m	
A dense upright evergreen shrub with small oval leaves that are dark red with a pink or cream margin. Mature plants produce small white cup shaped flower in late summer and black berries in winter.				
<i>Osmanthus x burkwoodii</i>	Taupe 3L	White	up to 3m	✓
A dense, slow-growing but large evergreen shrub of rounded habit. It has dark green oval leaves and clusters of small, highly-scented white flowers. These are occasionally followed by black fruits				
<i>Parahebe catarractae</i> 'Avalanche'	Taupe 3L	White	up to 50cm	
A ground covering shrub that produces a mass of pretty white flowers during the Summer months. It has dark green serrated leaves.				
<i>Philadelphus</i> 'Belle Etoile'	Taupe 3L	White Purple	1 -1.5m	✓
A compact, medium sized deciduous shrub with oval leaves. Highly scented white flowers ,tinged purple in the centre.
