

STARTS APRIL ART THERAPY

Art In Nature

Mires Beck is a wonderful 14-acre green site with a plant nursery, conservation area and woodland. We are holding art in nature classes to offer people some relaxation in our tranquil space, whilst teaching people the fundamentals of art, whether painting, or creating unique pieces using the nature on offer at the site.

This opportunity is open to the community who may need a new direction and may also appeal to people also working in the care profession at this time.

Saturdays

10am - 2pm

Experience art and nature coming together at our wonderful rural plant nursery.
