Our new catalogue for 2024

Mires Beck Nursery is a Registered Charity with the primary aim of providing horticultural training and work experience for people who have a learning difficulty or disability. Our constant aim is that all who come to the nursery will enjoy and benefit from being involved in a productive, therapeutic and creative work environment. Our experience has shown that people who are involved in the wide range of activities undertaken here develop practical and social skills and grow in confidence and self-esteem.

An extensive range of plants are grown at the nursery including herbaceous perennials, wildflowers, shrubs and herbs. Everyone coming to Mires Beck is involved in the production and care of these plants. Every aspect of the plant's production is carried out by hand by our team. This includes propagation, potting up and weeding. Before being sent out for sale our plant preparation team collect the orders, clean and label each plant individually before putting in marketing trays for delivery. We take great pride in the quality of our plants, displays and presentation which is why customers come back.

Our plants are grown outside all year long in peat free compost with a slow release feed. Plants for sale are grown in recyclable taupe pots with recyclable labels. We are fully compliant with the plant passport regulations and can supply documentation in an easily accessible format for your records as well as labelling the plants.

At Mires Beck we continually assess which plants are performing well and watch the market place carefully to see which plants are in fashion. We have discontinued plants that we feel do not perform well and taken the opportunity to introduce new and exciting varieties. The new plants are listed at the front of the catalogue and are highlighted in green text throughout. The catalogue is compiled alphabetically and details pot size, flower colour, height and whether the plant has been awarded the RHS Award of Garden Merit.

As part of our service to garden centres we offer pre-priced and bar-coded labels. Our labels have full colour pictures, plant descriptions and planting information. Throughout the summer we offer a weekly availability list and regular delivery routes.

Thank you for your continued support. We look forward to working with you this year.

New Plants for 2024

Achillea 'Cerise Queen'
Achillea 'Coronation Gold'
Achillea 'White Beauty'
Agastache 'Morello'
Alchemilla erythropoda
Aquilegia 'Kirigami Mixed'
Arabis 'Little Treasure Deep Rose'
Astilbe 'Delft Lace'
Artemisia 'Oriental Limelight'
Aubrieta 'Royal Blue'
Aubrieta 'Royal Violet'
Bergenia Harzkristall
Bergenia 'Red Beauty'
Brunnera 'Betty Bowring'
Chelone obliqua var alba
Chrysanthemum 'Dutchess of Edinburgh'
Corydalis 'Blue Heron'
Crocasmia 'Sunglow'
Dictamnus albus
Erodium pelargoniflorum
Euphorbia 'Miners Merlot'
Fatsia japonica 'Spider Web'
Filipendula 'Kahome'
Gaura lindheirmeri 'Corries Gold'
Gerbera 'Garvinea Sweet Blaze'
Geum Totally Tangerine
Gypsophila cerastioides
Heliopsis 'Summer Nights'
Heliopsis 'Venus'
Hemerocallis 'Little Grapette'
Hepatica nobilis
Heuchera 'Little Cutie Coco'
Heuchera 'Palace Purple'
Hosta 'Blue Mouse Ears'
Iris 'Cherry Garden' (dwarf)

Symphyotrichum 'White Ladies'
Veronica austriaca 'Ionian Skies'
Veronica prostrata 'Trehane'
Veronicastrum virginicum 'Lavendelturm'

Perennials

A

Acanthus mollis

Taupe 2L	Pink White	1.2m	
----------	---------------	------	--

A fully hardy, semi evergreen, upright clump forming perennial with long oval green leaves. It produces white and pink flowers, with purple bracts, from May to September.

Achillea 'Cerise Queen'

Taupe 2L	Pink	1m	
----------	------	----	--

A hardy upright perennial with fern like leaves. It produces small cerise pink flowers, on tall stems, throughout the summer. Looks good in the back of the border and as cut flowers.

Achillea 'Coronation Gold'

Taupe 2L	Yellow	75cm	✓
----------	--------	------	---

A hardy upright perennial with fern like leaves, which produces small bright yellow flowers, on upright stems, from late spring and throughout the summer. Good for cut or dried flowers. Looks good at the back of the border.

Achillea 'Fanal'

Taupe 2L	Red	75 - 90cm	
----------	-----	--------------	--

An ideal plant for the back of the border this *Achillea* produces large flat clusters of red flowerheads held on tall stems above fragrant fern like foliage. Good for cut flowers.

Achillea 'Moonshine'

Taupe 2L	Yellow	45 - 60cm	✓
----------	--------	--------------	---

An ideal plant for the back of the border this *Achillea* produces large flat clusters of yellow flower heads held on tall stems above fragrant fern like foliage. Good for cut flowers.

Achillea 'Skysail Yellow'

Taupe 1L	Yellow	30cm	
----------	--------	------	--

Perfect for a herbaceous border, *Achilleas* are easy to care for and drought tolerant. *Skysail Yellow* has fern like green foliage above which flat heads of bold yellow flowers are produced. Great as a cut flower.

Achillea 'Strawberry Seduction'

Taupe 2L	Red	60cm	
----------	-----	------	--

Perfect for a herbaceous border, *Achilleas* are easy to care for and drought tolerant. *Strawberry Seduction* has fern like green foliage above which flat heads of tiny red flowers are produced. Great as a cut flower.

Achillea 'Terracotta'

Taupe 2L	Orange	up to 1m	
----------	--------	----------	--

A fabulous variety with grey green fern like foliage above which flat heads of tiny individual terracotta flowers are held. The flowers are long lasting and eventually fade to a soft yellow.

Achillea 'Walther Funcke'

Taupe 2L	Orange	30 - 60cm	
----------	--------	--------------	--

An ideal plant for the back of the border this *Achillea* produces large flat clusters of orange-red flower heads fading to creamy yellow held on tall stems above fragrant fern like foliage. Good for cut flowers.

Achillea 'White Beauty'

Taupe 2L		75cm	
----------	--	------	--

A hardy upright perennial with fern like leaves, it produces small white flowers, on tall stems, from late spring and throughout the summer. Good as cut flowers. Looks good in the back of the border.

Actaea pachypoda 'Misty Blue'

Green 2L	White	60cm (24inch)	
----------	-------	------------------	--

A shade loving perennial with upright stems carrying bluish, slightly silver green foliage. In spring plumes of fluffy creamy white flowers open. These are followed by clusters of white doll's eye berries which are held on red stems.

Agapanthus africanus 'Albus'

Taupe 2L	White	1m	
----------	-------	----	--

A clump forming, evergreen perennial with mid green strap shaped leaves. It produces white trumpet shaped flowers in the late summer. Hardy in mild and coastal parts of the United Kingdom.

Plant	Pot Size	Flower	Height	AGM
<i>Agapanthus</i> 'Big Blue' A clump forming perennial with strap shaped leaves. Large blue funnel shaped flower heads are held on erect stems.	Taupe 2L	Blue	up to 1m	
<i>Agapanthus africanus</i> 'Albus' A clump forming, evergreen perennial with mid green strap shaped leaves. It produces white trumpet shaped flowers in the late summer. Hardy in mild and coastal parts of the United Kingdom.	Taupe 2L	White	1m	
<i>Agastache</i> 'Blue Boa' Agastache are great for attracting bees, butterflies and other beneficial insects to the garden. Blue Boa produces spikes of stunning deep violet blue flowers held over deep green foliage. They are Drought tolerant so great for borders and containers.	Taupe 1L	Blue	60cm	
<i>Agastache</i> 'Black Adder' A wonderful plant for attracting bees and butterflies to the garden. It has aromatic fresh green leaves above which spikes of violet flowers are held. The flowerheads last well into the autumn and winter providing winter interest.	Taupe 1L	Purple	90cm (36inch)

<i>Agastache rugosa</i> 'Golden Jubilee' A striking plant with attractive golden yellow foliage, above which spikes of violet-blue flowers are held during summer.	Taupe 1L	Purple	upto 60cm	
<i>Ajuga</i> 'Black Scallop' Ajuga are great for providing Autumn foliage colour in planted containers and at the front of the border. This variety has shiny black bronze leaves. In late Spring short blue flower panicles appear above the foliage.	Taupe 1L	Blue	12cm	
<i>Ajuga</i> 'Gold Chang' An unusual Ajuga which has lime/yellow leaves with pale pink flowers in early Spring. This herbaceous perennial is low growing and great for ground cover	Taupe 1L	Pink	15cms	
<i>Ajuga reptans</i> 'Chocolate Chip' An attractive ground cover plant with dark green foliage overlaid with chocolate brown. In spring short attractive spikes of blue flowers appear.	Taupe 1L	Blue	10 - 15cm	
<i>Alchemilla erythropoda</i> A hardy clump forming perennial. Forms lime green star shaped flowers over notched mid green leaves. Flowers spring to summer. Looks good in a rockery garden or a container.	Taupe 1L	Green	up to 50cm	✓
<i>Alchemilla mollis</i> A very useful ground cover plant forming a neat clump of attractively lobed leaves which look especially good after dew or rain when droplets of water are held on the leaves. Masses of yellow flowers throughout summer. Cut back after flowering for a fresh flush.	Taupe 1L Taupe 2L	Yellow	30 - 60cm	✓
<i>Alstroemeria</i> 'Inca Goal' Perfect for cut flowers and suitable for containers and borders. Alstroemeria are exotic looking perennials. This variety has heavenly pink funnel shaped flowers with golden blushes at the centre. Flowers continuously from June to November.	Green 2L	Pink	50 cm	
<i>Alstroemeria</i> 'Inca Sundance' Alstroemeria are grown for their bright attractive showy blooms which flower freely in the garden or in pots. They are perfect for cut flowers. The flowers are funnel shaped and carried in clusters. 'Inca Sundance' is a beautiful creamy yellow with distinct brown markings in the throat.	Green 2L	Yellow	30cm	

Plant	Pot Size	Flower	Height	AGM
<i>Alstroemeria</i> 'Inca Sweety' Alstroemeria are grown for their bright attractive showy blooms which flower freely in the garden or in pots. They are perfect for cut flowers. The flowers are funnel shaped and carried in clusters. 'Inca Sweety is a beautiful creamy white with dark pink throat with yellow.	Green 2L	White	30cm	
<i>Amsonia</i> 'Blue Ice' Easy to grow and look after Amsonia has willow like leaves and forms a dense cluster of foliage. Above which in late spring beautiful blue star-shaped flowers are borne in clusters at the end of each stem.	Taupe 2L	Blue	up to 50cm	
<i>Anaphalis triplinervis</i> 'Sommerchnee' An upright, clump forming, hardy perennial. It produces clusters of small white flowers from mid summer until the autumn. Looks good in the front of the border or dried and used for winter decoration.	Taupe 2L	White	25cm	✓
<i>Anchusa azurea</i> 'Loddon Royalist' Herbaceous perennial with coarsely hairy stems and leaves. Azure like small blue flowers are borne on erect, branching stems. Enjoys a sheltered sunny position in well drained but moist soil, will tolerate part shade.	Taupe 2L	Blue	Up-to 1m	
<i>Anemone blanda</i> 'Blue Shades' Mat forming, low growing and spreading tuberous perennial with lobed leaves and wide blue daisy like flowers, which form in the spring. Looks great with other woodland plants such as primroses.	Taupe 1L	Blue	15cm	
<i>Anemone blanda</i> 'Charmer Pink' Mat forming, low growing and spreading tuberous perennial with lobed leaves and wide pink daisy like flowers, which form in the spring. Looks great with other woodland plants such as primroses.	Taupe 1L	Pink	15cm	
<i>Anemone</i> 'Little Breeze Kiss' A dwarf, upright Anemone with deep green foliage and single dark pink flowers.	Taupe 2L	Pink	55cm	
<i>Anemone</i> 'Little Breeze Sweet' A compact variety of Anemone with deep green foliage and masses of double bright pink flowers.	Taupe 2L	Pink	40cm	
<i>Anemone x hybrida</i> 'Queen Charlotte' A vigorous Anemone with green lobed leaves. In summer on airy stems large bright pink flowers are produced.	Taupe 2L	Pink	80 - 125cm	✓
<i>Anemone x hybrida</i> 'Honorine Jobert' A delightful late summer flowering cultivar. It has bold lobed leaves above which sit pure white flowers on airy stems.	Taupe 2L	White	50 - 120cm	✓
<i>Anemone hupehensis var japonica</i> 'Pamina' A great addition for the late summer border. 'Pamina' produces large double, cup shaped pink flowers above deeply cut deep green leaves.	Taupe 2L	Pink	up to 90cm	✓
<i>Anemone</i> 'Prinz Heinrich' This attractive Japanese Anemone is one of the longest flowering perennials which has semi-double rose pink saucer shaped flowers. It flowers late into the Autumn and looks particularly good with grasses in a natural setting.	Taupe 2L	Pink	70cms	
<i>Anthemis tinctoria</i> 'E.C. Buxton' Masses of lemon yellow flowers produced over a long period make this an excellent choice for the border. Flowers last well when cut.	Taupe 1L Taupe 2L	Yellow	40 - 60cm	

Plant	Pot Size	Flower	Height	AGM
<i>Anthemis tinctoria</i> 'Lemon Ice'	Taupe 1L Taupe 2L	Yellow	45cms	
A lovely bushy perennial with creamy yellow daisy like flowers and a bright yellow centre. this plant has green, finely dissected leaves, which are slightly aromatic if crushed.				
<i>Aquilegia</i> 'Black Barlow'	Taupe 1L	Purple	50cm	
A great plant for the early summer border and good for cut flowers. Black Barlow is a double flowered variety with stunning rich deep purple, almost black petals. The flowers are held on spindly upright stems above bushy grey-green foliage.				
<i>Aquilegia</i> 'Kirigami Mixed'	Taupe 1L	Mixed	60cm	
Hardy perennial with green lacy leaves, it produces upward facing flowers from spring until summer. Comes in a variety of colours.				
<i>Aquilegia</i> 'Red Hobbit'	Taupe 1L	Red	45cm	
A compact variety with deeply divided blue/green leaves. Bright-red flowers with a white corolla are held on long stems above the foliage.				
<i>Arabis</i> 'Little Treasure Deep Rose'	Taupe 1L	Pink	20cm	
Mat forming, hardy, evergreen perennial. Looks great in a rock garden. Forms stems of fragrant deep rose-pink flowers in late spring over toothed grey/green leaves. Fully hardy.				
<i>Armeria maritima</i> 'Alba'	Taupe 1L	White	20cm	
A tough little plant found by the sea. Ideal for the front of the border it makes a good ground cover plant with mounds of foliage, above which flowerheads of small white flowers are held throughout spring.				
<i>Armeria maritima</i> 'Splendens'	Taupe 1L	Pink	10 - 20cm	
A low growing, clump forming, long flowering, tough little plant, found naturally on sea cliffs. A good plant for the rockery or front of the border. Also good in pots and containers.				
<i>Artemisia</i> 'Oriental Limelight'	Taupe 2L	White	50cm	
A hardy perennial that has lime green and speckled yellow leaves. It produces small white flowers from July to August, but it mainly grown for its fragrant foliage. Looks good in a container or in the border.				
<i>Artemisia</i> 'Powis Castle'	Taupe 2L	Yellow	60cm	✓
Grown for its aromatic silver foliage this shrubby perennial is ideal for a sunny border. It has fine, feathery silver foliage with tiny yellow flowers in late summer.				
<i>Artemisia schmidtiana</i> 'Nana Attraction'	Taupe 1L		15cm	✓
A fabulous addition to the rock garden or front of a border. It forms a cushion of feathery silver-grey foliage.				
<i>Aruncus diocius</i>	Taupe 2L	White	1.5 - 2m (4 - 6ft)	✓
A good plant for the back of the border. In early summer beautiful plumes of feathery white flowers are produced above toothed mid-green leaves.				
<i>Aster</i> 'Autumn Jewels Purple Diamond'	Taupe 2L	Purple	35cm	
A compact deciduous bushy plant with slender, narrow branch shaped leaves, it produces bright pink and purple flower heads in autumn.				
<i>Aster</i> 'Autumn Jewels Rose Quartz'	Taupe 2L	Pink	35cm	
A compact deciduous bushy plant with slender, narrow branch shaped leaves, it produces rose purple blooms around a yellow centre. Flowers in autumn.				
<i>Aster x frikartii</i> 'Monch'	Taupe 2L	Blue	90cm (40inch)	✓
A traditional Aster for the back of the border. It has a long flowering season and should not require staking. It has lavender-blue single daisy like flowers.				

Plant	Pot Size	Flower	Height	AGM
<i>Aster</i> 'Twilight ' Syn <i>Eurybia x herveyi</i>	Taupe 2L	Blue	60cm	
An easy-to-grow perennial great for late summer/autumn colour in the herbaceous border. Its spreading stems produce loose sprays of delicate pale blue daisy-like flowers from August through to October. A superb variety that will				
<i>Astilbe x arendsii</i> 'Diamant'	Taupe 2L	White	90cm	
A fine plant for a moist shady situation. The divided foliage is tinted bronze in spring turning to green. In early summer dense sprays of white flowers are held above the foliage.				
<i>Astilbe</i> 'Delft Lace'	Taupe 2L	Pink Red	60cm	
A clump forming, hardy perennial with dark green feathery leaves. Pale and dark pink flowers form on tall upright red stems in the early summer.				
<i>Astilbe chinensis</i> 'Visions in Red'	Taupe 2L	Red	60cm	
A long flowering dark red variety with an upright habit. It forms a mound of dark green foliage from dark purple stems. During late spring to summer dark purplish red flower plumes are produced at the top of the stems.				
<i>Astilbe japonica</i> 'Etna'	Taupe 2L	Red	60cm	
A compact <i>Astilbe</i> with deeply divided dark green foliage, above which plumes of vivid red flowers are held. Fantastic for brightening up a shady space.				
<i>Astilbe x arendsii</i> 'Bressingham Beauty'	Taupe 2L	Pink	60 - 90cm	
One of the taller varieties of <i>Astilbe</i> and ideal for a moist spot. Feathery pink plumes appear above serrated mid-green leaves in July.				
<i>Astrantia major</i>	Taupe 2L	White	60 - 90cm	
A long flowering variety of <i>Astrantia</i> . It has white flower heads with strap-shaped bracts which are often tinged pink held above deeply lobed foliage.				
<i>Astrantia major</i> 'Star of Billion'	Green 2L	White	45 - 75 cm	
Great for use as a cut flower but also a nice garden plant. It produces masses of pin-cushion like flowers in clusters on straight, much-branched stems. They open pale green, change to pale pink then finally to white.				
<i>Astrantia major</i> 'Venice'	Green 2L	Red	50cm	
A popular perennial for a shady spot in the garden. It has palm like green leaves at the base of the plant. On wiry stems tight posies of deep ruby flowers are surrounded by long lasting bracts.				
<i>Astrantia</i> 'Roma'	Green 2L	Pink	75 - 100cm	✓
A long flowering variety of <i>Astrantia</i> . It has delicate soft-pink flowers held above deeply lobed foliage.				
<i>Aubrieta</i> 'Royal Red'	Taupe 1L	Pink Purple	10cm	
An evergreen, mat forming, slow spreading, fully hardy perennial. It produces pink to purple four petal flowers from mid spring to early summer. Looks good in a container or rock garden.				
<i>Aubrieta</i> 'Royal Blue'	Taupe 1L	Blue Purple	10-15cm	
Hardy evergreen mound forming perennial. Popular in rock gardens. Forms iridescent blue/purple flowers in the spring for several weeks over soft grey/green leaves.				

Plant	Pot Size	Flower	Height	AGM
<i>Aubrieta</i> 'Royal Violet'	Taupe 1L	Pink Purple	10-15cm	
Hardy evergreen mound forming perennial. Popular in rock gardens. Forms purple and mauve flowers in the spring for several weeks over soft grey/green leaves.				

B

<i>Bergenia</i> 'Eroica'	Green 2L	Pink	45cm	✓
The foliage forms a low clump of bold, glossy green leaves, which turn a stunning beet-red shade during winter. In mid spring stems of vivid magenta-purple flowers rise above the shiny foliage.				

<i>Bergenia</i> 'Harzkristall'	Taupe 1L	White	30cm Height	
A hardy evergreen perennial with thick, glossy, green, oval leaves. Produces delicate, white flowers with a hint of rose pink in the spring. Looks great in containers.				

<i>Bergenia</i> 'Red Beauty'	Taupe 1L	Red	30cm	
A hardy evergreen perennial with thick, glossy mid to dark green oval leaves, that turn deep red in the autumn and winter. Produces red flowers on red stems in early spring.				

<i>Brunnera</i> 'Betty Bowring'	Green 2L	White Green	40cm	
A hardy shade loving perennial. Great for ground cover. It has large green leaves and produces white forget-me-not style flowers from spring to early summer.				

<i>Brunnera macrophylla</i> 'Silver Heart'	Green 2L	Blue	15 - 45 cm	
A fabulous ground cover plant for a semi shady spot. It has large heart-shaped leaves with a silvered surface almost mirror-like. In spring sprays of bright blue flowers in the style of forget-me-nots are produced.				

<i>Brunnera macrophylla</i>	Taupe 2L	Blue	30 - 45cm	✓
Delicate bright blue flowers appear in spring above deep green leaves. An excellent ground cover plant for shady areas.				

C

<i>Campanula</i> 'Sarastro'	Taupe 2L	Purple	60cm	
A compact plant which forms a clump of downy green leaves. In late summer nodding, deep violet, bell shaped flowers are produced.				

<i>Campanula carpatica</i> 'Blue Clips'	Taupe 1L	Blue	20cm (8inch)	
A low growing Campanula ideal for the rock garden or front of the border. It creates a mat of green foliage above which masses of cup-shaped pale blue flowers are held.				

<i>Campanula carpatica</i> 'White Clips'	Taupe 1L	White	20cm (8inch)	
A low growing Campanula ideal for the rock garden or front of the border. It creates a mat of green foliage above which masses of cup-shaped white flowers are held.				

<i>Campanula lactiflora</i> 'Lodden Anna'	Taupe 2L	Pink	1.2m	✓
A tall Campanula good for the back of the border. In summer racemes of large bell-shaped soft pink flowers are carried on slender stems. May require staking.				

Plant	Pot Size	Flower	Height	AGM
<i>Campanula lactiflora</i> 'Prichards Variety'	Taupe 2L	Blue Purple	up to 100cm	✓
A tall <i>Campanula</i> good for the back of the border. In summer a profusion of large bell-shaped violet blue flowers are carried on top of robust oval leaved stems. May require staking.				
<i>Campanula persicifolia</i> 'Var. Alba'	Taupe 1L Taupe 2L	White	60 - 80cm	
A beautiful white version of the peach-leaved bellflower with bright clear pure white flowers during July and August. Excellent in the middle of a border.				
<i>Campanula persicifolia</i>	Taupe 1L Taupe 2L	Blue	60 - 80 cm	
A lovely member of the bellflower family producing elegant stems of blue flowers in mid-summer. An excellent choice for the middle of the border.				
<i>Campanula takesimana</i> 'Elizabeth'	Taupe 2L	Pink Purple	up to 1m	
Pendants of bell shaped pink-purple flushed flowers are produced above rosettes of heart shaped green leaves.				
<i>Centaurea dealbata</i>	Taupe 2L	Pink	6 - 90cm	
A clump forming perennial good for the back of the border. It has bright green foliage and in summer produces white centred pink flowerheads which are good for cutting.				
<i>Centaurea montana</i> 'Jordy'	Green 2L	Pink	60cms	
A wonderful variety of <i>Centaurea</i> with large plum purple thistle like flowers, that are attractive to bees and butterflies, in late Spring and early Summer. The spent seed heads can last well in to Autumn.				
<i>Centaurea montana</i> 'Purple Heart'	Green 2L	White Purple	30cm	
Very similar in habit to the wild corn flower. This variety has attractive feathery white flowers with a contrasting violet/purple centre. The flowers appear upon short sturdy stems above clumps of grey/green leaves. Enjoys full sun or part shade in a well drained soil.				
<i>Ceratostigma plumbaginoides</i>	Taupe 2L	Blue	30 - 40cm	✓
A sun loving plant which will provide colour late in the season. This variety is a low growing spreading plant with reddish stems and green leaves which turn bright red in autumn. From September clusters of vivid blue flowers open at the end of stems.				
<i>Chelone</i> 'obliqua'	Taupe 2L	Pink	60cm	
Late Summer/Autumn flowering plant. Will grow in most types of soil including poorly draining and clay. The pink flowers, shaped like a tortoise head, cluster at the tip of the robust upright stems.				
<i>Chelone obliqua</i> 'var alba'	Taupe 2L	White	90cm	
A fully hardy, clump forming perennial. It has dark green foliage and produces white flowers in the shape of a turtles head. Flowers throughout summer and into the autumn. Looks good at the back or middle of the border.				
<i>Chrysanthemum</i> 'Clara Curtis'	Taupe 1L Taupe 2L	Pink	75cm (30inch)	
Clara Curtis is a fantastic <i>Chrysanthemum</i> which produces masses of long lasting, scented pink flowers. It is shorter than some <i>Chrysanthemums</i> but forms a nice bushy plant in the border.				
<i>Chrysanthemum</i> 'Dutchess of Edinburgh'	Taupe 2L	Red Yellow	60cm	
An upright, clump forming perennial which produces ruby red double flowers, with a yellow eye. Flower from late summer and into the autumn. Good for cut flowers.				

Plant	Pot Size	Flower	Height	AGM
<i>Chrysanthemum</i> 'Tapestry Rose'	Taupe 1L Taupe 2L	Pink	up to 75cm (30inch)	
A hardy Chrysanthemum with a dense habit and single daisy like flowers. It flowers over a long period in autumn and is ideal for the late border. The flowers are deep pink with green centres held above dissected mid-green foliage.				
<i>Convallaria majalis</i> 'Hardwick Hall'	Taupe 2L	White	30cm	
Commonly known as Lily of the Valley. A hardy perennial which has large mid green leaves. It produces cream-white flowers in the spring. Prefers shade, looks good in a woodland setting or shady border.				
<i>Coreopsis</i> 'Firefly'	Taupe 1L	Red Yellow	30cm	
A lovely new Coreopsis providing compact mounds of dense thread-like foliage. The foliage is covered with startling, yellow and red bi-coloured flowers.				
<i>Coreopsis</i> 'Solar Mellow'	Taupe 1L	Yellow	50cm	
A spectacular, clump-forming, perennial producing a profusion of showy, bright-coloured flowers from late spring to autumn. Solar Mellow produces a neat mound of foliage, above which yellow-orange flowers with a red heart are produced.				
<i>Coreopsis</i> 'Solar Jewel'	Taupe 1L	Red	50cm	
A spectacular, clump-forming, perennial producing a profusion of showy, bright-coloured flowers from late spring to autumn. Solar Jewel produces a neat mound of foliage, above which bright red flowers with yellow-orange margins are produced.				
<i>Coreopsis</i> 'Solar Fancy'	Taupe 1L	Red	50cm	
A spectacular, clump-forming, perennial producing a profusion of showy, bright-coloured flowers from late spring to autumn. Solar Fancy produces a neat mound of foliage, above which cherry red flowers with yellow margins are produced.				
<i>Coreopsis grandiflora</i> 'Early Sunrise'	Taupe 1L	Yellow	45cm (18inch)	✓
A fabulous plant for the border and cut flower garden. It produces semi-double golden flowers above beautiful green foliage.				
<i>Coreopsis lanceolata</i> 'Sterntaler'	Taupe 2L	Yellow	30 - 40cm	
A profusion of bright yellow flowers with a mahogany blotch at the base of each petal. Will add a splash of colour to a summer border or patio planter.				
<i>Coreopsis verticillata</i> 'Bengal Tiger'	Taupe 1L	Red	60cms- 80cms	
A bushy herbaceous perennial with fine fern like foliage and strong stems, on which are delicate daisy like flowers. The outer half of the flower is yellow with the inner half being red and a red centre. Likes full sun in a free draining soil but can tolerate partial shade.				
<i>Corydalis</i> 'Blue Heron'	Green 2L	Blue	50cm	
An evergreen, mound forming, hardy perennial with grey/green foliage. It produces fragrant, bright blue, tubular flowers on upright red stems. Flowers from late spring to early summer.				
<i>Crocsmia</i> 'Emily McKenzie'	Taupe 2L	Orange	60cm (36inch)	
Good for adding impact to the late summer border. Emily McKenzie has arching spikes of orange-red freesia like flowers, held above sword like green foliage.				

Plant	Pot Size	Flower	Height	AGM
<i>Crococsmia</i> 'Lucifer'	Taupe 2L	Red	up to 1.2m	✓
A vibrant perennial perfect for the mixed border. In late summer sprays of bright-red funnel shaped flowers appear amongst sword like green foliage.				
<i>Crococsmia</i> 'Sunglow'	Taupe 2L	Yellow, Orange	70cm	
A hardy perennial with mid green sword shaped leaves. It produces bright, yellowy-orange flowers in the late summer. A bold plant ideal for providing a splash of colour to the late summer border.				
<i>Crococsmia</i> x <i>crococsmiiflora</i> 'George Davison'	Taupe 2L	Yellow	1.2m	
A wonderful plant for the late summer border. It has sword like green leaves amongst which large rich amber-yellow freesia like flowers are held on arching stems.				
<i>Crococsmia</i> x <i>crococsmioides</i> 'Emberglow'	Taupe 2L	Red	up to 90cm	
A bold plant ideal for bringing a splash of colour to the late summer border. Amid sword-shaped green foliage dark dusky-red tubular flowers are held on slender stems.				

D

<i>Dahlia</i> 'Bishop of Llandaff'	Taupe 2L	Red	up to 1m	✓
This popular Dahlia has striking red semi-double flowers held above dissected deep purple foliage. It is a good plant for the late summer border and makes an excellent cut flower.				
<i>Dahlia</i> 'Cafe au Lait'	Taupe 2L	Pink	120cm	
A fabulous dinner plate Dahlia which will make a great addition to the garden or for cut flowers. The huge flowers open pale pink and then fade to a warm blushed cream.				
<i>Dahlia</i> 'Crazy Love'	Taupe 2L	White	90 cm	
Dahlia 'Crazy Love' has full double white flowers with purple-hued tips held over lush green foliage. The large blooms are produced from July to September. Great for patio containers.				
<i>Dahlia</i> 'Dreamy Hot Chocolate'	Taupe 2L	Brown	40cm	
A compact, single flowering Dahlia with deeply divided, almost black foliage. The flowers are a rich chocolate colour and are produced from summer through to autumn.				
<i>Dahlia</i> 'Dreamy Fantasy'	Taupe 2L	Pink Orange	50cm	
A clump forming, compact perennial with bronze coloured leaves. It produces large pale pink/orange flowers, with pink hints on the petal edges. Flowers from May to October. Looks good in a container garden or middle of the border.				
<i>Dahlia</i> 'Dreamy Nights'	Taupe 2L	Pink Red	50cm	
A clump forming, compact perennial with copper coloured leaves. It produces a double row of dark pink and red petals with a yellow centre. Flowers from May to October. It looks good in a container garden or middle of the border.				
<i>Dahlia</i> 'Dutch Carnival'	Taupe 2L	Red	90cm	
A fabulous addition to any summer border. It has large vibrant red flowers, tipped in golden yellow. It's ideal for planting in back of a border or for cutting. Widely regarded as one of the finest dahlias around.				
<i>Dahlia</i> 'Firepot'	Taupe 2L	Pink	90cm	
A small decorative Dahlia perfect for containers or the front of a border. The flowers emerge from pink buds and begin a deep yellow at the centre fading out to tangerine and then pink at the tips.				

Plant	Pot Size	Flower	Height	AGM
<i>Dahlia</i> 'Mystic Dreamer'	Taupe 2L	Pink White	70cm	
Previously known as <i>Dahlia</i> 'Candy Eye's' this cultivar has bronze foliage and small single flowers which are pink and white in colour. Each petal has a central magenta stripe edged with white.				
<i>Dahlia</i> 'Mystic Illusion'	Taupe 2L	Yellow	upto 90cm	
A striking plant with dark foliage against which appear bright, single, lemon yellow flowers. Requires a sunny position to flourish in a rich well drained but moisture retentive soil. Also suitable for growing in large containers. Lift after first frost and store in a cool place and replant in the late spring.				
<i>Delosperma</i> 'Jewel of Desert Garnet'	Taupe 1L	Pink	15cm	
A low growing alpine, great for the front of a border, pots or rock garden. It produces brightly coloured star shaped flowers over a long period. The flowers have scarlet and lavender petals with a central white eye.				
<i>Delosperma</i> 'Jewel of Desert Moonstone'	Taupe 1L	White	15cm	
A low growing alpine, great for the front of a border, pots or rock garden. It produces brightly coloured star shaped flowers over a long period. It has white flowers with a yellow centre.				
<i>Delosperma</i> 'Jewel of Desert Topaz'	Taupe 1L	Orange	15cm	
A low growing alpine, great for the front of a border, pots or rock garden. It produces brightly coloured star shaped flowers over a long period. The flowers have orange and white petals with a pale pink halo.				
<i>Delphinium</i> 'Double Innocence'	Taupe 2L	White	120 cm	
One of the New Millennium Delphiniums which perform better than other tall varieties and offer some astonishingly rich shades. 'Double Innocence' produces tall spires with frilly double creamy white flowers.				
<i>Delphinium</i> 'Dusky Maidens'	Taupe 2L	Pink	120 cm	
'Dusky Maidens' is one of the New Millennium Delphiniums which perform better than other tall varieties and offer some astonishingly rich shades. It produces tall spires of pink flowers with a brown bee.				
<i>Delphinium</i> 'Magic Fountain Dark Blue/Black Bee'	Taupe 1L	Blue	1m (3ft)	
The magic fountain series is shorter than traditional Delphiniums. The flower spikes last over a long period and there are many colours in the series. Dark Blue has dark blue cup shaped flowers with a black Bee in the centre of each flower.				
<i>Delphinium</i> 'Magic Fountain Dark Blue/White Bee'	Taupe 1L	Blue	1m (3ft)	
The magic fountain series is shorter than traditional Delphiniums. The flower spikes last over a long period and there are many colours in the series. Dark Blue has dark blue cup shaped flowers with a white Bee in the centre of each flower.				
<i>Delphinium</i> 'Magic Fountain Sky Blue/White Bee'	Taupe 1L	Blue	1m (3ft)	
The magic fountain series is shorter than traditional Delphiniums. The flower spikes last over a long period and there are many colours in the series. Sky Blue has pale blue cup shaped flowers with a white Bee in the centre of each flower.				
<i>Delphinium</i> 'Magic Fountain Pure White'	Taupe 1L	White	90cm	
The magic fountain series is shorter than traditional Delphiniums. The flower spikes last over a long period and there are many colours in the series. Pure White has semi double white cup shaped flowers				
<i>Dianthus</i> 'Arctic Star'	Taupe 1L	White	7 - 10cm	
A delightfully compact variety which produces a neat mound of grey-green leaves. In summer scented double white flowers are produced in abundance.				
<i>Dianthus</i> 'Cherry Daiquiri'	Taupe 1L	White	35cm	
This is one of a range of perennial pinks. They are hardy and easy to grow, filling the border with fragrant flowers from May to October. 'Cherry Daiquiri' is a white single flower with a blackcurrant eye.				

Plant	Pot Size	Flower	Height	AGM
-------	----------	--------	--------	-----

Dianthus 'Mojito'

Taupe 1L White 35cm

This is one of a range of perennial pinks. They are hardy and easy to grow, filling the border with fragrant flowers from May to October.

'Mojito' is a white single flower with a lime green centre.

Dianthus 'Raspberry Sundae'

Taupe 1L Pink 20cm

Beautifully perfumed blush pink flowers with crimped edges and a raspberry eye. A naturally compact plant which flowers later than many in this range.

Dianthus 'Passion'

Taupe 1L Red 25 - 30 cm

Bred by Whetman Pinks and part of their scent first collection. 'Passion' bears masses of double, cherry-red flowers above a neat mound of soft, grey-green leaves. Flowering from late spring through summer providing a wonderful scent in the garden.

Dicentra 'King of Hearts'

Green 2L Pink 25cm

This variety of *Dicentra* produces a clump of lacy soft blue-green foliage. Above which clusters of delicate bright rose heart-shaped flowers dangle from their stems. Excellent for edging, and very useful for mixed containers and tubs. Removing faded flowers will promote lots of new buds to form.

Dictamnus albus

Taupe 2L White 90cm

Hardy, clump forming perennial. It has oval, green leaves and produces small, star shaped, white flowers on upright stems from late spring to early summer.

Digiplexis 'Berry Canary'

Taupe 2L Pink 60cm

Digiplexis are a cross between a *Digitalis* and *Isoplexis*. This breeding means the plants flower for a lot longer than a traditional foxglove but does mean they are more tender and will need protecting in the winter. They are great for adding height and colour to the garden and loved by bees and butterflies. Hot pink flowers with creamy yellow, burgundy speckled throats are held on sturdy flower spikes.

Digiplexis 'Falcon Fire'

Taupe 2L Pink 90cm

Digiplexis are a cross between a *Digitalis* and *Isoplexis*. This breeding means the plants flower for a lot longer than a traditional foxglove but does mean they are more tender and will need protecting in the winter. They are great for adding height and colour to the garden and loved by bees and butterflies. Deep pink flowers with mango orange interiors are held on sturdy flower spikes.

Digiplexis 'Firecracker'

Taupe 2L Orange 90cm

Digiplexis are a cross between a *Digitalis* and *Isoplexis*. This breeding means the plants flower for a lot longer than a traditional foxglove but does mean they are more tender and will need protecting in the winter. They are great for adding height and colour to the garden and loved by bees and butterflies. Bell shaped rich orange flowers with yellow orange interiors are held on sturdy flower spikes.

Digiplexis 'Rising Phoenix'

Taupe 2L Pink 90cm

Digiplexis are a cross between a *Digitalis* and *Isoplexis*. This breeding means the plants flower for a lot longer than a traditional foxglove but does mean they are more tender and will need protecting in the winter. They are great for adding height and colour to the garden and loved by bees and butterflies. Bell shaped deep pink flowers with light peach interiors are held on sturdy flower spikes.

Digitalis 'Camelot White'

Taupe 1L White 90-120cm

These Foxgloves flower in both the first and second year before eventually setting seed and dying. Foxgloves provide architectural height in the border. This variety has tall spikes of creamy white bells spotted inside with maroon.

Digitalis 'Camelot Rose'

Taupe 1L Pink 90-120cm

These Foxgloves flower in both the first and second year before eventually setting seed and dying. Foxgloves provide architectural height in the border. This variety has tall spikes of rose-pink bells spotted inside with maroon.

Plant	Pot Size	Flower	Height	AGM
<i>Digitalis purpurea</i> 'Excelsior Hybrids'	Taupe 1L	Pink White Yellow	60 - 90cm	✓

A good plant for the back of the border. The foliage forms a rosette at the base of the plant and bell like flowers are borne on tall spikes. Flowers are pastel shades of creamy yellow, white, purple or pink.

<i>Doronicum orientale</i> 'Leonardo'	Taupe 1L	Yellow	20-30cm	
---------------------------------------	----------	--------	---------	--

Early flowering perennial, bright yellow daisy like flowers appear above fresh green leaves from April onwards. This variety is compact and thrives in a part shade/full sun position. Deadhead to encourage further flowering.

<i>Doronicum orientale</i> 'Little Leo'	Taupe 1L Taupe 2L	Yellow	30cm	
---	----------------------	--------	------	--

Doronicum 'Little Leo' is a dwarf perennial ideal for the front of the border. It produces a neat mound of heart-shaped green leaves in April-May topped with cheerful bright golden-yellow daisy flowers. Popular with bees and good as a cut flower. Thrives in any reasonably fertile well-drained soil, in dappled shade, out of hot sun. Ideal at the front of a mixed border among shrubs or under trees in light woodland.

E

<i>Echinacea</i> 'Big Kahuna'	Taupe 2L	Orange	45-50cm	
-------------------------------	----------	--------	---------	--

A strong and bushy variety ideal for the middle of the border. It produces large, fragrant flowers throughout summer. The flower is made up of mango coloured petals surrounding a large red-brown cone.

<i>Echinacea</i> 'Delicious Candy'	Taupe 2L	Pink	60cm	
------------------------------------	----------	------	------	--

A fabulous new compact variety with dark green foliage and stems. Large double flowers with flat ray petals surround a large pom-pom centre all in florescent pink.

<i>Echinacea purpurea</i>	Taupe 1L Taupe 2L	Pink	1 - 1.5m	
---------------------------	----------------------	------	----------	--

A wonderful plant for the back of the border it sometimes has red-tinted green stems. From mid-summer has pink flowers with golden brown centre cones.

<i>Echinacea purpurea</i> 'White Swan'	Taupe 1L Taupe 2L	White	50 - 60cm	
--	----------------------	-------	--------------	--

A wonderful plant for the middle of the border, 'White Swan' has bold, daisy-like flowerheads. White reflexed petals surround an orange-brown central cone. Flowers from mid summer to early autumn.

<i>Echinops</i> 'Arctic Glow'	Green 2L	White	90cm	
-------------------------------	----------	-------	------	--

This plant forms a bushy mound of thistle like foliage. It has strong green stems covered in maroon hairs. The golf ball sized flower heads are densely packed with starry white flowers.

<i>Epimedium x rubrum</i>	Green 2L	Red	20 - 25cm	✓
---------------------------	----------	-----	--------------	---

A good ground cover plant for the shady garden. It has heart shaped green leaves which are flushed with red during spring. Above the foliage, in spring, masses of tiny Crimson flowers are held.

<i>Epimedium x versicolor</i> 'Sulphureum'	Green 2L	Yellow	up to 35cm	✓
--	----------	--------	---------------	---

A low growing evergreen ideal for early spring colour. The leaves are coppery when young. The spidery flowers are pale yellow in colour and held just above the foliage.

<i>Epimedium x youngianum</i> 'Niveum'	Green 2L	White	30cm	✓
--	----------	-------	------	---

A captivating spring flowering woodland perennial. The leaves are composed of tiny leaflets tinged coppery-purple when young. Thin stems bear a single leaf and up to twelve nodding bell shaped white flowers.

Plant	Pot Size	Flower	Height	AGM
<i>Erigeron</i> 'Sea Breeze'	Taupe 1L	Red	up to 30cm	
A compact plant carrying rich red-purple daisy like flowers in summer above a dense mound of grey-green foliage.				
<i>Erigeron karvinskianus</i>	Taupe 1L	Pink White	40cm	
A charming low growing plant suitable for dry areas. It bears masses of daisy like flowers from May to November. They open white gradually becoming pink with age, so different shades of flower will be found on one plant.				
<i>Erodium pelargoniflorum</i>	Taupe 1L	Pink White	30m	
A mound forming hardy perennial, popular in rock gardens. Produces white flowers with violet veined petals over crinkly green foliage. Flowers in spring and summer. Looks great in containers.				
<i>Erodium x variable</i> 'Album'	Taupe 1L	White	15cm	
Hardy mound forming perennial, which has scalloped grey/green leaves, it produces white flowers from May through to September. Looks good in a rock garden or container.				
<i>Erodium x variable</i> 'Bishop's Form'	Taupe 1L	Pink	up to 15cm	
Hardy mound forming perennial, with dark green scalloped leaves. It produces deep pink flowers from May until September. Looks good in a rock garden or container				
<i>Eryngium bourgatii</i>	Green 2L	Blue	30 - 55cm	
A wonderful architectural plant for the border. In summer cone shaped flowerheads of blue or violet surrounded by spiny bracts are carried on green stems. The flowers are very distinctive and are useful for cutting.				
<i>Eryngium planum</i>	Taupe 1L Taupe 2L	Blue	45 - 60cm	
An architectural plant with steely blue flower heads, held majestically over green foliage. May require staking.				
<i>Erysimum</i> 'Bowles's Mauve'	Green 2L	Purple	up to 75cm (30inch)	✓
A long flowering wallflower ideal for a sunny border. It has spires of mauve flowers throughout most of the year above grey-green foliage.				
<i>Erysimum</i> 'Constant Cheer'	Green 2L	Red Orange	45cm (18inch)	
A delicate cottage garden perennial which will flower over a long period. It produces masses of fragrant orange-red flowers in early spring which fade to purple towards summer.				
<i>Erythronium</i> 'Pagoda'	Taupe 2L	Yellow	up to 35cm	✓
An elegant spring flowering plant ideal for moist shady areas of the garden. The delicate yellow flowers are carried on arching stems above glossy green foliage.				
<i>Eupatorium dubium</i> 'Baby Joe'	Taupe 2L	Pink	up to 75cm	
This compact variety is perfect for the smaller garden. It forms a bushy upright mound of dark green foliage and carries large umbrella-like heads of magenta-pink flowers in late summer. The dried seed heads offer winter interest.				

Plant	Pot Size	Flower	Height	AGM
<i>Euphorbia</i> 'Miners Merlot'	Taupe 2L	Yellow	Up to 60cm	
An evergreen, fully hardy perennial which has dark green leaves which turn a dark burgundy in the cooler months. It produces lime yellow flowers from April to June. Looks good in a container garden or in the middle/front of the border.				
<i>Euphorbia amygdaloides</i> 'Purpurea'	Taupe 2L	Yellow	50cm	
A smaller Euphorbia suitable for a shady area. The purple foliage is held in whorls around stiff stems. Clusters of tiny bright yellow-green flowers are held on top of the stems.				
<i>Euphorbia characias subsp. wulfenii</i>	Taupe 2L	Yellow	up to 90cm (36inch)	✓
A tall evergreen Euphorbia with blue-green foliage. In spring masses of tiny yellow flowers are produced around the top of the stems.				
<i>Euphorbia x martinii</i> 'Ascot Rainbow'	Taupe 2L	Green	50cm	
A good winter plant with evergreen foliage. The leaves are greyish green and edged with bright gold margins making a colourful display. During the colder months the leaves take on an attractive rosy pink tinge. In spring green flowers are produced towards the tip of each stem, each with a dark contrasting eye.				
<i>Euphorbia x martini</i> 'Baby Charm'	Taupe 2L	Yellow, Green	40cm	
A compact variety of Euphorbia, forming a neat and shapely mound. It has lovely dark green foliage, above which, on short stems apple green flowers with yellow centres and red capsule sit.				
F & G				
<i>Filipendula</i> 'Kahome'	Taupe 2L	Pink	45cm	
A hardy upright, clump forming perennial. A dwarf variety with fern like leaves. It produces small, scented, star shaped pink flowers throughout the summer.				
<i>Gaillardia</i> 'Spintop Copper Sun'	Taupe 1L	Orange	20cm	
A new series of compact Gaillardia with a fabulous range of colours. A mound of silvery-green slender foliage is topped with countless daisy like flowers of copper-orange fluted petals with yellow tips.				
<i>Gaillardia</i> 'Spintop Mango'	Taupe 1L	Orange	20cm	
A new series of compact Gaillardia with a fabulous range of colours. A mound of silvery-green slender foliage is topped with countless daisy like flowers of orange-peach fluted petals with yellow tips.				
<i>Gaillardia</i> 'Spintop Orange Halo'	Taupe 1L	Orange	20cm	
A new series of compact Gaillardia with a fabulous range of colours. A mound of silvery-green slender foliage is topped with countless daisy like flowers of deep-orange fluted petals with yellow tips.				
<i>Gaillardia</i> 'Spintop Red'	Taupe 1L	Red	30cm	
A compact Gaillardia which will flower over a long period. A mound of light green slender foliage is topped with countless daisy like flowers with rich red serrated petals.				
<i>Gaura lindheimeri</i> 'Corrie's Gold'	Taupe 1L	White	60cm (24inch)	
A beautiful variegated version it has golden foliage with slender stems bearing pinkish-white flowers during summer.				
<i>Gaura lindheimeri</i> 'Freefolk Rosy'	Taupe 1L	Pink White	60cm	
Freefolk Rosy is the fully variegated sister of Rosy Jane. It has good yellow variegated leaves with pink/white variegated flowers on tall stems. Flowers from May to October.				

Plant	Pot Size	Flower	Height	AGM
<i>Gaura lindheimeri</i> 'Passionate Blush'	Taupe 1L	Pink	40cm	
A compact variety great for a border or container and flowering earlier than other varieties. New growth is burgundy coloured later becoming green. Masses of ruby coloured buds on short, dark red stems, open to deep pink blossoms from spring.				
<i>Gaura lindheimeri</i> 'Rosy Jane'	Taupe 1L	Pink White	70cm	
A beautiful Gaura with bi-coloured flowers. It is suitable for borders or containers. The flowers are produced from June to September and are white with rose-pink margins.				
<i>Gaura lindheimeri</i> 'Whirling Butterflies'	Taupe 1L	White	50 - 60cm	
A graceful plant which carries star shaped white flowers on long stems over a long period.				
<i>Geranium</i> 'Brookside'	Taupe 2L	Blue	45 - 60cm	✓
This is one of the best blue hardy geraniums. Neat compact foliage and clear blue flowers over a long period during summer. Ideal for near the front of the border.				
<i>Geranium</i> 'Johnson's Blue'	Taupe 2L	Blue	up to 45 cm	✓
A wonderful spreading Geranium which flowers in early summer. It has cup-shaped lavender-blue flowers with a paler centre and white veining.				
<i>Geranium</i> 'Kelly Ann'	Green 2L	Pink	30cm	
A beautiful addition to the perennial border and a neat compact variety. Similar to Geranium 'Rozanne' but having pink flowers with deep pink veins and a white centre. Flowers over a long period.				
<i>Geranium</i> 'Raven'	Taupe 2L	Purple	75cm	
Great for a shady corner in the garden. A dense mound of soft green foliage is produced, above which, deep purple flowers with long stamens are carried in open clusters.				
<i>Geranium</i> 'Rozanne'	Green 2L	Blue Purple	60cm	
An easy to grow perennial with saucer shaped violet-blue flowers with a pale centre and red veins. It will flower prolifically over summer and into autumn.				
<i>Geranium cinereum</i> 'Ballerina'	Green 2L	Pink	15cm (6inch)	✓
A small Geranium ideal for the front of the border or rock garden. It has delicate bowl shaped pale pink flowers with deep pink veins held above grey-green foliage.				
<i>Geranium clarkei</i> 'Kashmir White'	Taupe 2L	White	up to 45cm	✓
Delicate white saucer shaped flowers with purple-pink veins appear in summer over deeply divided green leaves. It will spread to form large drifts making it excellent ground cover.				
<i>Geranium himalayense</i> 'Gravetye'	Green 2L	Blue	30cm	
An excellent Geranium for ground cover. It forms mounds of finely divided green leaves above which lovely cup shaped blue flowers with reddish centres are held.				
<i>Geranium psilostemon</i>	Taupe 2L	Pink	1.2m	✓
An excellent plant for a cottage garden scheme it forms loose hummocks of foliage. The mid-green leaves are tinged with crimson in spring and turn fabulous shades of red in autumn. In early summer large, saucer-shaped magenta flowers with dark veining appear.				
<i>Geranium sanguineum</i> 'Album'	Taupe 2L	White	30cm	✓
A dense, clump forming perennial with dark green leaves which take on orange and red tints during autumn. The flowers are pure white and are held above the foliage through summer to autumn.				

Plant	Pot Size	Flower	Height	AGM
<i>Geranium sanguineum</i> 'Striatum'	Taupe 2L	Pink	20 - 25cm	✓
A low growing hardy geranium ideal for the front of the border or large container. Neat foliage covered in spring with pale pink flowers with darker pink veins.				
<i>Geranium x magnificum</i>	Taupe 2L	Purple	60cm	✓
A vigorous perennial forming a clump of attractive lobed leaves crowned in midsummer by a mass of rich violet, veined saucer shaped flowers.				
<i>Gerbera</i> 'Garvinea Sweet Blaze'	Green 2L	Yellow, Orange	30cm	
A hardy, compact perennial, which produces masses of bright orange/yellow bicolour, daisy like flowers. Looks great in border. Flowers from spring until the first frost.				
<i>Gerbera</i> 'Garvinea Sweet Honey'	Green 2L	Yellow	30cm	
Sweet Honey Garvinea produces a masses of bright sunshine yellow blossoms from spring through to autumn. Double the size of regular Garvinea, the pretty flowers of this hardy perennial are great for making a striking impression.				
<i>Gerbera</i> 'Garvinea Sweet Love'	Green 2L	Red	30cm	
Sweet Love Garvinea produces a masses of bright candy red blossoms with a yellow eye from spring through to autumn. Double the size of regular Garvinea, the pretty flowers of this hardy perennial are great for making a striking impression.				
<i>Gerbera</i> 'Garvinea Sweet Smile'	Green 2L	Yellow	30cm	
Sweet Smile Garvinea produces a masses of bright cheerful yellow flower from spring through to autumn. Double the size of regular Garvinea, the pretty flowers of this hardy perennial are great for making a striking impression.				
<i>Geum</i> 'Koi'	Taupe 1L	Orange	30cm (12inch)	
A low growing perennial which flowers over a long period. 'Koi' has glossy green foliage above which bright orange eye catching flowers appear. Ideal for a border or container.				
<i>Geum</i> 'Lady Stratheden'	Taupe 1L Taupe 2L	Yellow	45-60cm	✓
A clump forming perennial with lobed leaves producing yellow flowers which dance loosely on moving flower stems. The cup-shaped double flowers are bright yellow with prominent green stamens.				
<i>Geum</i> 'Mrs Bradshaw'	Taupe 1L Taupe 2L	Red	80cm	✓
A clump forming perennial with fresh green lobed lance-shaped leaves. It produces rounded, double crimson flowers borne in small sprays in summer.				
<i>Geum</i> 'Totally Tangerine'	Taupe 2L	Orange	90cm	
A hardy, clump forming perennial with glossy green foliage. It produces peach orange flowers throughout the summer on tall stems.				
<i>Geum rivale</i> 'Leonard's Variety'	Taupe 2L	Pink	up to 45cm	
A beautiful variety for the front of the border. It has scalloped deep green leaves above which, on nodding stems, are held orange-pink flowers.				
<i>Gillenia trifoliata</i>	Green 2L	White	75cm	✓
Medium-sized woody perennial. Star like white flowers open in the early summer and contrast against the dark coppery green leaves. Plant in partial shade in a light well drained soil.				
<i>Gypsophila cerastioides</i>	Taupe 1L	White Purple	up to 10cm	
Hardy mat forming perennial. Small purple veined white flowers form over mid green rounded leaves. Flowers late spring to early summer. Looks good in a rockery garden or a container.

----------	------	---------------

A vigorous low growing evergreen suitable for gravel gardens and rockeries which flowers in late spring. 'Ben Ledi' produces a profusion of rose pink saucer shaped flowers with yellow centres above a mound of deep green foliage.

Helianthus 'Lemon Queen'

Taupe 2L	Yellow	150 - 200cm	✓
----------	--------	----------------	---

A tall imposing clump forming plant ideal for the back of a border. Masses of large lemon yellow flowers are produced from mid to late Summer. Requires a sunny position in a moist but well drained soil.

Helianthus sunbelievable 'Brown Eyed Girl'

Taupe 2L	Yellow	60cms
----------	--------	-------

This is a half-hardy compact, multi-branching annual that grows to 60cms. It produces dark green leaves and lots of large daisy like flowers of golden yellow with a dark brown central eye which is surrounded by a reddish/orange ring.

Plant	Pot Size	Flower	Height	AGM
<i>Heliopsis</i> 'Summer Nights'	Taupe 2L	Red Yellow	1m	
A hardy upright perennial, with dark green/purple leaves, which produce yellow, daisy like flowers, with a red centre on dark red stems. Looks good in the back of the border and makes good cut flowers. Flowers throughout the summer and into the autumn.				
<i>Heliopsis</i> 'Venus'	Green 2L	Yellow	1m	
A hardy upright perennial, with dark green leaves, which produces pale yellow, daisy like, flowers with a dark yellow centre on dark green stems. Looks good in the back of the border and makes good cut flowers. Flowers throughout the summer and into the autumn.				
<i>Helleborus</i> 'Double Black'	Green 2L	Purple	35cms	
An evergreen clump forming plant with leathery deeply lobed leaves. The flowers are dark plum almost black and double, appearing in February through to April.				
<i>Helleborus</i> 'Double Green'	Green 2L	Green	45cms	
An evergreen clump forming plant that has elegant apple green double blooms between winter and spring. Grows well in dappled shade but can tolerate some sun.				
<i>Helleborus</i> 'Double Pink'	Green 2L	Pink	35cm	
An elegant hardy perennial with leathery evergreen foliage. In late winter/early spring, double, light pink speckled flowers are held on strong stems above the foliage.				
<i>Helleborus</i> 'Double White'	Green 2L	White	35cm	
An elegant hardy perennial with glossy dark green evergreen foliage. In late winter/early spring, double, pure white flowers are held on strong stems above the foliage.				
<i>Hemerocallis</i> 'Little Grapette'	Green 2L	Pink Purple	70cm	
A semi-evergreen hardy perennial that produces deep pink-purple daylily flowers that last just one day, but may produce a flush of flowers for two to three weeks. Flowers throughout the summer.				
<i>Hemerocallis</i> 'Stella de Oro'	Taupe 2L	Yellow	25 - 30cm	
A popular daylily that performs well. It forms a dense clump of grassy green foliage above which golden-yellow trumpet shaped flowers are held.				
<i>Hepatica nobilis</i>	Taupe 2L	Purple	10cm	✓
A slow growing, clump forming, semi-evergreen hardy perennial. It has three lobed leaves and produces multi-petalled violet flowers. Looks good in a woodland setting or rock garden. Flowers from March to April.				
<i>Hesperantha coccinea</i> 'Wilfred H. Bryant'	Green 2L	Pink	up to 80cm	✓
Large very pale pink flowers from late summer well into the autumn. Good near water or in a border or container.				
<i>Heuchera</i> 'Berry Smoothie'	Green 2L	Pink	60cm	
A stunning Heuchera with a big bold habit making it ideal for ground cover for a semi-shady position. The foliage is purple-pink in colour with silver veining and darkens as the leaves mature. Small soft pink flowers appear in spring.				
<i>Heuchera</i> 'Cherry Cola'	Green 2L	Red	50cm	
Lovely red and brown toned leaves, Cherry red to salmon coloured bell shaped flowers.				
<i>Heuchera</i> 'Delta Dawn'	Green 2L	White	20-25cm	
Heucheras offer a tremendous range of foliage colours especially for shady areas. Delta Dawn forms a sturdy mound of rounded leaves with gold to lime colouring and red veining. Sprays of white bell flowers appear in June.				

Plant	Pot Size	Flower	Height	AGM
<i>Heuchera</i> 'Electra'	Green 2L	White	30cm (12inch)	
One of the most intensely coloured varieites available. The large palmate leaves are a bright golden yellow with red veining. In autumn the leaves darken to a yellow-green gradually producing shades of tan towards and throughout winter.				
<i>Heuchera</i> 'Lime Marmalade'	Green 2L	White	35cm	
A fabulous plant grown for its foliage. Lime Marmalade is a vigorous variety which could be used at the front of the border or as a specimen in a pot. The leaves are lime green in colour and have softly ruffled edges. In summer spires of white flowers				
<i>Heuchera</i> 'Little Cutie Blondie'	Taupe 2L	Yellow	25cm	
An evergreen, clump forming, compact, fully hardy perennial. It has dark red and copper coloured leaves and dark red stems. It produces spikes of yellow flowers from late spring to early autumn.				
<i>Heuchera</i> 'Little Cutie Coco'	Taupe 2L	Pink	25cm	
An evergreen, clump forming, compact, fully hardy perennial. It has dark red leaves and stems and produces spikes of pink flowers from late spring until early autumn.				
<i>Heuchera</i> 'Little Cutie Peppermint'	Taupe 2L		15cm	
A compact, clump forming, semi-evergreen perennial grown for its colourful foliage. The lobed leaves are bright green when young, maturing to dark green with a silver sheen on the upper surface. Sprays of small pink flowers are held above the foliage on short stems in spring and summer				
<i>Heuchera</i> 'Marmalade'	Green 2L	Red	40cm	
A great plant grown mainly for its colourful foliage. It has ruffled leaves which are reddish-purple when young maturing to yellowish bronze with a purple underside. In summer spires of red flowers are held above the foliage.				
<i>Heuchera</i> 'Obsidian'	Green 2L	Cream	up to 45cm (18inch)	
A fantastic foliage plant. This evergreen Heuchera has glossy, deep maroon foliage which darkens as the season progresses. In summer cream flowers appear contrasting brilliantly with the foliage.				
<i>Heuchera</i> 'Palace Purple'	Taupe 1L	Pink	60cm	
A hardy, clump forming, semi-evergreen perennial. It has large, dark purple leaves and produces salmon pink flowers on tall stems from June to October. It is a good ground cover plant.				
<i>Hosta</i> 'Age of Gold'	Taupe 2L	Purple	75cm	
Perfect for making a statement in a shady area. This large Hosta has beautiful heart shaped golden yellow leaves, which are reasonably sun tolerant. In summer lavender bell shaped flowers are produced.				
<i>Hosta</i> 'Blue Mouse Ears'	Taupe 2L	Pink Purple	15cm	✓
Fully hardy, clump forming, miniature Hosta which has blue/grey leaves. It produces lavender coloured flowers in June/July. Slug resistant.				
<i>Hosta</i> 'Fire & Ice'	Taupe 2L	Purple	50 cm	✓
This is a medium sized Hosta so suitable for the border or containers. It is a reversed form of Hosta 'Patriot'. It has white centred leaves with a dark green edge. The central section is wide with irregular splashes and streaks of many shades of green.				
<i>Hosta</i> 'June'	Taupe 2L	Purple	50cm	
A medium sized popular variety. June has heart shaped leaves which are strikingly marked. The margins are blue green whilst the central area is yellow green fading to creamy white in sunlight. Lavender flowers are produced above the foliage.				

Plant	Pot Size	Flower	Height	AGM

Salvia 'Amistad'

Taupe 2L Purple 90-120cms ✓

A large *Salvia* plant displaying particularly large deep purple flowers with even deeper purple calyces above lush green foliage. The foliage is aromatic as you would expect from a *Salvia*. It flowers from early summer through to November if the flowers are deadheaded throughout the season.

Salvia 'Jemima's Gem'

Taupe 2L Pink Upt o 1m

A shrubby perennial *Salvia* perfect for pots and borders and loved by bees. It has huge cerise flowers that look like velvet. The leaves are dark in colour with a fruity scent.

Salvia 'Kisses and Wishes'

Taupe 2L Pink 75cm

An upright woody based perennial plant. Small aromatic mid green leaves with pink tubular flowers.

Salvia 'Love and Wishes'

Taupe 2L Pink 90cms

This tall upright *Salvia* is a fabulous addition to the flower border with showy spikes of bold Pink/purple blooms emerging from mid/ dark green foliage. loved by bees and butterflies over a long season from late spring to autumn. It is easy and fast growing.

Salvia 'Nachtvlinder'

Taupe 2L Purple 75cm

A lovely variety for the garden with hooded flowers in plum-purple. It flowers over a long period in summer and autumn. Fully hardy in freely draining soils, this bushy shrub will become drought tolerant once established.

Salvia 'Pink Amistad'

Taupe 2L Pink 90cm

A large *Salvia* plant displaying lipped pink flowers above lush green foliage. The foliage is aromatic as you would expect from a *Salvia*. It flowers from early summer through to November if the flowers are deadheaded throughout the season.

Salvia nemorosa 'Caradonna'

Taupe 2L Purple up to 75cm ✓

A beautiful addition to the herbaceous border. This *Salvia* has spikes of purple flowers held above aromatic grey-green foliage. Ideal for attracting bees and butterflies.

Salvia nemorosa 'Ostfriesland'

Taupe 2L Blue up to 45cm ✓

A compact variety ideal for the front of the herbaceous border. It has spires of violet-blue flowers during summer held above wrinkled mid-green leaves.

Salvia x superba 'Blauhugel'

Taupe 2L Blue 40cm

An excellent Sage which forms a compact bushy plant covered with long spires of rich-blue lipped flowers opening from purple bracts. For sunny front or middle of border in any reasonable soil.

Salvia x sylvestris 'Mainacht'

Taupe 2L Blue up to 75cm ✓

A delightful plant for the middle of any border. This *salvia* has spikes of indigo-blue flowers in early summer held above wrinkled grey-green leaves. Ideal for attracting bees and butterflies.

Sanguisorba hakusanensis 'Lilac Squirrel'

Green 2L Pink 60cm

Hardy, upright perennial, which has upright stems and blue-green serrated leaves. It produces bright pink, hanging, 'squirrel's tail' flowers from mid summer to early autumn.

Plant	Pot Size	Flower	Height	AGM
<i>Saxifraga x arendsii</i> 'Red'	Taupe 1L	Pink	15cm (6inch)	
A compact cushion forming perennial which flowers in early spring. It is usually evergreen and has fine needle like bright green leaves. In spring red/pink blooms appear on long thin stems high above the foliage.				
<i>Saxifraga x arendsii</i> 'White'	Taupe 1L	White	15cm	
A compact evergreen perennial which flowers in early spring. The foliage forms rosettes of flat-needle like sprays of leaves and is usually evergreen. In late spring small white flowers are held above the foliage on wiry stems.				
<i>Scabiosa</i> 'Vivid Violet'	Taupe 1L	Purple	25cm	
Ideal for the front of a border or container this is a superb compact variety. It forms a dense mass of short wiry stems and bears a multitude of pincushion like, vivid violet blooms for a long period.				
<i>Scabiosa columbaria</i> 'Mariposa Blue'	Taupe 1L	Blue Purple	50cm	
A hardy, compact, semi evergreen perennial. It has grey/green fern like foliage and produces blue-mauve flowers throughout the summer and into the autumn. Looks good in the front of the border.				
<i>Scabiosa columbaria</i> 'Misty Butterflies'	Taupe 1L	Pink Blue	30cm	
Ideal for edging, rock gardens or containers. Plants form a low mound with taller stems that bear small lacy button flowers of soft lilac blue or sometimes pale pink. Remove faded blooms and plants will continue to flower for months. Attractive to butterflies.				
<i>Scabiosa incisa</i> 'Kudo White'	Taupe 1L	White	30cm	
A compact variety, perfect for pots and popular with pollinating insects. White pincushion flowers, tinged with pink are carried on slender stems above finely divided grey-green leaves.				
<i>Schizostylis coccinea</i> 'Major'	Taupe 2L	Red	up to 60cm (24inch)	✓
Ideal for adding a splash of colour to the late summer border and for cut flowers. The Kaffir lily has stiff, upright stems carrying large red flowers which are surrounded by narrow mid-green leaves.				
<i>Schizostylis coccinea</i> 'Pink Princess'	Taupe 2L	Pink	45 - 60cm	
This easy to grow clump forming perennial produces semi-evergreen sword-like leaves and masses of pale pink star like flowers from August onwards. Fully Hardy, plant in moist but well drained soil in a sunny position.				
<i>Sedum</i> 'Autumn Joy'	Taupe 2L	Pink	45 - 60cm	✓
A great plant for the late summer border it has fleshy oval grey-green leaves, above which are flat-topped deep pink flowerheads. Drought tolerant, attracts bees and butterflies.				
<i>Sedum</i> 'Dark Magic'	Taupe 1L	Pink	40cm	
This superb variety has many great features in one plant. It has a short, upright habit with glossy, purple black leaves and produces multiple large crowns of dark pink flowerheads.				
<i>Sedum</i> 'Sunsparkler Dream Dazzler'	Taupe 1L	Pink	20cm	
A new addition with its deep purple leaves with shocking pink edges and raspberry pink flowers. Its habit is compact but its growth is vigorous and it flowers from summer through to autumn, however its foliage provides amazing year round interest.				
<i>Sedum</i> 'Sunsparkler Lime Zinger'	Taupe 1L	Pink	20 cms	
One of a new range of low growing , spreading sedums with interesting foliage of green with red edging and fabulous flower power. Produces a mound of pink colour from mid summer to October. Loved by bees and butterflies.				

Plant	Pot Size	Flower	Height	AGM
<i>Sedum</i> 'Globe Yellow'	Taupe 2L	Pink Cream Yellow	35cm.	
A compact succulent plant with clusters of pink buds that open into creamy\yellow flower heads.				
<i>Sedum</i> 'Sunsparkler Wildfire'	Taupe 1L	Red	20 cms	
A new addition with fiery red variegated foliage and intense red flowers. Its habit is compact but its growth is vigorous and it flowers from summer through to autumn, however its foliage provides amazing year round interest.				
<i>Sedum</i> 'Blue Cushion'	Taupe 1L	Yellow	15cm	
A fast growing, low sedum which is tolerant of dry soils. It forms a dense mat of conifer-blue foliage topped with brilliant yellow flowers in summer.				
<i>Sedum cauticola</i> 'Coca Cola'	Taupe 1L	Pink	up to 20cm	
A low growing sedum ideal for rockeries and gravel gardens. It has rounded spoon shaped leaves which are grey-green in colour. In summer masses of soft pink flowers are produced.				
<i>Sedum spathulifolium</i> 'Purpureum'	Taupe 1L	Yellow	30cm	✓
A mat forming perennial that produces spoon shaped fleshy leaves in whorls around the stem. The foliage is reddish purple and silver in colour. In summer bright starry yellow flowers appear. Great for rock gardens and decorative containers.				
<i>Sedum spurium</i> 'Dragon's Blood'	Taupe 1L	Red	10cm	
The brilliant star-shaped clusters of red flowers contrast nicely with the green succulent foliage. During summer the foliage is tinged with wine red margins but turns red with the cooler weather.				
<i>Sedum telephium</i> 'Thunderhead'	Taupe 1L Taupe 2L	Pink	60-90 cms	
This is a deciduous perennial which has a strong compact habit with stout, upright stems of burgundy bearing masses of deep rose blooms from summer through to autumn. The plant is disease resistant and easy to grow,even looking good in the winter when the flowering is over. Bees and butterflies adorn this plant in the late summer and it makes a fabulous addition to any border.				
<i>Silene uniflora</i>	Taupe 1L	White	15 - 20cm	
A small low growing semi-evergreen plant which is useful for the front of sunny borders or gravel gardens. It has grey-green fleshy leaves and showy white flowers which appear in spring-summer.				
<i>Sisyrinchium</i> 'Sapphire'	Taupe 1L	Blue	15cm	
A beautiful little plant for the front of the border. It forms a clump of low growing bright green grassy like foliage. At the top of stout stems above the foliage sapphire blue flowers with yellow throats are produced in early summer.				
<i>Sisyrinchium striatum</i>	Taupe 2L	Yellow	up to 80 cm	
A robust plant with sword shaped greyish-green leaves which form a fan around the flower stems. Cup-shaped pale yellow flowers are produced along the length of the stem throughout summer.				
<i>Stachys byzantina</i> 'Silver Carpet'	Taupe 2L		45cm	
Grown for its beautiful silver foliage, this non flowering Stachys provides an unusual ground cover plant.				
<i>Symphotrichum</i> 'Winston Churchill'	Taupe 2L	Pink	75cm	
A fabulous addition to the autumn garden and great for cut flowers and pollinating insects. Winston Churchill carries bright cerise-red, daisy like flowers on straight stems for a long period.				

Plant	Pot Size	Flower	Height	AGM
<i>Symphotrichum</i> 'Purple Dome' A compact, clump forming perennial ideal for autumn colour in the garden. It produces masses of deep-purple daisy like flowers with a contrasting yellow centre. Good food source for pollinating insects and butterflies in the autumn.	Taupe 2L	Purple	60cm	
<i>Symphotrichum novi-belgii</i> 'Lady in Blue' A beautiful dwarf Aster ideal for the front of a border or container. It has semi-double lavender blue daisy like flowers.	Taupe 2L	Blue	25cm	
<i>Symphotrichum novi-belgii</i> 'White Ladies' A hardy, clump forming perennial with narrow mid green leaves. It produces white daisy flowers, with a yellow eye, from late summer to mid autumn. Looks good in the middle of the border.	Taupe 2L	White	up 90cm	
<i>Symphotrichum novi-belgii</i> 'Crimson Brocade' A hardy, clump forming perennial with narrow mid green leaves. It produces many purple-pink daisy flowers from late summer to mid autumn. Looks good in the middle of the border.	Taupe 2L	Pink	up 90cm	

T

<i>Thymus</i> 'Doone Valley' This creeping Thyme has dark olive-green leaves with yellow spots above which are held tiny purple-pink flowers.	Taupe 1L	Pink	up to 12cm	
<i>Thymus</i> 'Hartington Silver' Ideal for a rock garden this Thyme creates a mat of scented creamy white variegated leaves above which are held tiny pink flowers in summer.	Taupe 1L	Pink	up to 12cm	
<i>Thymus pulegioides</i> 'Bertram Anderson' An evergreen Thyme with small rounded golden leaves which are richly scented and full of flavour. It produces small clusters of pink flowers at the end of its stems in summer.	Taupe 1L	Pink	up to 15cm	✓
<i>Thymus serpyllum</i> 'Russetings' This creeping Thyme has tiny dark green leaves tinted with bronze. In summer tiny mauve flowers are held in clusters above the foliage.	Taupe 1L	Pink	up to 10cm	
<i>Tiarella</i> 'Spring Symphony' Ideal for ground cover in a shady part of the garden. It has pretty, deeply lobed green leaves with a dark central blotch. Spikes of tiny star-shaped, white flowers are carried on slender stems above the foliage.	Taupe 2L	White	30cm	✓
<i>Tiarella</i> 'Iron Butterfly' Ideal for a semi-shady position this plant has deeply cut green leaves heavily marked with maroon above which spikes of very pale pink flowers are held.	Green 2L	Pink	up to 40cm	
<i>Tradescantia x andersoniana</i> 'Red Grape' A distinctive cottage garden perennial ideal for the front of the border. In summer it produces distinctive 3 petalled crimson red flowers above green foliage.	Green 2L	Red	45cm (18inch)	
<i>Tradescantia x andersoniana</i> 'Bilberry Ice' A compact plant with strap shaped green leaves above which three petalled flat flowers sit. The flowers are blue-white with a splash of lavender in the centre.	Green 2L	Blue	30cm	

Plant	Pot Size	Flower	Height	AGM
<i>Tricyrtis formosana</i> 'Pink Freckles' Excellent for a shady position in the garden and flowering in early summer through to autumn. 'Pink Freckles' produces star shaped lilac-white flowers with distinctive maroon spots.	Green 2L	Pink	35cm	
<i>Trifolium repens</i> 'Dragon's Blood' A mat-forming perennial with white and green variegated leaves with red splashes. In spring and summer clusters of small white flowers appear on short stems.	Taupe 1L	White	15 - 20cm	
<i>Trifolium repens</i> 'Purpurascens Quadrifolium' A wonderful ground cover plant with deep purple leaves edged in green. In summer it produces small white clover like flowers which are attractive to bees.	Taupe 1L	White	8 - 10cm	
<i>Trollius chinensis</i> 'Golden Queen' Rich orange flowers held above dark green foliage during May and June. These moisture loving plants look great by the side of a pond or stream or in a bog garden.	Taupe 1L Taupe 2L	Orange	30 - 60cm	✓

V

<i>Verbascum</i> 'Honey Dijon' A compact but floriferous variety which is perfect in containers, for edging borders or in the sunny rock garden. Crispy-green leaves are held in a low rosette above which short spikes of satiny peach and gold flowers are produced. Remove spent blooms to encourage further flowers.	Taupe 1L	Yellow, Orange	40cms	
<i>Verbascum</i> 'Dark Eyes' A compact cousin of the common mullein with a low rosette of grey/green leaves bearing flower spikes of yellow with maroon eyes from June through to September.	Taupe 1L		25-30cms	
<i>Verbena</i> 'Margaret's Memory' A wonderful plant named in memory of the late Margaret Seabrook, wife to gardening pundit, Peter Seabrook. A bushy plant with healthy green foliage and masses of flowers from May to October. The flowers have distinctive two-tone colour appearance.	Taupe 1L	Pink	20cm	
<i>Verbena</i> 'Homestead Purple' A low growing vigorous Verbena great for the front of the border or in containers. Throughout summer it carries masses of deep purple flowers. Ideal for attracting bees and butterflies	Taupe 1L	Purple	up to 30cm	
<i>Verbena</i> 'Sissinghurst' A fabulous mat forming Verbena excellent for edging a path or growing in a container. It flowers throughout summer producing brilliant pink flowers above mid-green foliage.	Taupe 1L	Pink	15 - 20cm	✓
<i>Verbena bonariensis</i> Tall stems carry heads of small lilac-purple flowers from July to the first frosts. A popular 'see through' plant to enhance the late summer border.	Taupe 1L	Purple	1.2 - 1.8m	✓
<i>Verbena rigida</i> A lovely low growing verbena ideal for the front of the border. It produces clusters of fragrant tiny purple flowers throughout summer which are attractive to butterflies.	Taupe 1L	Purple	60cm	✓
<i>Veronica longifolia</i> 'First Choice' A compact variety ideal for the front of the border or containers. It forms a low mound of attractive deep green foliage and carries numerous spikes of shell pink flowers in early summer.	Taupe 1L	Pink	40cm	

Plant	Pot Size	Flower	Height	AGM
<i>Veronica longifolia</i> 'First Glory' A compact variety ideal for the front of the border or containers. It forms a low mound of attractive deep green foliage and carries numerous spikes of pure deep purple flowers in early summer.	Taupe 1L	Purple	40cm	
<i>Veronica longifolia</i> 'First Lady' A compact variety ideal for the front of the border or containers. It forms a low mound of attractive deep green foliage and carries numerous spikes of pure white flowers in early summer.	Taupe 1L	White	40cm	
<i>Veronica longifolia</i> 'First Love' A compact variety ideal for the front of the border or containers. It forms a low mound of attractive deep green foliage and carries numerous spikes of pure deep pink flowers in early summer.	Taupe 1L	Pink	40cm	
<i>Veronica austriaca</i> 'Ionian Skies' A mat forming perennial with dark green needle like leaves. Saucer shaped flowers are carried on spikes and are pale blue in colour. Flowers over a long period in the summer. Slow spreading.	Taupe 1L	Blue	30cm	
<i>Veronica prostrata</i> 'Trehane' Hardy mound forming perennial, which has lime green leaves, it produces purple flowers from June to September. Looks good in a rock garden or in a container.	Taupe 1L	Purple	10cm	
<i>Veronicastrum virginicum</i> 'Fascination' A fully hardy, evergreen, upright perennial. During the summer it produces spires of tiny pink-violet flowers clustered around tall, spiky stems. Looks good in the back of the border.	Taupe 2L	Pink Purple	1.2m	
<i>Veronicastrum virginicum</i> 'Lavendelturm' A fully hardy, evergreen, upright perennial. During the summer it produces spires of tiny pale lavender flowers clustered around tall, spiky stems. Looks good in the back of the border.	Taupe 2L	Green Purple	1.2m	✓
<i>Veronicastrum virginicum</i> 'Erica' A tall spiky perennial great for adding vertical interest to the back of the border. During summer it produces spires of tiny pink flowers clustered around slender stems.	Green 2L	Pink	120cm	
<i>Veronicastrum virginicum</i> 'Pink Glow' An excellent plant for the back of the border with architectural spikes of pale pink flowerheads held on leafy stems.	Green 2L	Pink	up to 1.5m	

Z

<i>Zaluzianskya ovata</i> 'Star Balsam' Known as Night phlox this fragrant plant carries dazzling whirling flowers with a gorgeous scent over aromatic evergreen foliage. The flowers are white with red reverse, close in the heat of the day and open in the evening releasing an intoxicating scent	Taupe 1L	White Red	30cm	
---	----------	--------------	------	--

Ferns

Adiantum aleuticum 'Imbricatum'

Taupe 2L

30cm

This dwarf fern produces a sculptured, layered effect. It is a very hardy fern despite its delicate appearance. It produces blue-green foliage and purple wiry leaf stems.

Athyrium niponicum var pictum 'Red Beauty'

Taupe 2L

45cm

The Japanese Painted Fern is one of the most popular ferns grown today. Great for a shady border. The fronds appear painted and this variety boasts strong colours. It is silvery grey-green with deep wine-red colour towards the centre and pronounced burgundy midribs.

Dryopteris atrata

Taupe 2L

80 cms

A tough, hardy, usually semi-evergreen attractive fern with shuttlecock like rosettes. It has dark, almost black leaf base.

Osmunda regalis

Taupe 2L

60 -
180cm

Known as the Royal Fern. It has broadly ovate fronds on trunk like rhizomes. New growth is trimmed with silver down. A trouble free variety providing statuesque foliage.

Polystichum setiferum 'Herrenhausen'

Taupe 2L

36cm

A lovely variety of our native evergreen fern. It has filigree-fine fronds that form a lacy rosette. It is ideal at the front of a shady border or in a woodland setting among contrasting ferns and foliage plants. In late spring or early summer new fronds unfurl. Once unwound, the tip of each leaf remains tightly curled with a knot of silver-white hairs.

Plant	Pot Size	Flower	Height	AGM
-------	----------	--------	--------	-----

Grasses

Calamagrostis x acutiflora 'Karl Foerster'

Taupe 2L Green Up to 2m

A handsome reed like grass adaptable to many garden situations. It produces feathery green flowerheads in summer which fade to buff. Planted in groups it will create a feathery effect. The flowerheads last well into the winter making it an excellent architectural plant.

Carex 'Ice Dance'

Taupe 2L Brown 30cm

Sedges are grass-like plants grown for their foliage. This variety forms a low, tufted mound of dark green grassy leaves, each edged in bright white. Small spikes of brownish flowers appear in late spring, but these are insignificant.

Carex 'Milk Chocolate'

Taupe 2L Brown 60-80cm

A beautiful arching bronze grass, ideal for adding movement, texture and colour to herbaceous borders. It has deep bronze coloured pendulous foliage throughout the year and a few flowers in summer.

Carex buchananii

Taupe 2L Brown 75cm (30inch) ✓

A versatile and unusual evergreen grass. It has coppery-brown leaves throughout the year and produces brown flower spikes in late summer.

Carex oshimensis 'Evergold'

Green 2L Brown 25cm ✓

A short evergreen sedge which forms mounds of foliage. It has striking green leaves with a central strip of creamy yellow. In summer brown flower spikes are produced.

Deschampsia cespitosa 'Goldschleier'

Taupe 2L Yellow 1m

Ornamental grass *Deschampsia cespitosa* 'Goldschleier' is a clump forming evergreen with stiff dark green leaves. Arching panicles of golden flower spikes appear in summer. If left the attractive seed heads will last long into winter providing another season of interest.

Elymus 'magellanicus'

Taupe 2L Green 60cm

A superb architectural grass which spreads slowly to form clumps of superb silvery blue elongated foliage. Pale green flower spikelets are produced in summer.

Eragrostis elliottii 'Wind Dancer'

Taupe 1L Brown Up to 1m

A stunning grass, graceful in appearance with dense bluish green leaves. From July light airy flower spikes appear, turning brown then yellow in autumn.

Festuca glauca 'Elijah Blue'

Taupe 1L Blue up to 15cm

A small ornamental blue leaved grass. It has dense, erect, narrow spiky blue-grey leaves and forms little mounds. Best planted in irregular groups.

Hakonechloa 'Sunflare'

Green 2L 45cm

A fully hardy, Japanese grass. It produces bright yellow leaves with a wine coloured tip. The colours intensify as the plant matures. Looks good in a container garden or along the front of the border.

Hakonechloa macra 'All Gold'

Taupe 2L Green 20cms ✓

A bright golden slow growing grass that forms a low mound of arching blades. Originates from Japan.

Leymus arenarius 'Blue Dune'

Taupe 2L Cream 100cms

A beautiful blue/grey semi-evergreen grass, native to Western Europe. Develops cream seed heads during the summer

Miscanthus sinensis 'Morning Light'

Green 2L Brown 1.8m (5ft) ✓

A beautiful grass with an arching habit which creates a fountain effect in the garden. The leaves are green with narrow cream margins. In summer reddish-brown flowers spikes appear which last well into the autumn.

Plant	Pot Size	Flower	Height	AGM
<i>Miscanthus sinensis</i> 'Zebrinus' A tall grass with architectural stems carrying feather like sprays of silky pink-brown flowers in Summer. The leaves are variegated with a distinct golden band across them.	Green 2L		1.5m	✓
<i>Molinia caerulea subsp arundinacea</i> 'Sky Racer' A tall upright clump forming grass which is good for adding structure within the garden. It produces arching green foliage creating a fountain effect. In summer panicles of purple flower spikes appear.	Taupe 2L	Purple	up to 2m	
<i>Panicum</i> 'Heavy Metal' This variety has clumps of very upright grey green foliage with large panicles of tiny purplish spikelets in summer.	Taupe 2L	Purple	1.2m	
<i>Panicum virgatum</i> 'Sangria' An ornamental grass ideal for adding structure to the border. Fountains of green foliage, project upwards turning blood red in colour as the season progresses. Above the foliage delicate airy flower heads are produced with seed heads lasting through winter.	Green 2L	Brown	up to 1m	
<i>Pennisetum advena</i> 'Fireworks' A deciduous clump forming grass that has linear flat leaves coloured burgundy-red with pink margins. If grown in semi-shade leaves are green with white margins.	Taupe 2L	Red	120cms	
<i>Pennisetum advena</i> 'Sky Rocket' A popular ornamental grass useful for creating movement and texture in the border. Sky Rocket is a deciduous grass which forms a graceful clump of slender, variegated leaves. In midsummer it is topped with soft panicles of silvery pink flowers.	Taupe 2L	Pink	up to 1m	
<i>Pennisetum alopecuroides</i> 'Hameln' This grass forms clumps of arching foliage which turns deep yellow in autumn. Creamy white flowers with orange stamens appear in late summer.	Taupe 2L	Yellow	60 - 90cm	
<i>Schizachyrium</i> 'Twilight Zone' A perennial grass with an upright habit. The foliage is iridescent silvery mauve and this intensifies during autumn to give purple highlights on the flower stems.	Green 2L	Brown	Up to 1m	
<i>Stipa gigantea</i> A magnificent grass for creating a focal point. The arching stems carry golden oat like flowerheads which last throughout the summer.	Green 2L	Yellow	up to 1.2m	✓
<i>Stipa tenuissima</i> A dense grass with bright green leaves and wiry stems carrying pale green plumes which fade to beige. Best grown in drifts where the effects of light can be seen running through the flowers.	Taupe 1L		up to 60cm	
<i>Uncinia rubra</i> 'Everflame' Ideal for the front of a border or pot this small sedge has a neat and upright habit with reddish or bronzed foliage. Each leaf is bronze with vivid bright red margins which gleam in the sun.	Taupe 2L		30cm

Shrubs

Anisodonteia capensis 'Elegans Princess'

Taupe 3L Pink 100cm

This half hardy perennial grows well in patio containers and sheltered flower beds. The pink hollyhock like flowers completely cover the plant through the summer months, making it a firm favourite of butterflies and bees, who love the high nectar content.

Arbutus unedo 'Compacta'

Taupe 3L Pink
White up to
2.5m

Arbutus are evergreen trees and shrubs. 'Compacta' is a small variety and has red-brown bark and mid-green leathery leaves. In Autumn sprays of pink-tinged, white bell-shaped flowers appear together with the previous year's rough-skinned, strawberry like fruits.

Aucuba japonica 'Mr Goldstrike'

Taupe 3L Purple 1.8m

Evergreen, slow growing, hardy shrub with dark green leaves, which are heavily spotted with gold variegation. Produces purple flowers in late spring followed by red berries.

Buddleja 'Buzz Lavender'

Taupe 3L Purple 60cm

An excellent shrub for containers and raised beds. This compact version of the Buddleja produces spikes of wonderful violet-lilac flowers with an orange eye above silver-grey foliage.

Callicarpa bodinieri var. *giraldii* 'Profusion'

Taupe 3L Pink 3m ✓

A fabulous deciduous shrub grown mainly for its startlingly colourful berries. It has dark green foliage and panicles of small pale pink flowers during summer. In autumn the flowers are followed by an abundance of purple berries.

Caryopteris x clandonensis 'Hint of Gold'

Taupe 3L Blue Up to 1m ✓

A bushy deciduous shrub that loves sunshine. Bright gold - yellow leaves with a green margin, and rich blue flowers from late summer to early autumn.

Caryopteris x clandonensis 'Worcester Gold'

Taupe 3L Blue 1m ✓
(36inch)

A small deciduous shrub suitable for any garden. It has dark yellow aromatic foliage. During the summer it produces clusters of small blue flowers.

Ceanothus 'Blue Mound'

Taupe 3L Blue Up to 1m ✓

'Blue Mound' is a bushy medium-sized evergreen shrub with glossy oblong-ovate leaves and compact heads of small bright blue flowers. The flowers appear in early summer and last for weeks.

Ceanothus arboreus 'Trewithen Blue'

Taupe 3L Blue up to 6m

A large, spreading evergreen shrub noted for its abundant pyramid shaped clusters of fragrant blue flowers. The blooms are born on arching branches between late spring and early summer.

Choisya ternata

Taupe 3L White up to 2m ✓
(8ft)

A quick growing evergreen shrub with dark green, glossy foliage. In late spring a profusion of fragrant star-shaped white flowers is produced. Light pruning after flowering may encourage a second flush of flowers.

Cistus 'Snow Fire'

Taupe 3L White 60cm ✓

This shrub is dense, evergreen and rounded with lance shaped leaves. Attractive white flowers with maroon at the base of the petals.

Cistus x pulverulentus 'Sunset'

Taupe 3L Pink
Yellow up to
50cm ✓

A low growing ,bushy shrub with wavy green grey leaves. Rose pink flowers are produced in the summer.

Plant	Pot Size	Flower	Height	AGM
<i>Coprosma</i> 'Eclipse' This shrub would be a fantastic addition to any garden with its gorgeous colourful foliage of pinks, oranges, browns, purples and red, which reflect the light. Can be grown in a container or bed.	Taupe 3L		.45cm	
<i>Coprosma</i> 'Scarlet O'Hara' Coprosma are glossy, vibrant evergreens. Scarlet O'Hara features bright reddish-orange variegated foliage which changes with the seasons. During summer it has rich crimson tones which change to burgundy-black with the cooler months.	Taupe 3L		up to 1m	
<i>Cornus</i> 'Flaviramea' A medium deciduous shrub that forms thickets of yellow/green stems in winter. It has red/orange leaves in the autumn. Small white flowers in clusters change to white berries .	Taupe 3L	White	1.5 - 2.5m	✓
<i>Cotinus coggygria</i> 'Golden Spirit' A fabulous smoke bush with golden yellow round leaves. The foliage turns orange and red through autumn providing late interest in the garden. In summer plumes of fluffy, smoke like green flowers appear.	Taupe 3L	Green	2m	
<i>Cotinus coggygria</i> 'Royal Purple' An eye catching deciduous shrub ideal as a specimen plant in a sunny border. It has magnificent purple-red oval leaves which turn scarlet in autumn. In summer plumes of fluffy pink flowers appear creating a hazy effect.	Taupe 3L	Pink	up to 5m	✓
<i>Crinodendron hookerianum</i> 'Ada Hoffman' Evergreen, stiff branched shrub, has narrow dark green leaves, produces lantern like pink and red flowers in spring and summer.	Taupe 3L	Pink Red	3M	
<i>Deutzia</i> 'Raspberry Sundae' A rather stunning new dwarf shrub. Large clusters of two-toned pink and white scented flowers hang on gently arching branches. A good plant for late spring.	Taupe 3L	Pink White	80-90cm	
<i>Escallonia</i> 'Apple Blossom' A compact evergreen shrub ideal for a sunny border. It has small deep green leaves with crimped edges and in summer it produces masses of apple blossom pink flowers.	Taupe 3L	Pink	up to 2m	✓
<i>Euonymus fortunei</i> 'Emerald 'n' Gold' An evergreen bushy shrub grown for its vivid foliage. It has bright green leaves with yellow margins which are tinged pink in winter.	Taupe 3L		50cm (20inch)	✓
<i>Exochorda</i> 'Niagara' A fast growing, compact variety of this shrub, which has white flowers with yellow centres. It is good for either pot or borders.	Taupe 3L	White Yellow	1.5m	
<i>Fatsia japonica</i> 'Spiders Web' A bushy, evergreen shrub with dark green leaves that are speckled white, mainly at the edges, but can spread over the whole leaf. Clusters of white flowers in autumn followed by black berries.	Taupe 3L	White	1.5m - 2.5m	
<i>Fuschia</i> 'Delta's Sara' This newly introduced deciduous shrub will add a delightful splash of colour to the garden. Beautiful large white, violet\blue bell like flowers hang along the stems.	Taupe 3L	White Blue	Up to 1m	

Plant	Pot Size	Flower	Height	AGM
<i>Fuschia</i> 'Riccartonii'	Taupe 3L	Pink Red	Height up to 2m	
This fuschia has bronze tinted dark green foliage. During the summer small, single, scarlet and dark purple flowers hang from arching stems.				
<i>Griselinia littoralis</i>	Taupe 3L	White Yellow	4 - 8m	✓
