Our new catalogue for 2020

Mires Beck Nursery is a Registered Charity with the primary aim of providing horticultural training and work experience for people who have a learning difficulty or disability. Our constant aim is that all who come to the nursery will enjoy and benefit from being involved in a productive, therapeutic and creative work environment. Our experience has shown that people who are involved in the wide range of activities undertaken here develop practical and social skills and grow in confidence and self-esteem.

An extensive range of plants are grown at the nursery including herbaceous perennials, wildflowers, shrubs and herbs. Everyone coming to Mires Beck is involved in the production and care of these plants. Every aspect of the plant's production is carried out by hand by our trainees. This includes propagation, potting up and weeding. Before being sent out for sale our plant preparation team collect the orders, clean and label each plant individually before putting in marketing trays for delivery. We take great pride in the quality of our plants, displays and presentation which is why customers come back.

Our plants are grown outside all year long in peat free compost with a slow release feed and MET 52 for the control of vine weevil. In light of recent environmental concerns we have taken the decision to move away from black pots to taupe pots which can be recycled at the kerb-side. In addition all our labels are fully recyclable. In order to ensure that we do not waste our existing stock of pots this will be a phased process throughout the year and some varieties will still be produced in black pots.

We are fully compliant with the new plant passport regulations and can supply documentation in an easily accessible format for your records as well as labelling the plants.

At Mires Beck we continually assess which plants are performing well and watch the market place carefully to see which plants are in fashion. We have discontinued plants that we feel do not perform well and taken the opportunity to introduce new and exciting varieties. The new plants are listed at the front of the catalogue and are highlighted in green text throughout. The catalogue is compiled alphabetically and details pot size, flower colour, height and whether the plant has been awarded the RHS Award of Garden Merit.

As part of our service to garden centres we offer pre-priced and bar-coded labels. Our labels have full colour pictures, plant descriptions and planting information. Throughout the summer we offer free delivery on our regular delivery days with no minimum order requirement. A weekly availability list is sent out. In order to keep things simple plants are priced according to pot size and colour rather than variety.

PRICES: Our prices for 2020 are shown below:

All Prices plus VAT at the current rate.

Tray 10 x 1 litre black	£13.00	(£1.30 each)
Tray 6 x 2 litre black	£14.40	(£2.40 each)
Tray 6 x 2 litre green	£17.10	(£2.85 each)

You are always welcome to visit us but if you are unable to our website www.miresbeck.co.uk provides full details of all the plants available. We can also be contacted by telephone or email. Please note all plants are offered subject to availability

and not all varieties are available all year.

Deutzia 'Raspberry Sundae'
Nandina domestica 'Obsessed'
Pittosporum 'Beach Ball'
Weigela florida 'Black & White'

Plant	Pot Size	Flower	Height	AGM
-------	----------	--------	--------	-----

A

Acanthus 'Tasmanian Angel'

Green 2L	Pink White Yellow	1.5m	
----------	-------------------------	------	--

A tall herbaceous perennial with dark green leaves and erect flower spikes. This cultivar is less vigorous with touches of yellow on the flowers as they emerge.

Acanthus 'Whitewater'

Green 2L	Pink Cream	1.5m	
----------	---------------	------	--

A dramatic selection of this genus which has variegated leaves in cream and green with funnel shaped flowers in pink and cream appearing on tall bracts.

Achillea 'Fanal'

Black/ Taupe 2L	Red	75 - 90cm	
--------------------	-----	--------------	--

An ideal plant for the back of the border this Achillea produces large flat clusters of red flowerheads held on tall stems above fragrant fern like foliage. Good for cut flowers.

Achillea 'Moonshine'

Black/ Taupe 2L	Yellow	45 - 60cm	✓
--------------------	--------	--------------	---

An ideal plant for the back of the border this Achillea produces large flat clusters of yellow flower heads held on tall stems above fragrant fern like foliage. Good for cut flowers.

Achillea 'Walther Funcke'

Black/ Taupe 2L	Orange	30 - 60cm	
--------------------	--------	--------------	--

A ideal plant for the back of the border this Achillea produces large flat clusters of orange-red flower heads fading to creamy yellow held on tall stems above fragrant fern like foliage. Good for cut flowers.

Achillea millefolium 'Appleblossom'

Black/ Taupe 2L	Pink	90cm	
--------------------	------	------	--

An easy to grow herbaceous perennial invaluable for the summer border. It has aromatic grey-green foliage and flat flowerheads made up of rose-pink flowers. The flowers fade in colour but last well into the autumn.

Actaea pachypoda 'Misty Blue'

Green 2L	White	60cm (24inch)	
----------	-------	------------------	--

A shade loving perennial with upright stems carrying bluish, slightly silver green foliage. In spring plumes of fluffy creamy white flowers open. These are followed by clusters of white doll's eye berries which are held on red stems.

Agapanthus 'Navy Blue'

Green 2L	Blue	90 cm	
----------	------	-------	--

Agapanthus make a structural and graceful addition to any border. 'Navy Blue' is a popular variety with deep blue bells on blue-black stems.

Agapanthus 'Thunderstorm'

Green 2L	Blue	30 cms	
----------	------	--------	--

A beautiful architectural plant with stunning blue flowers and strap like variegated leaves. The storm series flowers prolifically producing more flowers than any other Agapanthus.

Agapanthus 'Twister'

Green 2L	White	60cm	
----------	-------	------	--

A robust and truly hardy African lily. The flowers of Agapanthus 'Twister' are absolutely stunning with crystal white flutes that turn deep blue at the base. The huge flowers appear from mid to late summer.

Agapanthus campanulatus 'var albidus'

Green 2L	White	75cm	
----------	-------	------	--

Agapanthus originate from South Africa and they are a great summer flowering perennial for the garden or container. Clumps of strap-shaped leaves form at the base of the plant. At the top of smooth bare stems round heads of white, trumpet-shaped flowers

Plant	Pot Size	Flower	Height	AGM
<i>Agastache</i> 'Blue Boa'	Black/ Taupe 2L	Blue	60cm	
<p>Agastache are great for attracting bees, butterflies and other beneficial insects to the garden. Blue Boa is a brand new variety producing spikes of stunning deep violet blue flowers held over deep green foliage. They are Drought tolerant so great for b</p>				
<i>Agastache mexicana</i> 'Red Fortune'	Black/ Taupe 2L	Red	60 cm	
<p>Agastache 'Red Fortune' is a short lived perennial ideal for the middle to the front of the border flowering over a long period. It produces long wands of bright magenta-red flowers on a compact bush of licorice-scented green leaves.</p>				
<i>Agastache rugosa</i> 'Golden Jubilee'	Black/ Taupe 1L	Purple	upto 60cm	
<p>A striking plant with attractive golden yellow foliage, above which spikes of violet-blue flowers are held during summer.</p>				
<i>Ajuga</i> 'Black Scallop'	Black/ Taupe 1L	Blue	12cm	
<p>Ajuga are great for providing Autumn foliage colour in planted containers and at the front of the border. This variety has shiny black bronze leaves. In late Spring short blue flower panicles appear above the foliage.</p>				
<i>Ajuga</i> 'Gold Chang'	Black/ Taupe 1L	Pink	15cms	
<p>An unusual Ajuga which has lime/yellow leaves with pale pink flowers in early Spring. This herbaceous perennial is low growing and great for ground cover</p>				
<i>Ajuga reptans</i> 'Chocolate Chip'	Black/ Taupe 1L	Blue	10 - 15cm	
<p>An attractive ground cover plant with dark green foliage overlaid with chocolate brown. In spring short attractive spikes of blue flowers appear.</p>				
<i>Alchemilla mollis</i>	Black/ Taupe 1L Black/ Taupe 2L	Yellow	30 - 60cm	✓
<p>A very useful ground cover plant forming a neat clump of attractively lobed leaves which look especially good after dew or rain when droplets of water are held on the leaves. Masses of yellow flowers throughout summer. Cut back after flowering for a fresh</p>				
<i>Allium</i> 'Gladiator'	Black/ Taupe 1L	Purple	1.2m	✓
<p>Alliums are bulbous herbaceous perennials with linear strap-shaped leaves. Gladiator produces fabulous round clusters of starry purple flowers in early summer</p>				
<i>Allium schubertii</i>	Black/ Taupe 1L	Pink Purple	30 - 60cm	✓
<p>An early flowering summer bulb with large strap shaped basal leaves. It has huge umbrella shaped blooms made up of tiny star shaped pink-purple flowers. The flowers are followed by attractive seed pods.</p>				
<i>Allium sphaerocephalon</i>	Black/ Taupe 1L	Pink	60cm (24inch)	
<p>This summer-flowering perennial has straight, slender stems with linear basal leaves. Each stem is topped by a small egg-shaped flower head, that starts off completely green before turning purple at the tip and becoming deep reddish purple.</p>				

Plant	Pot Size	Flower	Height	AGM
<i>Amsonia</i> 'Blue Ice'	Black/ Taupe 1L	Blue	up to 50cm	
Easy to grow and look after Amsonia has willow like leaves and forms a dense cluster of foliage. Above which in late spring beautiful blue star-shaped flowers are borne in clusters at the end of each stem.				
<i>Anchusa azurea</i> 'Loddon Royalist'	Black/ Taupe 2L		Up-to 1m	
Herbaceous perennial with coarsely hairy stems and leaves. Azure like small blue flowers are borne on erect, branching stems. Enjoys a sheltered sunny position in well drained but moist soil, will tolerate part shade.				
<i>Anemone</i> 'Prinz Heinrich'	Black/ Taupe 2L	Pink	70cms	
This attractive Japanese Anemone is one of the longest flowering perennials which has semi-double rose pink saucer shaped flowers. It flowers late into the Autumn and looks particularly good with grasses in a natural setting.				
<i>Anemone blanda</i>	Black/ Taupe 1L	Pink White Purple	15cms	✓
A low growing and spreading tuberous perennial with lobed leaves and saucer shaped flowers in violet, pink or white produced in Spring.				
<i>Anemone hupehensis var japonica</i> 'Pamina'	Black/ Taupe 2L	Pink	up to 90cm	✓
A great addition for the late summer border. 'Pamina' produces large double, cup shaped pink flowers above deeply cut deep green leaves.				
<i>Anemone sylvestris</i>	Black/ Taupe 2L	White	30 - 50cm	
This plant has beautiful rounded and deeply lobed leaves above which are single white flowers held on long stems. Flowers early summer. Prefers a well drained soil.				
<i>Anemone x hybrida</i> 'Honorine Jobert'	Black/ Taupe 2L	White	50 - 120cm	✓
A delightful late summer flowering cultivar. It has bold lobed leaves above which sit pure white flowers on airy stems.				
<i>Anemone x hybrida</i> 'Queen Charlotte'	Black/ Taupe 2L	Pink	80 - 125cm	✓
A vigorous Anemone with green lobed leaves. In summer on airy stems large bright pink flowers are produced.				
<i>Anisodonteia capensis</i> 'Elegans Princess'	Green 2L	Pink	100cm	
This half hardy perennial grows well in patio containers and sheltered flower beds. The pink hollyhock like flowers completely cover the plant through the summer months, making it a firm favourite of butterflies and bees, who love the high nectar content.				
<i>Anthemis tinctoria</i> 'E.C. Buxton'	Black/ Taupe 1L Black/ Taupe 2L	Yellow	40 - 60cm	
Masses of lemon yellow flowers produced over a long period make this an excellent choice for the border. Flowers last well when cut.				
<i>Anthemis tinctoria</i> 'Lemon Ice'	Black/ Taupe 2L	Yellow	45cms	
A lovely bushy perennial with creamy yellow daisy like flowers and a bright yellow centre. this plant has green, finely dissected leaves, which are slightly aromatic if crushed.				

Plant	Pot Size	Flower	Height	AGM
<i>Anthemis tinctoria</i> 'Sauce Hollandaise'	Black/ Taupe 1L,Black/ Taupe 2L	White	40 - 60cm	
Produces masses of pale yellow flowers ageing to a creamy white. The flowers last well when cut. An excellent plant for the border				
<i>Armeria maritima</i> 'Alba'	Black/ Taupe 1L	White	20cm	
A tough little plant found by the sea. Ideal for the front of the border it makes a good ground cover plant with mounds of foliage, above which flowerheads of small white flowers are held throughout spring.				
<i>Armeria maritima</i> 'Morning Star Deep Rose'	Black/ Taupe 1L	Pink	15-30cms	
A compact low growing perennial that forms a cushion of green with stems of bright pink pom pom like flowers over a long season from Spring through to Summer.				
<i>Armeria maritima</i> 'Morning Star White'	Black/ Taupe 1L	White	15-30cms	
A compact low growing perennial for growing at the front of a border or in the rockery/gravel bed. Forms a cushion of green with stems of white pom pom flowers which last a very long time and attract pollinators				
<i>Artemisia</i> 'Powis Castle'	Black/ Taupe 2L	Yellow	60cm	✓
Grown for its aromatic silver foliage this shrubby perennial is ideal for a sunny border. It has fine, feathery silver foliage with tiny yellow flowers in late summer.				
<i>Artemisia schmidtiana</i> 'Nana Attraction'	Black/ Taupe 1L		15cm	✓
A fabulous addition to the rock garden or front of a border. It forms a cushion of feathery silver-grey foliage.				
<i>Aruncus diocius</i>	Black/ Taupe 2L	White	1.5 - 2m (4 - 6ft)	✓
A good plant for the back of the border. In early summer beautiful plumes of feathery white flowers are produced above toothed mid-green leaves.				
<i>Aster x frikartii</i> 'Monch'	Black/ Taupe 2L	Blue	90cm (40inch)	✓
A traditional Aster for the back of the border. It has a long flowering season and should not require staking. It has lavender-blue single daisy like flowers.				
<i>Astilbe chinensis</i> 'Visions in Red'	Black/ Taupe 2L	Red	60cm	
A long flowering dark red variety with an upright habit. It forms a mound of dark green foliage from dark purple stems. During late spring to summer dark purplish red flower plumes are produced at the top of the stems.				
<i>Astilbe chinensis</i> 'Visions Inferno'	Black/ Taupe 2L	Pink	60cm	
A vigorous and drought resistant Astilbe. It has strong green foliage and in summer carries plumes of pink flowers. The flowers fade from pink to green extending the season of interest into Autumn.				
<i>Astilbe japonica</i> 'Etna'	Black/ Taupe 2L	Red	60cm	
A compact Astilbe with deeply divided dark green foliage, above which plumes of vivid red flowers are held. Fantastic for brightening up a shady space.				

Plant	Pot Size	Flower	Height	AGM
<i>Astilbe simplicifolia</i> 'Sprite'	Black/ Taupe 2L	Pink	up to 45cm	✓
In summer pale pink sprays of flowers on arching stems are held above glossy dark green deeply divided leaves.				
<i>Astilbe x arendsii</i> 'Bressingham Beauty'	Black/ Taupe 2L	Pink	60 - 90cm	
One of the taller varieties of Astilbe and ideal for a moist spot. Feathery pink plumes appear above serrated mid-green leaves in July.				
<i>Astilbe x arendsii</i> 'Diamant'	Black/ Taupe 2L	White	90cm	
A fine plant for a moist shady situation. The divided foliage is tinted bronze in spring turning to green. In early summer dense sprays of white flowers are held above the foliage.				
<i>Astrantia</i> 'Hadspen Blood'	Green 2L	Red	90cm	
A popular perennial for a shady spot in the garden. It has palm like green leaves at the base of the plant. On wiry stems tight posies of reddish-purple flowers are surrounded by long lasting bracts.				
<i>Astrantia</i> 'Roma'	Green 2L	Pink	75 - 100cm	✓
A long flowering variety of Astrantia. It has delicate soft-pink flowers held above deeply lobed foliage.				
<i>Astrantia major</i>	Black/ Taupe 2L	White	60 - 90cm	
A long flowering variety of Astrantia. It has white flower heads with strap-shaped bracts which are often tinged pink held above deeply lobed foliage.				
<i>Astrantia major</i> 'Star of Billion'	Green 2L	White	45 - 75 cm	
Great for use as a cut flower but also a nice garden plant. It produces masses of pin-cushion like flowers in clusters on straight, much-branched stems. They open pale green, change to pale pink then finally to white.				
<i>Astrantia major</i> 'Venice'	Green 2L	Red	50cm	
A popular perennial for a shady spot in the garden. It has palm like green leaves at the base of the plant. On wiry stems tight posies of deep ruby flowers are surrounded by long lasting bracts.				

B

<i>Baptisia australis</i> 'Exaltata'	Black/ Taupe 2L	Blue Purple	80cms	✓
A clump forming perennial from North America, with grey/green leaves and upright racemes of pea like purple/blue lupin like flowers. These are produced in early summer and are followed by oblong blue/black pods.				
<i>Bergenia</i> 'Abendglut'	Green 2L	Red	20 - 30cm (8 - 10inch)	✓
In spring beautiful magenta-crimson flowers appear held on red stems above a rosette of red-tinted dark green leaves. A good plant for the woodland or front of border.				
<i>Bergenia</i> 'Bach'	Green 2L	Pink White	40cm	
Large heads of pale sugar-pink flowers (which Mature white) sit above oval glossy leaved foliage. The leaves are beautifully red-flushed in winter.				

Plant	Pot Size	Flower	Height	AGM
<i>Bergenia</i> 'Bressingham White'	Green 2L	White	up to 40cm (16inch)	✓
An excellent white flowered <i>Bergenia</i> producing an abundance of white flowers in late spring above rich green foliage.				
<i>Brunnera macrophylla</i>	Black/ Taupe 2L	Blue	30 - 45cm	✓
Delicate bright blue flowers appear in spring above deep green leaves. An excellent ground cover plant for shady areas.				
<i>Brunnera macrophylla</i> 'Silver Heart'	Green 2L	Blue	15 - 45 cm	
A fabulous ground cover plant for a semi shady spot. It has large heart-shaped leaves with a silvered surface almost mirror-like. In spring sprays of bright blue flowers in the style of forget-me-nots are produced.				
<i>Brunnera macrophylla</i> 'Variegata'	Green 2L	Blue	30-40cms	
A perennial with large heart shaped leaves which are deep green with splashes of cream. It produces masses of pale blue flowers mid to late Spring. The mound of leaves provide year round interest				

C

<i>Camassia quamasho</i> 'Orion'	Black/ Taupe 1L	Blue	35cms	
This is an ideal bulb for meadow style planting and naturalising, producing deep violet blue flowers above green strap like leaves from May through June.				
<i>Campanula</i> 'Iridescent Bells'	Green 2L	Purple	60cm	
This <i>Campanula</i> has a unique flowering habit and colour. The buds are intense dark purple, opening into beautiful soft lavender blue bells. Flowers are produced from May to November.				
<i>Campanula</i> 'Sarastro'	Green 2L	Purple	60cm	
A compact plant which forms a clump of downy green leaves. In late summer nodding, deep violet, bell shaped flowers are produced.				
<i>Campanula carpatica</i> 'Blue Clips'	Black/ Taupe 1L	Blue	20cm (8inch)	
A low growing <i>Campanula</i> ideal for the rock garden or front of the border. It creates a mat of green foliage above which masses of cup-shaped pale blue flowers are held.				
<i>Campanula carpatica</i> 'White Clips'	Black/ Taupe 1L	White	20cm (8inch)	
A low growing <i>Campanula</i> ideal for the rock garden or front of the border. It creates a mat of green foliage above which masses of cup-shaped white flowers are held.				
<i>Campanula lactiflora</i> 'Lodden Anna'	Black/ Taupe 2L	Pink	1.2m	✓
A tall <i>Campanula</i> good for the back of the border. In summer racemes of large bell-shaped soft pink flowers are carried on slender stems. May require staking.				
<i>Campanula lactiflora</i> 'Prichards Variety'	Black/ Taupe 2L	Blue Purple	up to 100cm	✓
A tall <i>Campanula</i> good for the back of the border. In summer a profusion of large bell-shaped violet blue flowers are carried on top of robust oval leaved stems. May require staking.				

Plant	Pot Size	Flower	Height	AGM
<i>Campanula persicifolia</i>	Black/ Taupe 1L Black/ Taupe 2L	Blue	60 - 80 cm	
A lovely member of the bellflower family producing elegant stems of blue flowers in mid-summer. An excellent choice for the middle of the border.				
<i>Campanula persicifolia</i> 'Var. Alba'	Black/ Taupe 1L Black/ Taupe 2L	White	60 - 80cm	
A beautiful white version of the peach-leaved bellflower with bright clear pure white flowers during July and August. Excellent in the middle of a border.				
<i>Campanula takesimana</i> 'Elizabeth'	Black/ Taupe 2L	Pink Purple	up to 1m	
Pendants of bell shaped pink-purple flushed flowers are produced above rosettes of heart shaped green leaves.				
<i>Canna</i> 'Happy Carmen'	Black/ Taupe 2L	Pink Red	60cm	
One of a range of Canna that has been bred to produce large flowers on a compact growth habit. Perfect for the patio or garden planting.				
Deep red flowers are produced over lush green foliage. Winter protection will be required.				
<i>Canna</i> 'Happy Cleo'	Black/ Taupe 2L	Orange	60cm	
One of a range of Canna that has been bred to produce large flowers on a compact growth habit. Perfect for the patio or garden planting.				
'Happy Cleo' has beautiful orange flowers with a yellow edge. It will need protection in Winter.				
<i>Centaurea dealbata</i>	Black/ Taupe 2L	Pink	6 - 90cm	
A clump forming perennial good for the back of the border. It has bright green foliage and in summer produces white centred pink flowerheads which are good for cutting.				
<i>Centaurea montana</i>	Black/ Taupe 2L	Blue	45cm	
Centaurea montana has grey-green, lance-shaped leaves and large, deep blue or violet flowers, borne in early summer.				
<i>Centaurea montana</i> 'Jordy'	Green 2L	Pink	60cms	
A wonderful variety of Centaurea with large plum purple thistle like flowers, that are attractive to bees and butterflies, in late Spring and early Summer. The spent seed heads can last well in to Autumn.				
<i>Centaurea montana</i> 'Purple Heart'	Green 2L	White Purple	30cm	
Very similiar in habit to the wild corn flower. This variety has attractive feathery white flowers with a contrasting violet/purple centre. The flowers appear upon short sturdy stems above clumps of grey/green leaves. Enjoys full sun or part shade in a we				
<i>Ceratostigma plumbaginoides</i>	Black/ Taupe 2L	Blue	30 - 40cm	✓
A sun loving plant which will provide colour late in the season. This variety is a low growing spreading plant with reddish stems and green leaves which turn bright red in autumn. From September clusters of vivid blue flowers open at the end of stems.				

Plant	Pot Size	Flower	Height	AGM
<i>Chelone</i> 'obliqua'	Black/ Taupe 2L	Pink	60cm	
Late Summer/Autumn flowering plant. Will grow in most types of soil including poorly draining and clay. The pink flowers, shaped like a tortoise head, cluster at the tip of the robust upright stems.				
<i>Chrysanthemum</i> 'Clara Curtis'	Black/ Taupe 2L	Pink	75cm (30inch)	
Clara Curtis is a fantastic Chrysanthemum which produces masses of long lasting, scented pink flowers. It is shorter than some Chrysanthemums but forms a nice bushy plant in the border.				
<i>Chrysanthemum</i> 'Tapestry Rose'	Black/ Taupe 2L	Pink	up to 75cm (30inch)	
A hardy Chrysanthemum with a dense habit and single daisy like flowers. It flowers over a long period in autumn and is ideal for the late border. The flowers are deep pink with green centres held above dissected mid-green foliage.				
<i>Cirsium rivulare</i> 'Atropurpureum'	Black/ Taupe 2L	Red Purple	90cm	
Hardy upright perennial with clumps of branching, leafy stems with round, deep red flower-heads that appear in June/July followed by attractive seed heads. Will grow in full sun or part shade in a well drained but moist soil. Will tolerate some dryness.				
<i>Coreopsis grandiflora</i> 'Early Sunrise'	Black/ Taupe 1L	Yellow	45cm (18inch)	✓
A fabulous plant for the border and cut flower garden. It produces semi-double golden flowers above beautiful green foliage.				
<i>Coreopsis lanceolata</i> 'Sterntaler'	Black/ Taupe 2L	Yellow	30 - 40cm	
A profusion of bright yellow flowers with a mahogany blotch at the base of each petal. Will add a splash of colour to a summer border or patio planter.				
<i>Coreopsis verticillata</i> 'Zagreb'	Black/ Taupe 2L	Yellow	up to 40cm	✓
A compact plant with small bright yellow flowers over a long period above attractive fern like foliage.				
<i>Corydalis</i> 'Canary Feathers'	Black/ Taupe 2L	Yellow	45 cm (18inch)	
An ideal plant for the front of a semi-shady border or a container. It forms a mound of blue-green fern like foliage above which spikes of tubular canary yellow flowers are held throughout spring and summer.				
<i>Corydalis</i> 'Chocolate Stars'	Black/ Taupe 2L	Pink	40cms	
A mounding evergreen perennial with tubular lilac pink flowers borne on upright stems in Spring. The foliage is a reddish/brown in autumn/Winter with bronze hints in Spring which fade to olive green later.				
<i>Crocosmia</i> 'Emily McKenzie'	Black/ Taupe 2L	Orange	60cm (36inch)	
Good for adding impact to the late summer border. Emily McKenzie has arching spikes of orange-red freesia like flowers, held above sword like green foliage.				
<i>Crocosmia</i> 'Lucifer'	Black/ Taupe 2L	Red	up to 1.2m	✓
A vibrant perennial perfect for the mixed border. In late summer sprays of bright-red funnel shaped flowers appear amongst sword like green foliage.				

Plant	Pot Size	Flower	Height	AGM
<i>Crococsmia x crocosmiiflora</i> 'George Davison'	Black/ Taupe 2L	Yellow	1.2m	
A wonderful plant for the late summer border. It has sword like green leaves amongst which large rich amber-yellow freesia like flowers are held on arching stems.				
<i>Crococsmia x crocosmioides</i> 'Emberglow'	Black/ Taupe 2L	Red	up to 90cm	
A bold plant ideal for bringing a splash of colour to the late summer border. Amid sword-shaped green foliage dark dusky-red tubular flowers are held on slender stems.				

D

<i>Dahlia</i> 'Bishop of Auckland'	Black/ Taupe 2L	Red	1m	
A fabulous Dahlia with dark foliage and beautiful wine red flowers. A wonderful addition to the late summer border.				
<i>Dahlia</i> 'Bishop of Llandaff'	Black/ Taupe 2L	Red	up to 1m	✓
This popular Dahlia has striking red semi-double flowers held above dissected deep purple foliage. It is a good plant for the late summer border and makes an excellent cut flower.				
<i>Dahlia</i> 'Mystic Dreamer'	Black/ Taupe 2L	Pink White	70cm	
Previously known as Dahlia 'Candy Eye's' this cultivar has bronze foliage and small single flowers which are pink and white in colour. Each petal has a central magenta stripe edged with white.				
<i>Dahlia</i> 'Mystic Illusion'	Black/ Taupe 2L	Yellow	upto 90cm	
A striking plant with dark foliage against which appear bright, single, lemon yellow flowers. Requires a sunny position to flourish in a rich well drained but moisture retentive soil. Also suitable for growing in large containers. Lift after first frost a				
<i>Dahlia</i> 'Mystic Memories'	Black/ Taupe 2L	Pink Orange	60cm	
A new series of Dahlia with filigreed deep mahogany to black foliage topped with vivid blooms. Topping off their instant appeal are masses of demure single flowers in superb colors. Mystic Memories has antiqued soft peach toned blooms with brushed red hi				
<i>Delphinium</i> 'Blue Lace'	Black/ Taupe 2L	Blue	120cm	
The new Millennium Delphiniums perform better than other tall varieties and offer some astonishingly rich shades. 'Blue Lace' produces tall, stately spires of double light sky-blue flowers with a pinkish tinge.				
<i>Delphinium</i> 'Double Innocence'	Black/ Taupe 2L	White	120 cm	
One of the New Millennium Delphiniums which perform better than other tall varieties and offer some astonishingly rich shades. 'Double Innocence' produces tall spires with frilly double creamy white flowers.				
<i>Delphinium</i> 'Dusky Maidens'	Black/ Taupe 2L	Pink	120 cm	
'Dusky Maidens' is one of the New Millennium Delphiniums which perform better than other tall varieties and offer some astonishingly rich shades. It produces tall spires of pink flowers with a brown bee.				
<i>Delphinium</i> 'Magic Fountain Dark Blue/White Bee'	Black/ Taupe 2L	Blue	1m (3ft)	
The magic fountain series is shorter than traditional Delphiniums. The flower spikes last over a long period and there are many colours in the series. Dark Blue has dark blue cup shaped flowers with a white Bee in the centre of each flower.				

Plant	Pot Size	Flower	Height	AGM
<i>Delphinium</i> 'Magic Fountain Sky Blue/White Bee'	Black/ Taupe 2L	Blue	1m (3ft)	
The magic fountain series is shorter than traditional Delphiniums. The flower spikes last over a long period and there are many colours in the series. Sky Blue has pale blue cup shaped flowers with a white Bee in the centre of each flower.				
<i>Dianthus</i> 'Arctic Star'	Black/ Taupe 1L	White	7 - 10cm	
A delightfully compact variety which produces a neat mound of grey-green leaves. In summer scented double white flowers are produced in abundance.				
<i>Dianthus</i> 'Cherry Daiquiri'	Black/ Taupe 1L	White	35cm	
This is one of a range of perennial pinks. They are hardy and easy to grow, filling the border with fragrant flowers from May to October.				
'Cherry Daiquiri' is a white single flower with a blackcurrant eye.				
<i>Dianthus</i> 'Mojito'	Black/ Taupe 1L	White	35cm	
This is one of a range of perennial pinks. They are hardy and easy to grow, filling the border with fragrant flowers from May to October.				
'Mojito' is a white single flower with a lime green centre.				
<i>Dianthus</i> 'Passion'	Black/ Taupe 1L	Red	25 - 30 cm	
Bred by Whetman Pinks and part of their scent first collection. 'Passion' bears masses of double, cherry-red flowers above a neat mound of soft, grey-green leaves. Flowering from late spring through summer providing a wonderful scent in the garden.				
<i>Dianthus</i> 'Raspberry Sundae'	Black/ Taupe 1L	Pink	20cm	
Beautifully perfumed blush pink flowers with crimped edges and a raspberry eye. A naturally compact plant which flowers later than many in this range.				
<i>Dicentra</i> 'King of Hearts'	Green 2L	Pink	25cm	
This variety of Dicentra produces a clump of lacy soft blue-green foliage. Above which clusters of delicate bright rose heart-shaped flowers dangle from their stems. Excellent for edging, and very useful for mixed containers and tubs. Removing faded flow				
<i>Digitalis</i> 'Camelot Rose'	Black/ Taupe 1L	Pink	90- 120cm	
These Foxgloves flower in both the first and second year before eventually setting seed and dying. Foxgloves provide architectural height in the border. This variety has tall spikes of rose-pink bells spotted inside with maroon.				
<i>Digitalis</i> 'Camelot White'	Black/ Taupe 1L	White	90- 120cm	
These Foxgloves flower in both the first and second year before eventually setting seed and dying. Foxgloves provide architectural height in the border. This variety has tall spikes of creamy white bells spotted inside with maroon.				
<i>Digitalis purpurea</i> 'Excelsior Hybrids'	Black/ Taupe 1L	Pink White Yellow	60 - 90cm	✓
A good plant for the back of the border. The foliage forms a rosette at the base of the plant and bell like flowers are borne on tall spikes. Flowers are pastel shades of creamy yellow, white, purple or pink.				

Plant	Pot Size	Flower	Height	AGM
<i>Doronicum orientale</i> 'Little Leo'	Black/ Taupe 1L	Yellow	30cm	

Doronicum 'Little Leo' is a dwarf perennial ideal for the front of the border. It produces a neat mound of heart-shaped green leaves in April-May topped with cheerful bright golden-yellow daisy flowers. Popular with bees and good as a cut flower. Thrives

E

<i>Echinacea</i> 'Big Kahuna'	Black/ Taupe 2L	Orange	45-50cm	
-------------------------------	--------------------	--------	---------	--

A strong and bushy variety ideal for the middle of the border. It produces large, fragrant flowers throughout summer. The flower is made up of mango coloured petals surrounding a large red-brown cone.

<i>Echinacea purpurea</i>	Black/ Taupe 1L Black/ Taupe 2L	Pink	1 - 1.5m	
---------------------------	--	------	----------	--

A wonderful plant for the back of the border it sometimes has red-tinted green stems. From mid-summer has pink flowers with golden brown centre cones.

<i>Echinacea purpurea</i> 'Fatal Attraction'	Green 2L	Pink	80cm	
--	----------	------	------	--

A wonderful new introduction from Piet Oudolf. It has slender red stems and toothed dark green leaves. The flowers have intense deep purple-pink petals surrounding the brown central cone.

<i>Echinacea purpurea</i> 'White Swan'	Black/ Taupe 1L Black/ Taupe 2L	White	50 - 60cm	
--	--	-------	--------------	--

A wonderful plant for the middle of the border, 'White Swan' has bold, daisy-like flowerheads. White reflexed petals surround an orange-brown central cone. Flowers from mid summer to early autumn.

<i>Echinops ritro</i>	Black/ Taupe 1L	Blue	60cm	✓
-----------------------	--------------------	------	------	---

An architectural plant with attractive globe shaped flowerheads. This compact variety has stiff spiny leaves and metallic blue flowers which mature to a brilliant blue.

<i>Epimedium x rubrum</i>	Green 2L	Red	20 - 25cm	✓
---------------------------	----------	-----	--------------	---

A good ground cover plant for the shady garden. It has heart shaped green leaves which are flushed with red during spring. Above the foliage, in spring, masses of tiny Crimson flowers are held.

<i>Epimedium x versicolor</i> 'Sulphureum'	Green 2L	Yellow	up to 35cm	✓
--	----------	--------	---------------	---

A low growing evergreen ideal for early spring colour. The leaves are coppery when young. The spidery flowers are pale yellow in colour and held just above the foliage

<i>Epimedium x youngianum</i> 'Niveum'	Green 2L	White	30cm	✓
--	----------	-------	------	---

A captivating spring flowering woodland perennial. The leaves are composed of tiny leaflets tinged coppery-purple when young. Thin stems bear a single leaf and up to twelve nodding bell shaped white flowers.

<i>Erigeron</i> 'Sea Breeze'	Black/ Taupe 1L	Red	up to 30cm	
------------------------------	--------------------	-----	---------------	--

A compact plant carrying rich red-purple daisy like flowers in summer above a dense mound of grey-green foliage.

Plant	Pot Size	Flower	Height	AGM
<i>Eryngium bourgatii</i>	Green 2L	Blue	30 - 55cm	
A wonderful architectural plant for the border. In summer cone shaped flowerheads of blue or violet surrounded by spiny bracts are carried on green stems. The flowers are very distinctive and are useful for cutting.				
<i>Eryngium planum</i>	Black/ Taupe 1L Black/ Taupe 2L	Blue	45 - 60cm	
An architectural plant with steely blue flower heads, held majestically over green foliage. May require staking.				
<i>Erythronium 'Pagoda'</i>	Black/ Taupe 2L	Yellow	up to 35cm	✓
An elegant spring flowering plant ideal for moist shady areas of the garden. The delicate yellow flowers are carried on arching stems above glossy green foliage.				
<i>Eupatorium dubium 'Baby Joe'</i>	Black/ Taupe 2L	Pink	up to 75cm	
This compact variety is perfect for the smaller garden. It forms a bushy upright mound of dark green foliage and carries large umbrella-like heads of magenta-pink flowers in late summer. The dried seed heads offer winter interest.				
<i>Euphorbia amygdaloides 'Purpurea'</i>	Black/ Taupe 2L	Yellow	50cm	
A smaller Euphorbia suitable for a shady area. The purple foliage is held in whorls around stiff stems. Clusters of tiny bright yellow-green flowers are held on top of the stems.				
<i>Euphorbia characias subsp characias 'Tasmanian Tiger'</i>	Black/ Taupe 2L	Yellow	up to 1m	
A really good plant for the winter garden. The leaves are grey-green and strongly variegated. The leaf edges vary from white to cream/pale yellow. Conical flower heads appear in spring, made up of creamy bracts with a green eye.				
<i>Euphorbia x martini</i>	Black/ Taupe 2L	Green	up to 90cm	✓
A large plant ideal for the back of the border. It has slightly hairy leaves giving it a silvery sheen and stems flushed with burgundy. In late spring lime green flowers are produced.				
<i>Euphorbia x martinii 'Ascot Rainbow'</i>	Black/ Taupe 2L	Green	50cm	
A good winter plant with evergreen foliage. The leaves are greyish green and edged with bright gold margins making a colourful display. During the colder months the leaves take on an attractive rosy pink tinge. In spring green flowers are produced towar				

G

<i>Gaillardia 'Sunset Cutie'</i>	Black/ Taupe 1L	Red	30 - 35cm

A dense, clump forming perennial with dark green leaves which take on orange and red tints during autumn. The flowers are pure white and are held above the foliage through summer to autumn.				
<i>Geranium sanguineum</i> 'Striatum'	Black/ Taupe 2L	Pink	20 - 25cm	✓
A low growing hardy geranium ideal for the front of the border or large container. Neat foliage covered in spring with pale pink flowers with darker pink veins.				
<i>Geranium x magnificum</i>	Black/ Taupe 2L	Purple	60cm	✓
A vigorous perennial forming a clump of attractive lobed leaves crowned in midsummer by a mass of rich violet, vined saucer shaped flowers.				
<i>Geum</i> 'Koi'	Black/ Taupe 1L	Orange	30cm (12inch)	
A low growing perennial which flowers over a long period. 'Koi' has glossy green foliage above which bright orange eye catching flowers appear. Ideal for a border or container.				
<i>Geum</i> 'Lady Stratheden'	Black/ Taupe 1L Black/ Taupe 2L	Yellow	45-60cm	✓
A clump forming perennial with lobed leaves producing yellow flowers which dance loosely on moving flower stems. The cup-shaped double flowers are bright yellow with prominent green stamens.				

Plant	Pot Size	Flower	Height	AGM
<i>Geum</i> 'Mrs Bradshaw'	Black/ Taupe 1L Black/ Taupe 2L	Red	80cm	✓
A clump forming perennial with fresh green lobed lance-shaped leaves. It produces rounded, double crimson flowers borne in small sprays in summer.				
<i>Geum rivale</i> 'Leonard's Variety'	Black/ Taupe 2L	Pink	up to 45cm	
A beautiful variety for the front of the border. It has scalloped deep green leaves above which, on nodding stems, are held orange-pink flowers.				
<i>Gillenia trifoliata</i>	Green 2L	White	75cm	✓
Medium-sized woody perennial. Star like white flowers open in the early summer and contrast against the dark coppery green leaves. Plant in partial shade in a light well drained soil.				

H

<i>Helenium</i> 'Moerheim Beauty'	Green 2L	Orange	90 - 120cm	✓
One of the best known Heleniums. Rich orange - red flowers with dark centres are held well above the leaves from early August well into the autumn. A very good border plant.				
<i>Helenium</i> 'Sahin's Early Flowerer'	Green 2L	Orange	1m	✓
This is surely one of the best Heleniums. Beautiful large flowers of orange - red streaked with yellow simply glow in the afternoon sunshine. Flowers from early July well into the autumn.				
<i>Helenium</i> 'Waltraut'	Green 2L	Orange	75 - 100 cm	✓
Copper orange flowers held high above mid-green foliage. Ideal border plant flowering from July to late autumn.				
<i>Helenium autumnale</i> 'Fuego'	Green 2L	Red Yellow Orange Brown	40 - 50cm	
This is a relatively new compact form of Helenium. From late summer it is topped with masses of showy daisy like flowers. These are made up of yellow-based, orange-red petals and a central cone that changes from brown to yellow as the head matures.				
<i>Helenium autumnale</i> 'Sombbrero'	Green 2L	Yellow	40 - 50cm	
This is a relatively new compact form of Helenium with dark green foliage. From late summer it is topped with masses of showy daisy like bright yellow flowers. A good addition for the autumn border.				
<i>Helianthemum</i> 'Ben Fhada'	Black/ Taupe 1L	Yellow	20cm	
Ideal for rock gardens and raised beds. It has bright yellow flowers with contrasting orange centres throughout summer.				
<i>Helianthemum</i> 'Ben Ledi'	Black/ Taupe 1L	Pink	up to 30cm	
A vigorous low growing evergreen suitable for gravel gardens and rockeries which flowers in late spring. 'Ben Ledi' produces a profusion of rose pink saucer shaped flowers with yellow centres above a mound of deep green foliage.				

Plant	Pot Size	Flower	Height	AGM
<i>Helianthemum</i> 'Ben Mohr'	Black/ Taupe 1L	Orange	25cm	
Ideal for rock gardens and raised beds. It has bright orange saucer shaped flowers throughout summer.				
<i>Helianthus</i> 'Happy Days'	Black/ Taupe 2L	Yellow	55cm	
A short perennial sunflower with dark green foliage. At the top of short stems double yellow daisy like flowers are produced. A good plant for the middle of a border.				
<i>Helianthus</i> 'Lemon Queen'	Black/ Taupe 2L	Yellow	150 - 200cm	✓
A tall imposing clump forming plant ideal for the back of a border. Masses of large lemon yellow flowers are produced from mid to late Summer. Requires a sunny position in a moist but well drained soil.				
<i>Helianthus</i> 'Suncatcher Pure Gold'	Black/ Taupe 2L	Yellow	80cm	
A perennial sunflower producing masses of bright yellow flowers over green foliage. A great plant for a container or border.				
<i>Helianthus sunbelievable</i> 'Brown Eyed Girl'	Black/ Taupe 2L	Yellow	60cms	
This is a half-hardy compact, multi-branching annual that grows to 60cms. It produces dark green leaves and lots of large daisy like flowers of golden yellow with a dark brown central eye which is surrounded by a reddish/orange ring.				
<i>Hellebores</i> 'Double Black'	Green 2L	Purple	35cms	
An evergreen clump forming plant with leathery deeply lobed leaves. The flowers are dark plum almost black and double, appearing in February through to April.				
<i>Hellebores</i> 'Double Green'	Green 2L	Green	45cms	
An evergreen clump forming plant that has elegant apple green double blooms between winter and spring. Grows well in dappled shade but can tolerate some sun.				
<i>Hemerocallis</i> 'Burning Daylight'	Green 2L	Orange	up to 70cm	✓
Daylily flowers last just one day but may produce a flush of flowers lasting two to three weeks. This variety produces fragrant orange flowers which have wavy inner petals carried in lush foliage.				
<i>Hemerocallis</i> 'Fooled Me'	Green 2L	Red Yellow	60cms	✓
A stunning variety with bright golden yellow with a red eye. Each flower blooms for up to 16 hours and then dies back. Flowers appear from early to mid summer.				
<i>Hemerocallis</i> 'Happy Returns'	Black/ Taupe 2L	Yellow	45cm	
A smaller Day Lily with pale yellow funnel shaped flowers. It will flower over a long period during summer but each flower only lasts a day.				
<i>Hemerocallis</i> 'Stella de Oro'	Black/ Taupe 2L	Yellow	25 - 30cm	
A popular daylily that performs well. It forms a dense clump of grassy green foliage above which golden-yellow trumpet shaped flowers are held.				
<i>Hesperantha coccinea</i> 'Jennifer'	Green 2L	Pink	up to 60cm	✓
A late flowering perennial which will bring elegance and colour to the garden. It has slender sword like green leaves which surround the flowering stems. Jennifer has large pink flowers with broad round-tipped petals.				

Plant	Pot Size	Flower	Height	AGM
<i>Hesperantha coccinea</i> 'Professor Barnard'	Green 2L	Pink	up to 80cm	
Great for cut flowers and ideal for adding a splash of colour to the late summer border. Slender sword-shaped green leaves surround the flower stems which carry spikes of deep pink flowers.				
<i>Hesperantha coccinea</i> 'Wilfred H. Bryant'	Green 2L	Pink	up to 80cm	✓
Large very pale pink flowers from late summer well into the autumn. Good near water or in a border, or in a container.				
<i>Hesperantha coccinea alba</i>	Green 2L	White	up to 80cm	
Great for cut flowers and ideal for adding a splash of colour to the late summer border. Slender sword-shaped green leaves surround the flower stems which carry spikes of delicate white flowers throughout late summer.				
<i>Heuchera</i> 'Berry Smoothie'	Green 2L	Pink	60cm	
A stunning Heuchera with a big bold habit making it ideal for ground cover for a semi-shady position. The foliage is purple-pink in colour with silver veining and darkens as the leaves mature. Small soft pink flowers appear in spring.				
<i>Heuchera</i> 'Delta Dawn'	Green 2L	White	20-25cm	
Heucheras offer a tremendous range of foliage colours especially for shady areas. Delta Dawn forms a sturdy mound of rounded leaves with gold to lime colouring and red veining. Sprays of white bell flowers appear in June.				
<i>Heuchera</i> 'Electra'	Green 2L	White	30cm (12inch)	
One of the most intensely coloured varieties available. The large palmate leaves are a bright golden yellow with red veining. In autumn the leaves darken to a yellow-green gradually producing shades of tan towards and throughout winter.				
<i>Heuchera</i> 'Ginger Ale'	Green 2L		25cm	
Heuchera are great for adding a splash of colour to the garden. Ginger ale has lobed leaves and are ginger-gold in colour with silver markings. In summer upright dark pink stems bear small, bell shaped pink flowers.				
<i>Heuchera</i> 'Lime Marmalade'	Green 2L	White	35cm	
A fabulous plant grown for its foliage. Lime Marmalade is a vigorous variety which could be used at the front of the border or as a specimen in a pot. The leaves are lime green in colour and have softly ruffled edges. In summer spires of white flowers				
<i>Heuchera</i> 'Marmalade'	Green 2L	Red	40cm	
A great plant grown mainly for its colourful foliage. It has ruffled leaves which are reddish-purple when young maturing to yellowish bronze with a purple underside. In summer spires of red flowers are held above the foliage.				
<i>Heuchera</i> 'Obsidian'	Green 2L	Cream	up to 45cm (18inch)	
A fantastic foliage plant. This evergreen Heuchera has glossy, deep maroon foliage which darkens as the season progresses. In summer cream flowers appear contrasting brilliantly with the foliage.				
<i>Heuchera</i> 'Wild Rose'	Green 2L	Pink	25cm	
An absolutely fabulous variety with large leaves and bright, uniquely colored foliage. 'Wild Rose' forms a dense habit of large, vibrant rosy purple leaves with prominent deep charcoal veining. Rosy pink flowers are produced in summer.				

Plant	Pot Size	Flower	Height	AGM
<i>Hosta 'Fire & Ice'</i>	Black/ Taupe 2L	Purple	50 cm	✓
This is a medium sized Hosta so suitable for the border or containers. It is a reversed form of Hosta 'Patriot'. It has white centred leaves with a dark green edge. The central section is wide with irregular splashes and streaks of many shades of green.				
<i>Hosta 'June'</i>	Black/ Taupe 2L	Purple	50cm	
A medium sized popular variety. June has heart shaped leaves which are strikingly marked. The margins are blue green whilst the central area is yellow green fading to creamy white in sunlight. Lavender flowers are produced above the foliage.				
<i>Hosta 'Purple Heart'</i>	Green 2L	Purple	60cm	
A compact variety great for either the border or a container. It has light to mid-green leaves held on a near-black stem. The dark colouring usually infuses the base of the leaf too. In late summer dark stems carrying sprays of lavender coloured flowers				
<i>Hosta 'Royal Standard'</i>	Black/ Taupe 2L	White	up to 90cm	✓
A superb Hosta which forms a mound of bright green foliage above which sit spikes of fragrant white flowers.				
<i>Hosta 'Sum And Substance'</i>	Black/ Taupe 2L	Purple	60 - 75 cm	✓
A bold Hosta with slightly corrugated yellow-green leaves. In summer spikes of pale lilac flowers appear. Ideal for a large container or shady border.				
<i>Hosta 'Wide Brim'</i>	Black/ Taupe 2L	Blue	75cm	✓
One of the best Hostas available, Wide Brim has heart shaped puckered leaves which are mid green in colour with wide cream edges. In summer spikes of funnel shaped lavender blue flowers are held above the foliage.				
<i>Hosta fortunei 'Francee'</i>	Black/ Taupe 2L	Purple	45 - 55cm	✓
This Hosta has heart-shaped puckered green leaves with a white margin. In summer spikes of pale purple flowers are carried above the foliage. Good in a container or to lighten a shady spot in the garden.				
<i>Hosta sieboldiana 'Blue Angel'</i>	Black/ Taupe 2L	White	up to 1m	✓
A shade loving perennial good as a specimen plant or as ground cover in a shady area. It has large oval blue-green leaves and in summer produces spikes of near white bell shaped flowers.				

I

<i>Iberis sempervirens 'Snowflake'</i>	Black/ Taupe 1L	White	15 - 25cm (6 - 10inch)	
An evergreen shrubby plant with dark green oblong leaves. Above mounds of foliage in spring and early summer racemes of snow white flowers are produced.				
<i>Iris 'Action Front'</i>	Green 2L	Red	85cm	
A classic iris for the cottage garden. The flowers are strongly scented and Garnet red in colour. The falls are a deeper red with some veining in the throat of the flower.				
<i>Iris 'Benton Lorna'</i>	Green 2L	Purple	90cms	
A tall bearded iris with stunning large flowers with vivid pink stippled standards and violet edged falls. The leaves are architectural being tall and sword like.				
<i>Iris 'Bold Print'</i>	Green 2L	Purple	60cms	
A stunning bearded iris with white standards and falls of ruffled blue/purple. Suitable for the middle of the border but must have full sun and no competition from other plants too close.				

Plant	Pot Size	Flower	Height	AGM
<i>Iris 'Frost and Flame'</i>	Green 2L	White	105cms	
A tall bearded iris suitable for the back of the border. it has large showy pure white flowers with a contrasting bright orange beard. Flowers in early summer and despite its height is self supporting. Must have well drained soil and a sunny position.				
<i>Iris 'Jane Phillips'</i>	Green 2L	Blue	120 cm (48inch)	✓
A beautiful tall bearded Iris ideal for the back of the border. It has fans of sword-shaped green leaves amongst which pale blue flowers are held. The flowers have slightly ruffled petals and are delicately scented.				
<i>Iris 'Madeira Belle'</i>	Green 2L	White	Flowering height upto 80cm	
Tall bearded Iris with bright white ruffled flowers borne on long stems in May/June. Enjoys a sunny position and well drained soil, after flowers the plants leaves make an interesting architectural addition to the border.				
<i>Iris 'Orange Caper'</i>	Green 2L	Yellow	20cm	
A dwarf Iris with bright yellow flowers with a hint of orange and rich orange russet beard.				
<i>Iris 'Rajah'</i>	Green 2L	Red Yellow	75cm	
A fabulous Iris with a rich fruity spicy scent. The flowers are outstanding with velvety rich, dark burgundy falls with splashes of yellow, topped by bright butter-yellow standards.				
<i>Iris 'Raspberry Blush'</i>	Green 2L	Pink Purple	45cm (16inch)	
A compact beared Iris with narrow sword shaped green leaves, amongst which flowers stems are held. In early summer pale purple flowers are produced. The lower petals are cream with purple veining and flushed with purple.				
<i>Iris sibirica 'Dreaming Yellow'</i>	Green 2L	Cream Yellow	60cm	
A clump forming perennial with green sword shaped leaves. Amongst the leaves, in spring, thin stems carry creamy white flowers with a splash of yellow.				
<i>Iris sibirica 'Flight of Butterflies'</i>	Green 2L	Purple	60cm	
A clump forming perennial with narrow sword shaped green leaves. Amongst the leaves purple and blue veined flowers are held on tall thin stems.				

J

<i>Jovibarba allionii</i>	Black 9cm	Pink	10 - 25cm	
An architecturally beautiful low growing plant. It forms yellow green rosettes and sometimes has pink flowers. Perfect for planting in gravel gardens, paved areas, rockeries and small containers.				

K

<i>Kalimeris incisa 'Blue Star'</i>	Black/ Taupe 2L	Blue	45cm	
A fantastic hardy daisy like plant ideal for a container or front of the border. It forms a low mound of foliage above which an abundance of pale blue daisy like flowers sit.				
<i>Kniphofia 'Bees' Lemon'</i>	Green 2L	Yellow	1m	
A late summer flowering Kniphofia. It has spikes of tubular green-tinged yellow flowers held on stiff stems. The foliage is green and grass like with serrated edges. Ideal for the back of the border.				

Plant	Pot Size	Flower	Height	AGM
<i>Kniphofia</i> 'Moonstone'	Green 2L	Cream	85cm	✓
A fabulous plant for the middle of the border. The flower spikes progressively change to lighter shades as the flowers open. Moonstone has heads of cream flowers from burnt cream buds held on bronzed stems.				
<i>Kniphofia</i> 'Royal Castle'	Black/ Taupe 2L	Yellow Orange	up to 1m	
An evergreen perennial with arching grass like leaves. Ideal for the back of the border. This variety produces flower spikes in vibrant shades of orange and yellow.				
<i>Kniphofia</i> 'Tawny King'	Green 2L	Cream	1.25m	✓
Fabulous for adding height and structure to a border. 'Tawny King' produces spikes of creamy-brown bell shaped flowers on bronze stems above sword like green foliage.				
<i>Kniphofia</i> 'Wrexham Buttercup'	Green 2L	Yellow	100cm	✓
A large <i>Kniphofia</i> which would add height and drama to the late summer border. 'Wrexham Buttercup' produces green flower spikes which age to a golden yellow.				

L

<i>Lamium galeobdolon</i> 'Hermann's Pride'	Black/ Taupe 1L	Yellow	60cm	
A fantastic ground cover plant for a shady position. It has fantastic green leaves streaked with silver above which clusters of small hooded yellow flowers are held in spring.				
<i>Lamprocapnos spectabilis</i>	Black/ Taupe 2L	Pink White	60 - 90cm	✓
Unusual pink and white flowers held delicately above attractive mid-green foliage. A good plant for an open or semi-shady spot in the border. Flowers April - June. Quite hardy.				
<i>Lamprocapnos spectabilis</i> 'Alba'	Black/ Taupe 2L	White	60 - 90cm	✓
Unusual heart shaped white flowers held delicately above attractive mid-green foliage. A good plant for an open or semi-shady spot in the garden. Flowers April - June.				
<i>Lavandula angustifolia</i> 'Hidcote'	Black/ Taupe 1L Black/ Taupe 2L	Blue Purple	50 - 60cm (20 - 24inch)	✓
A small aromatic shrub which produces drifts of dark purple flowers in dense spikes above silvery grey foliage.				
<i>Lavandula angustifolia</i> 'Munstead'	Black/ Taupe 1L Black/ Taupe 2L	Blue Purple	50 - 60 cm	
Small aromatic shrub with drifts of blue flowers in late summer. Likes well drained fertile soil and a sunny position.				
<i>Lavandula stoechas</i> 'Kew Red'	Black/ Taupe 1L	Red	up to 60cm	
An early flowering French Lavender with grey green aromatic foliage. It produces flat flowerheads with tiny cerise flowers above which pale pink flags emerge.				
<i>Lavandula x intermedia</i> 'Edelweiss'	Black/ Taupe 1L	White	60 cm	
An evergreen shrub with grey green foliage and aromatic flowers ideal as a low hedge. The flowers are produced on spikes at the top of leafless stems. They are white with a hint of blue.

<i>Perovskia</i> 'Blue Spire'	Black/ Taupe 2L	Blue	up to 1m	✓
This deciduous sub-shrub makes a fantastic addition to the late summer border. It has aromatic deeply divided silver-grey foliage and tiny blue tubular flowers are held on silvery stems in late summer and early autumn.				
<i>Persicaria affinis</i> 'Darjeeling Red'	Black/ Taupe 2L	Red	30cm	✓
An attractive looking plant which forms a mat of lance shaped green foliage. In summer spikes of pale pink flowers are produced above the foliage. These gradually mature to a deep red.				
<i>Persicaria amplexicaulis</i> 'Firetail'	Black/ Taupe 2L	Red	90cm	✓
An attractive long flowering perennial ideal for a moist area. It produces bright red tapering spikes of flowers throughout summer above mid green foliage.				
<i>Persicaria bistorta</i> 'Superba'	Black/ Taupe 2L	Pink	60 - 90cm	✓
Ideal for the back of the border it has large broad leaves and spikes of pale pink soft flowers.				

Plant	Pot Size	Flower	Height	AGM
<i>Phlomis russeliana</i>	Black/ Taupe 2L	Yellow	90cm	✓
A handsome plant which forms impressive clumps in the border. Clusters of canary yellow flowers encircle the flower spike. Useful for dried flowers.				
<i>Phlox paniculata</i> 'Blue Paradise'	Black/ Taupe 2L	Blue	up to 1.2m (3ft)	
Ideal for the back of the border this Phlox carries scented violet-blue flowers at the top of tall stems. Its fragrant flowers will attract bees and butterflies to the garden.				
<i>Phlox paniculata</i> 'David'	Black/ Taupe 2L	White	1m	✓
The large sweetly fragrant flower clusters create a spectacular show in the summer border. This is one of the best white varieties with bright green foliage and good mildew resistance.				
<i>Phlox paniculata</i> 'Franz Schubert'	Black/ Taupe 2L	Purple	up to 1m	✓
The large sweetly fragrant flower clusters create a spectacular show in the summer border. This variety has soft lilac flowers with a darker centre.				
<i>Phlox paniculata</i> 'Fujiyama'	Black/ Taupe 2L	White	up to 75cm	
A cottage garden favourite, this Phlox has delicate starry white flowers held above dark green leaves. The flowers are scented and will attract bees and butterflies to the garden.				
<i>Phlox subulata</i> 'Kimono'	Black/ Taupe 1L	Pink White	15cm	
Mossy Phlox forms a low mound or cushion of dark green needle-like leaves, smothered by tiny flowers in late spring. This variety, sometimes known as 'Candy Stripe' produces a pretty display of rose-pink flowers. Each petal is striped with white.				
<i>Phlox subulata</i> 'McDaniel's Cushion'	Black/ Taupe 1L	Pink	15cm	✓
A low growing Phlox which forms a cushion of lush green foliage. In spring and early summer masses of dark pink flowers are produced covering the whole plant.				
<i>Phlox subulata</i> 'Spring Hot Pink'	Black/ Taupe 1L	Pink	10 - 15cm	
A great groundcover plant with needle like foliage that produces deep pink star shaped blooms in early spring.				
<i>Phlox subulata</i> 'Spring White'	Black/ Taupe 1L	White	10-15cm	
A great groundcover plant with needle like foliage that produces masses of white star shaped blooms in early spring.				
<i>Phuopsis stylosa</i>	Black/ Taupe 1L		25cm	
A mat-forming perennial with whorls of green narrow, aromatic leaves clusters of small, narrowly funnel-shaped pink flowers. Plant in a well drained soil in full sun or partial shade. Excellent ground cover.				
<i>Physalis alkekengi</i> 'Gnome'	Black/ Taupe 2L	White	20cm	
Commonly known as Chinese Lantern, this dwarf variety has very attractive orange lantern like fruits which last well into the winter months. It grows upto 20cm in height in a part shade/full sun, the fruits are preceded by white star like flowers in July.				

Plant	Pot Size	Flower	Height	AGM
<i>Polemonium</i> 'Bressingham Purple'	Black/ Taupe 2L	Purple	up to 50cm	
A compact variety that produces purple-tinged foliage. Slender purple stems with purple leaves hold clusters of cupped, lilac-blue flowers marked in a darker blue with a small white centre. Flowers on and off for a long period between spring and autumn.				
<i>Polemonium caeruleum</i>	Black/ Taupe 2L	Blue	75cm	
An attractive spring and early summer bloomer. Its leaves are formed of elliptical leaflets giving the effect of a primitive ladder. At the top of tall stems sprays of soft blue bell shaped flowers with bright yellow stamens appear in early summer.				
<i>Polemonium caeruleum</i> 'Alba'	Black/ Taupe 2L	White	60cm	
An attractive spring and early summer bloomer. Its leaves are formed of elliptical leaflets giving the effect of a primitive ladder. At the top of tall stems sprays of white bell shaped flowers with bright yellow stamens appear in early summer.				
<i>Polygonatum multiflorum</i>	Black/ Taupe 2L	White	90cm	
A fabulous addition to a shady corner. It has arching stems which carry glossy dark green oval leaves, amongst which in early spring clusters of white bell shaped flowers are held. The flowers are followed by small black fruits.				
<i>Potentilla</i> 'Gibson's Scarlet'	Black/ Taupe 2L	Red	45cm	✓
A beautiful low growing plant for the front of the border. It has strawberry like leaves above which bright red flowers are held.				
<i>Potentilla</i> 'William Rollison'	Black/ Taupe 2L	Orange	45cm	✓
A beautiful variety for the border. It has large semi-double orange flowers with yellow centres held above divided deep green foliage.				
<i>Potentilla atrosanguinea</i>	Black/ Taupe 1L Black/ Taupe 2L	Red	45 - 90cm	
Saucer shaped red flowers are borne on thin stems above grey-green leaves. Prefers a well drained soil.				
<i>Potentilla recta</i> 'Warrenii'	Black/ Taupe 1L Black/ Taupe 2L	Yellow	45cm	
This low growing potentilla is perfect for the front of the border. It produces sprays of canary yellow flowers above strawberry like foliage.				
<i>Potentilla thurberi</i> 'Monarch's Velvet'	Black/ Taupe 1L Black/ Taupe 2L	Red	60 - 75cm	
A prolific production of velvety red flowers with a dark centre throughout summer. This is one of the best herbaceous potentillas				
<i>Primula beesiana</i>	Black/ Taupe 1L	Pink	10 - 50cm	✓
A beautiful candelabra Primula with tiers of purple-red flowers growing on upright stems. The leaves are crinkly and textured. Loves a lightly shaded damp, sheltered spot, ideal in a woodland border, or pond side planting.				

Plant	Pot Size	Flower	Height	AGM
<i>Primula bulleyanna</i>	Black/ Taupe 1L	Orange	60cms	✓
A clump forming perennial whose flowers are borne in tiered clusters which rise above the basal rosettes of broadly oval leaves in late spring or summer. Candelabra primroses look most effective when grouped together in a bog garden or waterside location.				
<i>Primula denticulata</i> 'Alba'	Black/ Taupe 1L Black/ Taupe 2L	White	10 - 20 cm	
Commonly known as the Drumstick primula. Pure white flowers with bright yellow centres held proudly above a rosette of mid-green foliage. Flowers appear early in spring. Looks good in a pot or container.				
<i>Primula denticulata</i> 'Lilac'	Black/ Taupe 1L Black/ Taupe 2L	Purple	10 - 20 cm	
Commonly known as the Drumstick primula. Spheres of bright lilac flowers held proudly above a rosette of mid-green foliage. Flowers appear early in spring. Look good in pots or containers.				
<i>Primula denticulata</i> 'Ruby'	Black/ Taupe 1L Black/ Taupe 2L	Red	10 - 20cm	
Commonly known as the Drumstick primula. Bright ruby-red flowers held proudly above mid-green foliage in early spring. Look good in pots or containers				
<i>Pulmonaria</i> 'Sissinghurst White'	Black/ Taupe 2L	White	Height 30cm (12inch)	✓
An excellent groundcover plant with attractive foliage and early flowers. It has silver spotted green leaves above which are held pure white flowers.				
<i>Pulmonaria angustifolia</i> 'Blue Ensign'	Black/ Taupe 2L	Blue	30 - 40cm	✓
This is an early spring flowering plant, ideal for the front of a border. Masses of clear deep blue flowers above dark green foliage. Good ground cover in a shady location.				
<i>Pulmonaria saccharata</i> 'Mrs Moon'	Black/ Taupe 2L	Pink Blue	25 - 30cm	
The leaves of this pulmonaria are mid-green and marbled with white spots. In spring it produces small bluish-pink flowers. It is an excellent ground cover plant for moist shady spot.				
<i>Pulsatilla vulgaris</i> var <i>rubra</i>	Black/ Taupe 1L	Red	15 - 20 cm	
This early spring plant has delicate foliage and elegant bell-shaped flowers with luminous yellow stamens. This variety produces flowers in shades of cerise. Once in the garden they will last for years and also show their enchanting hairy, feathery seed				
<i>Pulsatilla vulgaris</i> 'Pearl Bells'	Black/ Taupe 1L	Pink	30cm	
A low growing plant with crocus like flowers of the softest pink which are covered in soft down. After flowering the attractive seed heads are feathery tufts.

R

Rhodanthemum 'Moondance'

Black/ Taupe 1L	Pink White	30cm	
--------------------	---------------	------	--

This mound-forming, woody-based, perennial is great for the edge of a border. It has soft hairy, finely divided, grey-green leaves. In spring to early summer erect stems bearing daisy-like, pale pink flowers are produced. These fade to white with age.

Rhodanthemum 'Pretty in Pink'

Black/ Taupe 1L	Pink	20 cms	
--------------------	------	--------	--

A mound forming evergreen with soft hairy finely divided grey green leaves and upright wiry stems bearing deep pink daisy like flowers which have a dark orange/brown central discs.

Rodgersia pinnata 'Chocolate Wing'

Black/ Taupe 2L	Pink	90cm	
--------------------	------	------	--

Perfect for a moist border. It has bold, divided leaves that form an exotic-looking clump. The leaves start bronze in spring changing to dark green as the season progresses. Big plumes of deep-pink flowers are produced in early summer.

Rudbeckia 'Chocolate SmileyZ'

Black/ Taupe 2L	Orange Brown	60cms	
--------------------	-----------------	-------	--

This Rudbeckia boasts large blooms of broad dark chocolate brown centres and vivid orange tips. Flowers sit upon very strong stems and are excellent as cut flowers. The season is from June through to November

Rudbeckia 'Giggling SmileyZ'

Black/ Taupe 2L	Yellow	45-60 cms	
--------------------	--------	--------------	--

This cross between a Rudbeckia and an Echinacea is vigorous and fast growing with a very long flowering season. It has large double butter yellow with mahogany flowers attached to dark chocolate cones which are borne on strong stems.

Rudbeckia 'Kissing SmileyZ'

Black/ Taupe 2L	Red	60cms	
--------------------	-----	-------	--

A compact self supporting plant bearing wonderful burgundy flowers with yellow tips. Suitable for middle of the border or also look great in containers. Has an extensive flowering season from June through November.

Rudbeckia 'Little Gold Star'

Green 2L	Yellow	50cm	
----------	--------	------	--

A recent introduction, this is a compact variety which flowers in abundance. The yellow daisy-like flowers sit on top of stout branching stems above mounds of lush green foliage.

Rudbeckia 'Tiger SmileyZ'

Black/ Taupe 2L	Red Brown	60cms	
--------------------	--------------	-------	--

This Rudbeckia has masses of large flowers with red/brown petals and golden tips around a dark cone. Enjoys a sunny location with free draining soil and dislikes wet heavy clay conditions during the winter.

Rudbeckia var sullivantii 'Goldsturm'

Black/ Taupe 1L Black/ Taupe 2L	Yellow	70 - 90cm	✓
--	--------	--------------	---

This is a pretty late summer flowering perennial, with startling bronze flowers that glow in the late autumn sunshine. A must have plant for every garden!

S
