About Mires Beck Nursery

Mires Beck Nursery is a registered charity providing horticultural training and real work experience for adults who have a learning difficulty or disability.

It has been in operation since 1994 and has expanded greatly since then. There are now more than 90 people attending the nursery each week, who are involved in a wide range of activities.

The nursery specialises in cottage garden perennials, wildflowers of Yorkshire Provenance and a wide range of herbs. These are sold both on site and supplied to various garden centres in the region.

The Friends of Mires Beck was established to support, stimulate interest in, and help achieve the aims of the nursery. All monies raised further the work of the nursery by funding both large and small projects.
